Classroom of the Elite (Light Novel) Vol. 10 Syougo

Kinugasa,Tomoseshunsaku,2022-02-17 It's spring, and for the first time in the school's history, no one has been expelled after the third semester exams. As a result, the Advanced Nurturing High School sets a cruel test--each class must choose one of their own members to be expelled. Chaos consumes the first-years as Hirata tries and fails to keep the class from turning on each other, Ichinose strikes a costly bargain with Nagumo, and Ryuen's classmates seem ready to throw him to the wolves. Can Class C make it out of this unscathed--or will they be undone by traitors within?

With each class's elected commander facing expulsion if they lose, Ayanokouji volunteers for the role to quell his classmates' suspicion about the events of the last exam. And with Sakayanagi captaining Class A, making this the right place and right time for their long-anticipated personal showdown--he might just need that Protection Point before too long.

Proto-Japanese Bjarke Frellesvig,John Whitman,2008 Proto-Japanese is the reconstructed language stage from which all later varieties of Japanese, including Ryukyuan, descend. It has been studied both as an end in itself (as the genetic code of the Japanese language) and as part of endeavors to clarify the genetic affiliation of Japanese. Based on the state of the field, especially as represented in Samuel E. Martin's seminal work *The Japanese Language Through Time* (1987), this volume singles out key areas in the reconstruction of proto-Japanese where salient progress has been or promises to be made since Martin. Contributions were invited from scholars working on the following areas: segmental phonology, use of dialect evidence, accent, morphology, and syntax. While the book first of all presents new research which advances our understanding of proto-Japanese, it also gives an overview over the state of the art in the field and its main issues.

Classroom of the Elite (Light Novel) Vol. 3 Syougo Kinugasa,2019-07-18
Having survived their final exams, Ayanokoji and the others are looking forward to an idyllic school-sponsored summer vacation aboard a cruise ship. But nothing is ever quite as it seems with the Tokyo Advanced Nurturing High School, and the cruise turns out to be the cover for a series of special tests! What grueling new challenges await them out at sea?!

Classroom of the Elite: Year 2 (Light Novel) Vol. 1 Syougo Kinugasa,Tomoseshunsaku,2022-06-09 As Ayanokouji and his classmates begin their second year at the Advanced Nurturing High School, they're greeted by a fresh gauntlet of exams and a fresh batch of rather unique first-year students. They'll have to get to know each other quickly, because the first special exam pairs the first-years with the second-years on a written test--with only the second-years facing expulsion if their team performs poorly! Worse yet? It seems one of the new first-years is also from the White Room. Can Ayanokouji avoid expulsion while sussing out the identity of this hidden foe?

Japanese Battleships 1897-1945 R A Burt,2015-06-26 This photographic archive contains some 125 stunning images of the battleships of the Imperial Japanese Navy, many unfamiliar, some very rare. They constitute an archive that is pretty much without equal in publications in the West. The period covered is from the launch of Japan's first real contemporary battleship, Yashima, built by Armstrong's on the Tyne, up the final destruction of her fleet in the Pacific in 1945. During that time Japan built up the third largest navy in the world and, before the First World War, it was Britain that armed her at sea. All her dreadnoughts saw action the the Second World War, and of all these numerous ships only Nagato survived the conflict. She was to become a target in the Bikini A-bomb tests in 1946 Just as the ships were lost, so were the majority of photographic records, and relatively few images have come down to us. This selection from R A Burt's archive, represents therefore a remarkable portrayal of these ships, and the large format of the book combined with the quality of many of the images ensures that it offers the reader maximum detail and visual impact. Extended captions and ship specifications enhance its reference value and it is destined to become a 'must-have' volume for enthusiasts and modellers and for all those with an interest in the Second World.

Classroom of the Elite: Year 2 (Light Novel) Vol. 4 Syougo Kinugasa,Tomoseshunsaku,2022-12-29 Tensions are high as the students of the Advanced Nurturing High School enter the second week of this special exam taking place on an uninhabited island. Students from all grades are getting ready to make their final moves, and so is Acting Principal Tsukishiro. Who will come out on top? And who will be packing their bags to leave the island--and the school?
