

Imperial

Meirion Harries

Imperial William T. Vollmann,2009-07-30 From the author of *Europe Central*, winner of the National Book Award, a journalistic tour de force along the Mexican-American border – a finalist for the National Book Critics Circle Award For generations of migrant workers, Imperial Country has held the promise of paradise and the reality of hell. It sprawls across a stirring accidental sea, across the deserts, date groves and labor camps of Southeastern California, right across the border into Mexico. In this eye-opening book, William T. Vollmann takes us deep into the heart of this haunted region, exploring polluted rivers and guarded factories and talking with everyone from Mexican migrant workers to border patrolmen. Teeming with patterns, facts, stories, people and hope, this is an epic study of an emblematic region.

Imperial Metropolis Jessica M. Kim,2019-08-09 In this compelling narrative of capitalist development and revolutionary response, Jessica M. Kim reexamines the rise of Los Angeles from a small town to a global city against the backdrop of the U.S.-Mexico borderlands, Gilded Age economics, and American empire. It is a far-reaching transnational history, chronicling how Los Angeles boosters transformed the borderlands through urban and imperial capitalism at the end of the nineteenth century and how the Mexican Revolution redefined those same capitalist networks into the twentieth. Kim draws on archives in the United States and Mexico to argue that financial networks emerging from Los Angeles drove economic transformations in the borderlands, reshaped social relations across wide swaths of territory, and deployed racial hierarchies to advance investment projects across the border. However, the Mexican Revolution, with its implicit critique of imperialism, disrupted the networks of investment and exploitation that had structured the borderlands for sixty years, and reconfigured transnational systems of infrastructure and trade. Kim provides the first history to connect Los Angeles's urban expansionism with more continental and global currents, and what results is a rich account of real and imagined geographies of city, race, and empire.

Imperial Spy Mark Robson,2012-10-25 When Femke is entrusted with a vital foreign mission for the Emperor, the resourceful young spy assumes it will be a straightforward task. But nothing is simple when your enemies are one step ahead of you. Framed for two murders while visiting the neighbouring King's court, Femke finds herself isolated in a hostile country. As the authorities hunt her down for the murders, her arch-enemy, Shalidar, is closing in for his revenge . . .

Imperial Liquor Amaud Johnson,2020-03-16 Finalist, 2020 National Book Critics Circle Award Finalist, 2021 Rilke Prize *Imperial Liquor* is a chronicle of melancholy, a reaction to the monotony of racism. These poems concern loneliness, fear, fatigue, rage, and love; they hold fatherhood held against the vulnerability of the black male body, aging, and urban decay. Part remembrance, part swan song for the Compton, California of the 1980s, Johnson examines the limitations of romance to heal broken relationships or rebuild a broken city. Slow Jams, red-lit rooms, cheap liquor, like seduction and betrayal—what’s more American? This book tracks echoes, rides the residue of music “after the love is gone.”

The Imperial Republic James Champlin Fernald,1899

Imperial Splendor Jeffrey F. Hamburger,Joshua O'Driscoll,2021 A highly-illustrated history and survey of centers of book production and use within the Holy Roman Empire over the course of seven hundred years.

Visions of Empire Krishan Kumar,2019-08-06 In this extraordinary volume, Krishan Kumar provides us with a brilliant tour of some of history's most important empires, demonstrating the critical importance of imperial ideas and ideologies for understanding their modalities of rule and the conflicts that beset them. In doing so, he interrogates the contested terrain between nationalism and empire and the legacies that empires leave behind.--Mark R. Beissinger, Princeton University This is an excellent book with original insights into the history of empires and the discourses and rhetoric of their rulers and defenders. Kumar's writing is lively and free of jargon, and his research is prodigious. He manages to bring clarity and perspective to a complex subject.--Ronald Grigor Suny, author of *They Can Live in the Desert but Nowhere Else: A History of the Armenian Genocide* A masterly piece of work.--Anthony Pagden, author of *The Burdens of Empire: 1539 to the Present*

Imperial Cities Felix Driver,David Gilbert,2003-10-17 The fifteen essays in this book explore the influence of imperialism in a range of urban centres, including London, Paris, Rome, Vienna, Marseilles, Glasgow and Seville. The first part on imperial landscapes is devoted to large-scale architectural schemes and monuments, including the Queen Victoria Memorial in London and the Vittoriano in Rome. In the second part, the focus is on imperial display throughout the city, from spectacular exhibitions and ceremonies, to more private displays of empire in suburban gardens. The final part considers the changing cultural and political identities in the imperial city, looking particularly at nationalism, masculinity and anti-imperialism.

