*Iron Wolf* Dale Brown, 2015-08-25 New York Times bestselling author Dale Brown goes beyond the headlines in this high-tech, high-tension military thriller in which a resurgent Russia enflames sectarian unrest and violence in Ukraine and Poland, setting off a stealth robotic war and escalating an international crisis. In the spring of 2017, the U.S. economy is rebounding under President Stacy Anne Barbeau, the country's first female president. But her leadership is about to be severely tested: Russian president Gennadiy Gryzlov has sent Special Troops, disguised as pro-Russian activists, into Ukraine and Moldova. Though NATO is outraged, its response is tepid. Refusing to let Russian aggression go unpunished, former U.S. president Kevin Martindale approaches Polish president Peter Wilk with a radical solution: a counterattack using a covert force of Cybernetic Infantry Device (CID): manned robots. Underwritten by the wealthy Wilk, Operation Iron Wolf is launched—without the knowledge of the Americans or its NATO partners. The CID's initial strikes are successful, infuriating Gryzlov and propelling President Barbeau to pledge western help to investigate the attack. With international tensions at the boiling point, Martindale's secret alliance, supported by the best military technology, is determined to outmaneuver the Russians. In this battle that will determine the fate of Eastern Europe, just which side will win?

*Iron Wolf's Bride* Karen Kay, I will return to you, my love... Jane Glenforest's father believed she was too young to marry, so he'd stolen her and her newborn son away from the handsome Assiniboine Indian she'd wed and taken her to Surrey, England. In spite of divorce papers and rumors he's wed another, Jane's never forgotten the man who'd stolen her heart and given her son legitimacy. When Buffalo Bill's Wild West show comes to England—bringing

her ex-husband with it—Jane's curious to see her lost love, in spite of her new fiancé. Although Iron Wolf's purpose in working for Bill Cody's Wild West show is to fulfill his father's vision to find and stop a deceiver, he fell in love with and married Jane Glenforest. But, no sooner had Jane given birth than her father stole her away. Now, a few years later, Iron Wolf is coming to England with the hope of rekindling the love he once knew with Jane. However, instead of love, he finds his wife loathes him, believing he has married another. And, when he discovers she is engaged to another man, he declares war on both her and the fiancé. But when their son is kidnapped, Jane and Iron Wolf must work together to rescue him. And, as danger escalates, they discover trusting each other might be the only way to save their son. Will Jane and Iron Wolf learn to forgive one another, to reignite the embers of a passion that never died, or will the lies of a deceiver destroy their love forever? Warning: Rediscovered love might cause sleepless nights spent in the arms of one's true love.
