Key components of the DBI process are explained in detail, including screening, progress monitoring, and the use and ongoing adaptation of validated interventions. The book also addresses ways to ensure successful, sustained implementation and provides application exercises and FAQs. 🔖 **DEVINE INTERVENTION** MARTHA BROCKENBROUGH,2012-09-01 There is a great legend of the guardian angel who traveled across time and space for the human girl he loved, slaying those who would threaten her with a gleaming sword made of heavenly light. This is not that story.Jerome Hancock is Heidi Devine's guardian angel. Sort of. He's more of an angel trainee, in heaven's soul-rehabilitation program for wayward teens. And he's just about to get kicked out for having too many absences and for violating too many of the Ten Commandments for the Dead.Heidi, meanwhile, is a high school junior who dreams of being an artist, but has been drafted onto her basketball team because she's taller than many a grown man. For as long as she can remember, she's heard a voice in her head - one that sings Lynyrd Skynyrd, offers up bad advice, and yet is company during those hours she feels most alone.When the unthinkable happens, these two lost souls must figure out where they went wrong and whether they can make things right before Heidi's time is up and her soul is lost forever.MARTHA BROCKENBROUGH'S debut novel is hilarious, heartbreaking, and hopeful, with a sense of humor that's wicked as hell, and writing that's just heavenly.

🔖 **INTERVIEW INTERVENTION** ANDREW LACIVITA,2012-03-15 If you are interviewing with a company, you are likely qualified for the job. Through the mere action of conducting the interview, the employer essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you actually get the job—none of which are your qualifications— and, unfortunately, you can only control one of them. Interview Intervention creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employer's ability to secure the best talent. It teaches interview participants to use effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions. Interview Intervention will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before—not after—the fact. ? Conduct research to surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.
