Ten meters tall and armed with devastating weapons, it is an unstoppable engine of destruction. In the 31st century, the Clans are the ultimate warriors. The result of generations of controlled breeding, Clan Warriors pilot their BattleMechs like no others. In the 31st century, Aidan aspires to be a Warrior of Clan Jade Falcon. BLOODNAME Truebirth: Born in the laboratory, these genetically engineered soldiers train to be the ultimate warriors. They are the elite pilots of the Clan's fearsome BattleMech war machines.

Freebirth: Born of the natural union of parents, these too are soldiers, but pale imitations of their Truebirth superiors. He is cast out. Disgraced. But with a Bloodname, all past failures are forgiven. With a Bloodname comes respect. With a Bloodname comes honor. Aidan will do anything to gain that name. Even masquerade as the thing he

has been taught to despise. A freebirth... FALCON GUARD In 2786, the elite Star League Defense Force fled the Inner Sphere, abandoning the senseless bloodshed ordered by the Successor Lords. Now, almost three hundred years later, the Clans, heirs of the SLDF, turn their eyes back upon their former home. Nothing will stop them from raising the Star League banner over Earth once again. For two years, the Clans' BattleMech war machines have overwhelmed the armies of the corrupt Successor Lords. Now, on the doorstep of Terra, the Clans must fight one final battle, a battle that will decide the fate of humanity for all time. For Star Colonel Aidan Pryde of Clan Jade Falcon, the battle is more than a question of military conquest. But amid the chaos and carnage of battle, he is about to be tested in a way he never thought possible...by a person he has never even met...

BattleTech: Fire for Effect (BattleCorps Anthology Volume 4) Jason Schmetzer, 2019-07-19 LOYALTY. VALOR. DESPAIR. JIHAD. A massive invasion fleet is destroyed almost to a man. Legions of soldiers, confident of victory, are cut down before they even reach the ground. Those that do make landfall are bombarded and shattered and rained with nuclear fire. Elsewhere, veterans long retired from combat are called back to duty by desperate times. Explorers comb unknown worlds for

hints to explain deadly evils. Seventeen stories of combat, honor, betrayal and death fill the pages of Fire for Effect: BattleCorps Anthology Volume 4. Savvy readers will recognize now-familiar names in BattleTech lore among the authors: Steven Mohan, Jr., Kevin Killiany, Phaedra Weldon, Jason Schmetzer, Jason Hardy and Herbert Beas. These writers have shaped the direction of the BattleTech universe. In 2007, with these stories, they took the fictional storylines of the BattleTech universe to new and violent heights. Worlds rose and fell, and empires toppled. Armies of BattleMechs and fleets of WarShips fought and perished. And beneath all of it, the spidery tendrils of the Word of Blake sowed mistrust and conflict in every realm...

How to Leave Hialeah Jennine Capó Crucet, 2009-09 United in their fierce sense of place and infused with the fading echoes of a lost homeland, the stories in Jennine Capó Crucet's striking debut

collection do for Miami what Edward P. Jones does for Washington, D.C., and what James Joyce did for Dublin: they expand our ideas and our expectations of the city by exposing its tough but vulnerable underbelly. Crucet's writing has been shaped by the people and landscapes of South Florida and by the stories of Cuba told by her parents and abuelos. Her own stories are informed by her experiences as a Cuban American woman living within and without her community, ready to leave and ready to return, "ready to mourn everything." Coming to us from the predominantly Hispanic working-class neighborhoods of Hialeah, the voices of this steamy section of Miami shout out to us from rowdy all-night funerals and kitchens full of plátanos and croquetas and lechón ribs, from domino tables and cigar factories, glitter-purple Buicks and handed-down Mom Rides, private homes of santeras and fights on front lawns. Calling to us from crowded expressways and canals underneath abandoned overpasses shading a city's secrets, these voices are the heart of Miami, and in this award-winning collection Jennine Capó Crucet makes them sing.

