Forgotten Reflections Young-Im Lee, 2017-06-12 DARE TO DREAM IN THE MIDST OF WAR. 1945. Rice fields seem endless in a quaint farming village of South Korea, yet Iseul and the villagers have been on the verge of starvation for as long as they can remember; the last of their Japanese colonizers have taken every last grain with them. In the newly independent Korea, Iseul dreams of what her future might bring. Yet, war is on the horizon, and the boy she has fallen for is an alleged North Korean communist spy. Amidst war, Jung-Soo and Iseul embark on a comic journey of self-discovery across the mountainous peninsula, where they are aided by the occasional legendary ghost and animals. Music helps them pass the time, as does the radio and the crafty carpentry skills of Iseul who would eventually make history with her handcrafted hanji paper. Unexpected friendships are forged, love burgeons and betrayal taints their elusive dreams. In the current international climate where North Korea takes center stage, *Forgotten Reflections* ponders on what the Korean War means to South Korea, spanning three generations as the nation rises from the ashes.

Embodied Reckonings Elizabeth Son, 2018-02-16 *Embodied Reckonings* examines the political and cultural aspects of contemporary performances that have grappled with the history of the “comfort women,” the Japanese military’s euphemism for the sexual enslavement of girls and young women—mostly Korean—in the years before and during World War II. Long silent, in the early 1990s these women and their supporters initiated varied performance practices—protests, tribunals, theater, and memorial-building projects—to demand justice for those affected by state-sponsored acts of violence. The book provides a critical framework for understanding how actions designed to bring about redress can move from the political and legal aspects of this concept to its cultural and social possibilities. Based on extensive archival and ethnographic research, the study argues for the central role of performance in how Korean survivors, activists, and artists have redressed the histories—and erasures—of this sexual violence. Merging cultural studies and performance theory with a transnational, feminist analysis, the book illuminates the actions of ordinary people, thus offering ways of reconceptualizing legal and political understandings of redress that tend to concentrate on institutionalized forms of state-based remediation.

The Bridge at No Gun Ri Charles J. Hanley, Sang-hun Choe, Martha Mendoza, 2001-09-06 Offers an account of the massacre of Korean civilians by American soldiers during the early days of the Korean War and explores the human story behind the tragedy.

Kim Jiyoung, Born 1982: A Novel Cho Nam-joo, 2020-04-14 A New York Times Editors Choice Selection A global sensation, Kim Jiyoung, Born 1982 “has become...a touchstone for a conversation around feminism and gender” (Sarah Shin, *Guardian*). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, Kim Jiyoung, Born 1982 follows one woman’s psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of Seoul, millennial “everywoman” Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls’ outfits to male coworkers who installed hidden cameras in women’s restrooms. But can her psychiatrist cure her, or even discover what truly ails her? “A social treatise as well as a work of art” (Alexandra Alter, *New York Times*), Kim Jiyoung, Born 1982 heralds the arrival of international powerhouse Cho Nam-joo.

Boys’ Love, Cosplay, and Androgynous Idols Maud Lavin, Ling Yang, Jing Jamie Zhao, 2017-06-01 Chinese-speaking popular cultures have never been so queer in this digital, globalist age. The title of this pioneering volume, *Boys’ Love, Cosplay, and Androgynous Idols: Queer Fan Cultures in Mainland China, Hong Kong, and Taiwan* already gives an idea of the colorful, multifaceted realms the fans inhabit today. Contributors to this collection situate the proliferation of (often online) queer representations, productions, fantasies, and desires as a reaction against the norms in discourses surrounding nation-states, linguistics, geopolitics, genders, and sexualities. Moving beyond the easy polarities between general resistance and capitulation, *Queer Fan Cultures* explores the fans’ diverse strategies in negotiating with cultural strictures and media censorship. It further outlines the performance of subjectivity, identity, and agency that cyberspace offers to female fans. Presenting a wide array of concrete case studies of queer fandoms in Chinese-speaking contexts, the essays in this volume challenge long-established Western-centric and Japanese-focused fan scholarship by highlighting the significance and specificities of Sinophone queer fan cultures and practices in a globalized world. The geographic organization of the chapters illuminates cultural differences and the other competing forces shaping geocultural intersections among fandoms based in Mainland China, Hong Kong, and Taiwan. “This important collection complicates our understanding of fan practices, showing how national and regional factors play an important role in how media texts and identities are understood. It also shows how the Chinese-speaking world is home to dense and often conflicting modes of audience reception of cultural texts deriving from Sinophone, Japanese, and Western contexts.” —Mark McLelland, University of Wollongong “An exciting anthology by a talented group of emergent scholars whose vibrant studies offer fresh insights on the diverse practices and transregional flows of queer fandom in the Chinese-speaking world. Local in its specificity and transnational in its scope, this book highlights the creativity of queer fan practices while critically locating them within the political and social structures that produce them.” —Helen Hok-Sze Leung, Simon Fraser University

