Timothy Zahn

Star Wars Stormtroopers Ryder Windham, Adam Bray, 2017-10-24 Foreword by John Boyega Just in time for the next blockbuster, Star Wars: The Last Jedi, this unique and beautifully designed compendium with removable features traces one of the franchise's most iconic characters—the stormtrooper—from initial development through all nine Star Wars movies to their many iterations in TV, comics, videogames, novels, and pop-culture. Star Wars: A New Hope, the very first installment in the beloved science-fiction series, introduced the Imperial stormtroopers—the army of the fearsome and tyrannical Galactic Empire. Charged with establishing Imperial authority and suppressing resistance, these terrifying, faceless, well-disciplined soldiers in white have become a universal symbol of oppression. Star Wars Stormtroopers explores these striking warriors and their evolution in depth for the first time. Ryder Windham and Adam Bray trace the roots of their creation and design, and explore how these elite troops from a galaxy far, far away have been depicted in movies, cartoons, comics, novels, and merchandizing. Filled with photographs, illustrations, story boards, and other artwork, this lavish officially licensed book comes complete with removable features, including posters, stickers, replica memorabilia and more, making it an essential keepsake for every Star Wars fan, as well as military, design, and film aficionados.

Allegiance: Star Wars Legends Timothy Zahn, 2011-06-28 Never before has the incendiary mix of action, politics, and intrigue that has become Timothy Zahn's trademark, been more evident than in this new Star Wars epic. On the heels of the stunning events chronicled in Star Wars: A New Hope, the newly minted heroes of the Rebellion—fledgling

Jedi Luke Skywalker, smuggler turned reluctant freedom-fighter Han Solo, and Princess Leia Organa, a bold leader with a world to avenge—must face the harsh realities of the cataclysmic conflict into which they have so bravely plunged. From this point forward, legends will grow, treachery will abound, and lives will be irrevocably altered, in the long, hard fight to counter the fist of tyranny and restore hope to a galaxy too long in darkness. The destruction of the Death Star by the Rebel Alliance was a decisive blow against the Empire, but Palpatine and his monstrous enforcer, Darth Vader, are no less of a threat. The brutal extermination of Alderaan not only demonstrated the magnitude of their murderous power, but served as a chilling testament to their resolve to crush the Rebel uprising. Standing against them, Skywalker, Solo, and the Princess remain uncertain opponents. Luke is gifted and brave, but unschooled in the power he possesses. Han has doubts about waging someone else's war—and his contentiousness is one more burden for Leia to bear as she struggles to help keep the Rebellion alive. The three have been sent to mediate a dispute between Rebel Alliance factions in Shelsha Sector—agitating matters by forcing Han to deal not only with pirates, but with his more dreaded enemy, politics. At the same time, Mara Jade—all of eighteen and years away from her fateful meeting with Luke—is serving her evil master, Palpatine, well in her role as the Emperor's Hand: tracking suspected treachery in the Empire to what may be high places—while trying to stay out of Darth Vader's way. But the Rebels will prove to be only one of the Empire's concerns. For Imperial Stormtrooper Daric LaRone, his faith in the Empire shaken by the wanton destruction of Alderaan, will commit a sudden and violent act of defiance, and take four other enforcers with him, in a desperate bid to elude their masters' wrath. Each of

these fateful actions, whether sanctioned, secret, or scandalous, will expose brutality and corruption, spur upheavals destined to shake the Empire to its core, and shape momentous events yet to come. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Stormtrooper Families Andrew Wackerfuss, 2015-08-18 Based on extensive archival work, Stormtrooper Families combines stormtrooper personnel records, Nazi Party autobiographies, published and unpublished memoirs, personal letters, court records, and police-surveillance records to paint a picture of the stormtrooper movement as an organic product of its local community, its web of interpersonal relationships, and its intensely emotional internal struggles. Extensive analysis of Nazi-era media across the political spectrum shows how the public debate over homosexuality proved just as important to

political outcomes as did the actual presence of homosexuals in fascist and antifascist politics. As children in the late-imperial period, the stormtroopers witnessed the first German debates over homosexuality and political life. As young adults, they verbally and physically battled over these definitions, bringing conflicts over homosexuality and masculinity into the center of Weimar Germany's most important political debates. Stormtrooper Families chronicles the stormtroopers' personal, political, and sexual struggles to explain not only how individual gay men existed within the Nazi movement but also how the public meaning of homosexuality affected fascist and antifascist politics—a public controversy still alive today.

Death Troopers: Star Wars Legends Joe Schreiber, 2011-06-28 The chilling tale of the undead in a galaxy far, far away. “This is the Star Wars of every horror fan’s dreams—gory, funny, and brimming with a blood-spattered cast of swashbucklers and space-zombies.”—Seth Grahame-Smith, author of *Pride and Prejudice and Zombies* When the Imperial prison barge Purge—temporary home to five hundred of the galaxy’s most ruthless killers, Rebels, scoundrels, and thieves—breaks down in a distant part of space,

its only hope appears to lie with a Star Destroyer found drifting and seemingly abandoned.
