📖 **SOUNDS OF INFINITY** LEE MORGAN,2019-08-05 This story about faerie began as a vision. In his newest work, Lee Morgan follows a cacophony of visions with sharp, bright edges to them that have lain claim to his heart and hands. In what is clearly a work of the heart, Lee bypasses rational intellect guiding the reader to experience the touch, scent and feel of the faerie faith through symbol and suggestion. Sounds of Infinity is divided into three parts, the work of the head, the work of the heart and the work of the hands. The second is a work of occult fiction that meditates upon the themes discussed in Part One in the form of a woven narrative. The final part is a practical grimoire that leads the reader through the door to physically manifests the vision they have shared in parts one and two. This is not just a book, but an experience, one which culminates not at the end of reading the volume but in the consummation known in the art of ritual.

📖 **INFINITY BLADE** BRANDON SANDERSON,2011-10-05 Trained from birth in swordplay and combat, a young knight named Siris has journeyed to the Dark Citadel with a single purpose: fight through the army of titans to face the tyrannical God King in one-on-one combat. This was his father’s sacred mission, and his father’s before him, going back countless generations in an effort to free their people from enslavement. But when Siris somehow succeeds where all those from his bloodline previously have failed, he finds himself cast into a much larger world, filled with warriors and thieves, ancient feuds and shifting alliances, deathless immortals and would-be kings. His quest for freedom will take him on an epic journey in search of the mythical figure known as the Worker of Secrets - the one being in the world who can unravel the secrets of the INFINITY BLADE.

📖 **CITY OF STAIRS** ROBERT JACKSON BENNETT,2014-09-09 An atmospheric and intrigue-filled novel of dead gods, buried histories, and a mysterious, protean city--from one of America’s most acclaimed young fantasy writers. The city of Bulikov once wielded the powers of the gods to conquer the world, enslaving and brutalizing millions—until its divine protectors were killed. Now Bulikov has become just another colonial outpost of the world’s new geopolitical power, but the surreal landscape of the city itself—first shaped, now shattered, by the thousands of miracles its guardians once worked upon it—stands as a constant, haunting reminder of its former supremacy. Into this broken city steps Shara Thivani. Officially, the unassuming young woman is just another junior diplomat sent by Bulikov’s oppressors. Unofficially, she is one of her country’s most accomplished spies, dispatched to catch a murderer. But as Shara pursues the killer, she starts to suspect that the beings who ruled this terrible place may not be as dead as they seem—and that Bulikov’s cruel reign may not yet be over.

Though some oppose this plan, it is made apparent who will be saved in this crisis after the jinn attacked the Dominion sealing the fates of some. As the journey proceeds with some guards and people staying behind, Baqi must undergo trials with himself, his companions, and must face the reality of their situation in order to defend the last of the humans. 📖 **CYTONIC** BRANDON SANDERSON,2021-11-23 NEW YORK TIMES BESTSELLER • The third book in an epic series about a girl who will travel beyond the stars to save the world she loves from destruction from the author of the Reckoners series, the Mistborn trilogy, and the Stormlight Archive. Spensa’s life as a defiant defense force pilot has been far from ordinary. She proved herself one of the best starfighters in the human enclave of Detritus and she saved her people from extermination at the hands of the Krell—the enigmatic alien species that has been holding them captive for decades. What’s more, she traveled light-years from home as an undercover spy to infiltrate the Superiority, where she learned of the galaxy beyond her small, desolate planet home. Now, the Superiority—the governing galactic alliance bent on dominating all human life—has started a galaxy-wide war. And Spensa’s seen the weapons they plan to use to end it: the Delvers. Ancient, mysterious alien forces that can wipe out entire planetary systems in an instant. Spensa knows that no matter how many pilots the DDF has, there is no defeating this predator. Except that Spensa is Cytonic. She faced down a Delver and saw something eerily familiar about it. And maybe, if she’s able to figure out what she is, she could be more than just another pilot in this unfolding war. She could save the galaxy. The only way she can discover what she really is, though, is to leave behind all she knows and enter the Nowhere. A place from which few ever return. To have courage means facing fear. And this mission is terrifying.