The Limits of Empire: European Imperial Formations in Early Modern World History William Reger,2016-03-03 This volume, published in honor of historian Geoffrey Parker, explores the working of European empires in a global perspective, focusing on one of the most important themes of Parker’s work: the limits of empire, which is to say, the centrifugal forces - sacral, dynastic, military, diplomatic, geographical, informational - that plagued imperial formations in the early modern period (1500-1800). During this time of wrenching technological, demographic, climatic, and economic change, empires had to struggle with new religious movements, incipient nationalisms, new sea routes, new military technologies, and an evolving state system with complex new rules of diplomacy. Engaging with a host of current debates, the chapters in this book break away from conventional historical conceptions of empire as an essentially western phenomenon with clear demarcation lines between the colonizer and the colonized. These are replaced here by much more fluid and subtle conceptions that highlight complex interplays between coalitions of rulers and ruled. In so doing, the volume builds upon recent work that increasingly suggests that empires simply could not exist without the consent of their imperial subjects, or at least significant groups of them. This was as true for the British Raj as it was for imperial China or Russia. Whilst the thirteen chapters in this book focus on a number of geographic regions and adopt different approaches, each shares a focus on, and interest in, the working of empires and the ways that imperial formations dealt with - or failed to deal with - the challenges that beset them. Taken together, they reflect a new phase in the evolving historiography of empire. They also reflect the scholarly contributions of the dedicatee, Geoffrey Parker, whose life and work are discussed in the introductory chapters and, we’re proud to say, in a delightful chapter by Parker himself, an autobiographical reflection that closes the book.

Japan's Imperial Army Edward J. Drea,2016-05-03 Popular impressions of the imperial Japanese army still promote images of suicidal banzai charges and fanatical leaders blindly devoted to their emperor. Edward Drea looks well past those stereotypes to unfold the more complex story of how that army came to power and extended its influence at home and abroad to become one of the world's dominant fighting forces. This first comprehensive English-language history of the Japanese army traces its origins, evolution, and impact as an engine of the country's regional and global ambitions and as a catalyst for the militarization of the Japanese homeland from mid-nineteenth-century incursions through the end of World War II. Demonstrating his mastery of Japanese-language sources, Drea explains how the Japanese style of warfare, burnished by samurai legends, shaped the army, narrowed its options, influenced its decisions, and made it the institution that conquered most of Asia. He also tells how the army's intellectual foundations shifted as it reinvented itself to fulfill the changing imperatives of Japanese society-and how the army in turn decisively shaped the nation's political, social, cultural, and strategic course. Drea recounts how Japan devoted an inordinate amount of its treasury toward modernizing, professionalizing, and training its army-which grew larger, more powerful, and politically more influential with each passing decade. Along the way, it produced an efficient military schooling system, a well-organized active duty and reserve force, a professional officer corps that thought in terms of regional threat, and well-trained soldiers armed with appropriate weapons. Encompassing doctrine, strategy, weaponry, and civil-military relations, Drea's expert study also captures the dominant personalities who shaped the imperial army, from Yamagata Aritomo, an incisive geopolitical strategist, to Anami Korechika, who exhorted the troops to fight to the death during the final days of World War II. Summing up, Drea also suggests that an army that places itself above its nation's interests is doomed to failure.

An Imperial Victim Edith E. Cuthell,1912

Imperial Affects Jonna Eagle,2017-07-21 Imperial Affects is the first sustained account of American action-based cinema as melodrama. From the earliest war films through the Hollywood Western and the late-century action cinema, imperialist violence and mobility have been produced as sites of both visceral pleasure and moral virtue. Suffering and omnipotence operate as twinned affects in this context, inviting identification with an American national subject constituted as both victimized and invincible—a powerful and persistent conjunction traced here across a century of cinema.

