Japanese Studies of Modern China since 1953 Noriko Kamachi, John K. Fairbank, Chūzō Ichiko, 2020-03-17 A comprehensive bibliographical guide to Japanese research published between 1953 and 1969 on the topic of Modern China in the nineteenth and twentieth centuries.

Otogi and Literature Teiji Ichiko, 1963*

Literature After Fukushima Linda Flores, Barbara Geilhorn, 2023-03-28 Literature after Fukushima examines how aesthetic representation contributes to a critical understanding of the 3.11 triple disaster - the Great East Japan earthquake, tsunami, and multiple meltdowns at the Fukushima Daiichi Nuclear Power Plant. Through an examination of key works in the expanding corpus of 3.11 literature the book explores how the disaster—both its immediate aftereffects and its continued unfolding—reframed discourse in various areas such as trauma studies, eco-criticism, regional identity, food safety, civil society, and beyond. Individual chapters discuss aspects of these perspectival shifts, tracing the reshaping of Japanese identity after the triple disaster. The cultural productions explored offer a glimpse into the public imaginary and demonstrate how disasters can fundamentally redefine our individual and shared conception of both history and the present moment. Literature after Fukushima is the first English-language book to provide an in-depth analysis of such a wide range of representative post-3.11 literature and its social ramifications. Contributing to a more comprehensive understanding of the post-disaster climate of Japanese society and adding new perspectives through literary analysis, this book will be of interest to scholars and students of Japanese and Asian Studies, Literary Studies, Environmental Humanities, as well as Cultural and Transcultural Studies.

Japanese Studies of Modern China Since 1953 Noriko Kamachi, John King Fairbank, Chuzo Ichiko, 1975 The present volume is a supplement, equal in size and scope, to the volume published in 1955, Japanese Studies of Modern China. It includes summaries and critical evaluations of more than one thousand books and articles and comprehensive general and special character indices to establish the correct readings of the names of Japanese authors.

Geisha Liza Criehtfield Dalby, Liza Dalby, 1983-01-01 The author, an American anthropologist, describes her experiences during the year she spent as a Japanese geisha, and looks at the role of women, and geishas, in modern Japan

Gender Across Languages Marlis Hellinger, Hadumod Bußmann, 2003-04-10 This is the third of a three-volume comprehensive reference work on "Gender across Languages", which provides systematic descriptions of various categories of gender (grammatical, lexical, referential, social) in 30 languages of diverse genetic, typological and socio-cultural backgrounds. Among the issues discussed for each language are the following: What are the structural properties of the language that have an impact on the relations between language and gender? What are the consequences for areas such as agreement, pronominalisation and word-formation? How is specification of and abstraction from (referential) gender achieved in a language? Is empirical evidence available for the assumption that masculine/male expressions are interpreted as generics? Can tendencies of variation and change be observed, and have alternatives been proposed for a more equal linguistic treatment of women and men? This volume (and the previous two volumes) will provide the much-needed basis for explicitly comparative analyses of gender across languages. All chapters are original contributions and follow a common general outline developed by the editors. The book contains rich bibliographical and indexical material. Languages of Volume 3: Czech, Danish, French, German, Greek, Japanese, Oriya, Polish, Serbian, Swahili and Swedish.

Transpacific Field of Dreams Sayuri Guthrie-Shimizu,2012 Baseball has joined America and Japan, even in times of strife, for over 150 years. After the opening of Japan by Commodore Perry, Sayuri Guthrie-Shimizu explains, baseball was introduced there by American employees of the Japanese government tasked wit

The Meaning of Ichiro Robert Whiting,2009-09-26 Matsui... Nomo... Sasaki... Ichiro... the so-called American National Pastime has developed a decidedly Japanese flair. Indeed, in this year's All-Star game, two of the starting American League outfielders were from Japan. And for the third straight year, Ichiro - the fleet-footed Seattle Mariner - received more votes for the All-Star game than any other player in the game today. Some 15 years ago, in the bestseller You Gotta Have Wa, Robert Whiting examined how former American major league ballplayers tried to cope with a different culture while playing pro ball in Japan. Now, Whiting reverses his field and reveals how select Japanese stars have come across the Pacific to play in the big leagues. Not only have they had to deal with the American way of life, but they have individually changed the game in dramatic fashion.

Amid the Crowd of Stars Stephen Leigh,2022-02-15 Now in paperback, this innovative sci-fi novel explores the potential impact of alien infection on humankind as they traverse the stars and find themselves stranded on new and strange planets. Amid the Crowd of Stars is a grand scale science fiction novel examining the ethical implications of interstellar travel, a topic rarely addressed in science fiction novels. What responsibilities do we have to isolate ourselves from the bacteria, viruses, and other life of another world, and to prevent any of that alien biome from being brought back to Earth? What happens when a group of humans are stranded for centuries on another world with no choice but to expose themselves to that world? After such long exposure, are they still Homo sapiens or have they become another species entirely? These questions are at the heart of this intriguing novel, explored through the complicated lives and the viewpoints of the people who have come to rescue the stranded colony, the members of that colony, and the sentient alien life that dwells on the planet. Difficult life and death choices will be made by all involved.
