The Saloon Perry Duis,1999 This colorful and perceptive study presents persuasive evidence that the saloon, far from being a magnet for vice and crime, played an important role in working-class community life. Focusing on public drinking in wide open Chicago and tightly controlled Boston, Duis offers a provocative discussion of the saloon as a social institution and a locus of the struggle between middle-class notions of privacy and working-class uses of public space.

From Saloons to Steak Houses Andrew T. Huse,2020-04-14 Since its early days as a boomtown on the Florida frontier, Tampa has had a lively history rich with commerce, cuisine, and working-class communities. In *From Saloons to Steak Houses*, Andrew Huse takes readers on a journey into historic bars, theaters, gambling halls, soup kitchens, clubs, and restaurants, telling the story of Tampa's past through these fascinating social spaces—many of which can't be found in official histories. Beginning with the founding of modern Tampa in 1887 and spanning a century, Huse delves into the culture of the city and traces the struggles that have played out in public spaces. He describes temperance advocates who crusaded against saloons and breweries, cigar workers on strike who depended on soup houses for survival, and civil rights activists who staged sit-ins at lunch counters. These stories are set amid themes such as the emergence of Tampa's criminal underworld, the rise of anti-German fear during World War I, and the heady power of prosperity and tourism in the 1950s. Huse draws from local newspaper stories and firsthand accounts to show what authorities and city residents saw and believed about these establishments and the people who frequented them. This unique take on Tampa history reveals a spirited city at work and play, an important cultural hub that continues to both celebrate and come to terms with its many legacies.

The Rootes Story Vol. II – The Chrysler Years Geoff Carverhill,2023-10-24 *The Rootes Story – The Chrysler Years* focuses on the Rootes Group during the 1960s and 70s, the vehicles produced by the company, the people that created them and the events that led to Rootes selling out to Chrysler Corporation of America and eventual acquisition by the French Peugeot company. A valuable backdrop to the events is provided throughout the book by ex- Rootes employees and management. Chronicles the Rootes Group's efforts to survive as a major car and truck manufacturer in Britain's turbulent 1960s and 1970s. From a position as a respected global name in manufacturing, the Rootes Group found itself struggling to compete in a new buyers' market, in which foreign competition was starting to overtake British manufacturers. Despite the challenges that confronted them, Rootes designed and built some of the most popular cars of the period: the Hillman Minx and Super Minx, the Singer Vogue and the Humber Sceptre, and the iconic but ill-fated Hillman Imp, as well as some of the most rugged and well-purposed vans and trucks, built by Commer, Karrier and Dodge. The book highlights the competition pedigree of the Sunbeam Rapier, the Alpine, the Imp and the Ford V8-engined Tiger. Famous names such as Paddy Hopkirk, Rosemary Smith and Peter Procter all give their stories as works drivers for Rootes, while engineers at 'comps' tell the background stories of how races and rallies were won and lost. Andrew Cowan, Rootes' works rally driver and winner of the 1968 London-Sydney Marathon in a Hillman Hunter, shares his story in what was a remarkable and unexpected victory for Rootes. This complex story is told through the eyes of ex-Rootes and Chrysler personnel, giving 'from the horse's mouth' accounts of the company and its exploits. Geoff Carverhill takes you inside the boardroom, into the drawing office and on to the production line to give the reader an insider's view of Rootes, Chrysler and Peugeot.