Imperial Earth Arthur Charles Clarke,1977
The Emperor and His Chancellor John M. Headley,1983-02-24 This study examines a significant development within late medieval and early modern European government, set in the context of the tense relations between the young Emperor Charles V and his ageing chancellor Mercurino de Gattрина. It focuses upon an important transformation in the administrative reorganisation of European monarchies: the shift in the political centre of gravity from the medieval institution of the chancellery as the secretariat for all government business and authentication to a small group of secretaries, the minister of a later age, acting directly in collaboration with the prince. In the collision between the traditional judicial and administrative pre-eminence of the late medieval chancellor and the new secretaries as expeditors of the Renaissance prince's will. Charles gave his support to the latter, thus associating himself with the previous work of Ferdinand the Catholic. Against the background of this struggle with the state secretaries the imperial chancellery is analysing in its relations to the individual chancelleries of Charles V's disparate lands.

Imperial Rule Alekse? I. Miller,Alfred J. Rieber,2004-01-01 Renowned academics compare major features of imperial rule in the 19th century, reflecting a significant shift away from nationalism and toward empires in the studies of state building. The book responds to the current interest in multi-unit formations, such as the European Union and the expanded outreach of the United States. National historical narratives have systematically marginalized imperial dimensions, yet empires play an important role. This book examines the methods discerned in the creation of the Habsburg Monarchy, the Ottoman Empire, the Hohenzollern rule and Imperial Russia. It inspects the respective imperial elites in these empires, and it details the role of nations, religions and ideologies in the legitimacy of empire building, bringing the Spanish Empire into the analysis. The final part of the book focuses on modern empires, such as the German Reich. The essays suggest that empires were more adaptive and resilient to change than is commonly thought.

Soldiers of the Sun Meirion Harries,1994-07-05 Soldiers of the Sun traces the origins of the Imperial Japanese Army back to its samurai roots in the nineteenth century to tell the story of the rise and fall of this extraordinary military force. Meirion and Susie Harries have written the first full Western account of the Imperial Japanese Army. Drawing on Japanese, English, French, and American sources, the authors penetrate the lingering wartime enmity and propaganda to lay bare the true character of the Imperial Army.

The Influence of Wealth in Imperial Rome William Stearns Davis,1910
St. Louis and Empire Henry W Berger,2015-04-23 At first glance, St. Louis, Missouri, seems to have little to do with foreign relations. However, St. Louis, despite its status as an inland river city frequently relegated to the backwaters of national significance, has stood at the crossroads of international matters for much of its history. In this study, Henry W. Berger analyses St. Louis's imperial engagement from its founding in 1764 to the present day.

The Scarlet Imperial Dorothy B. Hughes,2013-06-18 DIVDIVHanded a mysterious package, a woman finds herself caught in a deadly game/divDIV Her name is not Eliza Williams. A fashionable young woman with a taste for adventurous men, she made the mistake of falling in love with Towner Clay—a New York City playboy whose international jetsetting conceals dangerous secrets. On Towner's behalf, she has spent six months pretending to be Eliza Williams, a dowdy Midtown secretary. It's dull work until the day Gavin Keane, a blue-eyed associate of Towner's, leaves her with a mysterious package. Eliza understands that protecting it is a question of life and death. When he comes to pick up the package that night, Gavin is followed, and he shoots the man to protect the parcel's secret. With blood on her carpet and a mystery on her hands, the woman who is not Eliza will have to act quickly to survive./div/div

Local States in an Imperial World Fischel Roy S. Fischel,2020-04-15 Focusing on the Deccan Sultanates of 16th- and 17th-century central India, Local States in an Imperial World promotes the idea that some polities of the time were not aspiring to be empires. Instead of the universalist and hierarchical vision typical of the language of empire, the sultanates presented another brand of state - one that prefers negotiation, flexibility and plurality of languages, religions and cultures. Building on theories of early modernity, empire, cosmopolitanism and vernaculars, Roy Fischel considers the components that shaped state and society: people, identities and idioms. He presents a frame for understanding the Deccan Sultanates as a rare case of the early modern non-imperial state, shedding light both on the region and on the imperial world surrounding it.

Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Imperial full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Imperial eBooks, including some popular titles.

FAQs About Imperial Books

What is a Imperial PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Imperial PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Imperial PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Imperial PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Imperial PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