BattleTech Legends: The Blood of Kerensky Trilogy Michael A. Stackpole, 2021-08-19 THREE COMPLETE BATTLETECH NOVELS FEATURING THE DEADLIEST FOE TO EVER INVADE THE INNER SPHERE...THE CLANS! In the late 28th century, the Star League collapsed, and the Five Successor States were born. For the last three hundred years, these mortal enemies have fought over space, land, and politics, but now a new threat looms just outside the Inner Sphere. The descendants of an old Star League general—the Clans—have returned from their long-ago exile to take what they believe is rightly theirs. They have been bred into the best military force humanity has ever seen. The Clans have come to conquer, and the Successor States must put aside their differences—or face total destruction. LETHAL HERITAGE Two decades after the events that nearly brought the Successor States to the brink of all-out war, the Great Houses exist in an uneasy peace. But from out beyond the Periphery comes a new threat. A swift-moving military force of unknown origin, piloting BattleMechs unlike any seen before. Their power, speed, and ferocity are unparalleled. Nothing the Inner Sphere has can stop them. Some of the finest warriors and ablest units have challenged them and been crushed. No force has faced them and won. They are the Clans! A military juggernaut whose sole reason for existence is battle. A race that selectively breeds itself for combat. Humanity's only hope is an alliance of mortal enemies. The Federated Commonwealth and the Draconis Combine, interstellar empires at war for 300 years, must now stand side-by-side—or face certain annihilation. BLOOD LEGACY Since appearing in the Inner Sphere, the frenzied Clans have overwhelmed every planet they've invaded, brutally crushing

any opposing force. Nothing the Great Houses have can stop them. Humanity's only hope—an alliance of mortal enemies—may be doomed. The Clan invaders have chosen their next objective—Luthien, capital of the Draconis Combine. House Kurita must now fight for survival on its homeworld. Hanse Davion is presented with a situation undreamed of...the final defeat of the Dragon itself. Should he attack his distracted foe and destroy the enemy his family has battled for over 300 years? Or should he reinforce a fellow House of the Inner Sphere against a force that Davion and the Federated Commonwealth might not otherwise defeat when their time comes? And even if the Houses should somehow agree to stand together against the Clan menace, another just as dangerous threat lurks within their midst. ComStar, the semi-mystic sect that controls interstellar communication, schemes to hurl House Davion, House Kurita, and the Clans into a devastating war that will leave ComStar in a position to dominate the Inner Sphere... LOST DESTINY Invaders from beyond the Periphery, the Clans have beaten the forces of the Inner Sphere repeatedly. Now the Clans are driving toward their ultimate objective—Terra, cradle of humankind, and hub of the ComStar communications network. Nothing the Inner Sphere has can stop them. Entire regiments of BattleMechs lie smashed in their wake. The heir to the throne of the Draconis Combine is missing. Rasalhague is overrun. The Clans are sweeping toward the center of the known universe in a relentless tide. Humanity's only hope is the Inner Sphere's most powerful traitor. ComStar betrayed the Inner Sphere by aiding the Clans in their conquests. Now the mystic sect that controls all interstellar communication must face the Clan hordes—alone. And a mysterious, elderly warrior—along with the untested warriors of ComStar—is the Inner Sphere's last defense against total defeat.

BattleTech: Slack Tide Jason Schmetzer, Philip A. Lee, 2020-02-21 PEACE MAY SELL...BUT WHAT IF NO ONE'S BUYING? On 21 May 3052, the seemingly unstoppable military juggernaut of the invading Clans was defeated in a pitched campaign on the quiet world of Tukayyid. This astonishing victory bought the weary armies of the Inner Sphere a fifteen-year stay before the invasion can resume. But despite the truce, the fire driving the Clans' centuries-long quest to conquer Terra, the birthplace of humankind, and rebuild Inner Sphere civilization in their warmongering image has not been extinguished. Conflict still rages above the truce line, and the Clans are biding their time until the tide of war can surge up and flood the Inner Sphere once more. *Slack Tide* collects nine stories that chronicle the life-and-death struggles still being waged in the wake of Tukayyid's so-called peace. Fan-favorite authors such as Jason Hansa, Philip A. Lee, and Craig A. Reed, Jr. spin tales of undercover operatives seeking to gain the secrets of Clan BattleMech technology, Inner Sphere MechWarriors attempting dangerous escapes from Clan-controlled planets, and mercenaries fighting to protect the only things that truly matter to them—their selves and their loved ones.

The Clans' invasion may have been temporarily halted, but the true battles for the future of the Inner Sphere have only just begun...