Our Happy Time Gong Ji-young, 2014-07-01 Already a wildly popular bestseller in South Korea, this gripping and passionate debut novel is a death row love story of crime, punishment, and forgiveness—vividly told by the exquisitely talented Gong Ji-young. Yu-Jung, beautiful, wealthy, and bright, is lying in her hospital bed, recovering from her third suicide attempt, when she receives a life-changing visit. Her no-nonsense aunt, a nun, appears by her side and suggests Yu-Jung accompany her on a charitable visit to death row. At her lowest ebb, Yu-Jung is resistant. But something compels her to go to the prison. There she meets Yun-Soo, a convicted murderer who will soon be put to death. Though she is repulsed by his crimes, something about the depth of his suffering strikes a chord in her. Shaken by their encounter, she returns to visit him the next week. And the next... Through their weekly, hour-long meetings, Yu-Jung and Yun-Soo slowly reveal to each other the dark secrets of their pasts and the hidden traumas that have shaped their lives. In doing so they form a deep, unbreakable bond, helping one another overcome their demons. But Yun-Soo’s hands are always in cuffs, the prison officers are always in the background, and they can never lose sight of the fact that their happy time together is tragically brief. Gracefully poetic and ideal for fans of Kyung-Sook Shin’s *Please Look After Mother*, *Our Happy Time* is a passionate and heartbreaking love story as well as an important, hard-hitting, and compassionate fable.

Sufism Deepshikha Shahi, 2020-06-22 In an effort to attain a ‘global’ character, the contemporary academic discipline of International Relations (IR) increasingly seeks to surpass its Eurocentric limits, thereby opening up pathways to incorporate non-Eurocentric worldviews. Lately, many of the non-Eurocentric worldviews have emerged which either engender a ‘derivative’ discourse of the same Eurocentric IR theories, or construct an ‘exceptionalist’ discourse which is particularly applicable to the narrow experiential realities of a native time-space zone: as such, they fall short of the ambition to produce a genuinely ‘non-derivative’ and ‘non-exceptionalist’ Global IR theory. Against this backdrop, *Sufism: A Theoretical Intervention* in

Global International Relations performs a multidisciplinary research to explore how ‘Sufism’ – as an established non-Western philosophy with a remarkable temporal-spatial spread across the globe – facilitates a creative intervention in the theoretical understanding of Global IR.

Going beyond Parochialism and Fragmentation in the Study of International Relations Yong-Soo Eun,2020-02-19 International Relations (IR), as a discipline, is a western dominated enterprise. This has led to calls to broaden the scope and vision of the discipline by embracing a wider range of histories, experiences, and theoretical perspectives – particularly those outside the Anglo-American core of the West. The ongoing ‘broadening IR projects’ – be they ‘non-Western IR’, ‘post-Western IR’, or ‘Global IR’ – are making contributions in this regard. However, some careful thinking is needed here in that these attempts could also lead to a national or regional ‘inwardness’ that works to reproduce the very parochialism that is being challenged. The main intellectual concerns of this edited volume are problematising Western parochialism in IR; giving theoretical and epistemological substance to pluralism in the field of IR based on both Western and non-Western thoughts and experiences; and working out ways to move the discipline of IR one step closer to a dialogic community. A key issue that cuts across all contributions in the volume is to go beyond both parochialism and fragmentation in international studies. In order to address the manifold and contested implications of pluralism in in the field of IR, the volume draws on the wealth of experience and research of prominent and emerging IR scholars whose contributions make up the work, with a mixture of theoretical analysis and case studies. This book will appeal to scholars and students interested in Global IR and promoting dialogue in a pluralist IR.

Soft Computing in Artificial Intelligence Young Im Cho,Eric T. Matson,2014-07-08 This book explores the concept of artificial intelligence based on knowledge-based algorithms. Given the current hardware and software technologies and artificial intelligence theories, we can think of how efficient to provide a solution, how best to implement a model and how successful to achieve it. This edition provides readers with the most recent progress and novel solutions in artificial intelligence. This book aims at presenting the research results and solutions of applications in relevance with artificial intelligence technologies. We propose to researchers and practitioners some methods to advance the intelligent systems and apply artificial intelligence to specific or general purpose. This book consists of 13 contributions that feature fuzzy (r, s)-minimal pre- and β -open sets, handling big cooccurrence matrices, Xie-Beni-type fuzzy cluster validation, fuzzy c-regression models, combination of genetic algorithm and ant colony optimization, building expert system, fuzzy logic and neural network, individual role adaptation for team sports, application of polynomial neural networks, recursive neuro-fuzzy algorithm for water management, application of interactive genetic algorithm, and Artificial Neural Network (ANN) model. This edition is published in original, peer reviewed contributions covering from initial design to final prototypes and verification.

Korean "Comfort Women" Pyong Gap Min,2021-03-26 Arguably the most brutal crime committed by the Japanese military during the Asia-Pacific war was the forced mobilization of 50,000 to 200,000 Asian women to military brothels to sexually serve Japanese soldiers. The majority of these women died, unable to survive the ordeal. Those survivors who came back home kept silent about their brutal experiences for about fifty years. In the late 1980s, the women’s movement in South Korea helped start the redress movement for the victims, encouraging many survivors to come forward to tell what happened to them. With these testimonies, the redress movement gained strong support from the UN, the United States, and other Western countries. Korean “Comfort Women” synthesizes the previous major findings about Japanese military sexual slavery and legal recommendations, and provides new findings about the issues “comfort women” faced for an English-language audience. It also examines the transnational redress movement, revealing that the Japanese government has tried to conceal the crime of sexual slavery and to resolve the women’s human rights issue with diplomacy and economic power.
