Without Jenny Mark Gunther, 2018 Joy Rosenberg thinks she's the luckiest person in the world, with satisfying work, a passionate marriage, an excellent bicycle and two great kids. But when ten-year-old Jenny is killed, Joy's life is destroyed. Tortured by visions of the accident and twisted by guilt, she feels doomed to a life of unrelenting darkness.

Finding Her Strength Gunter, 2022-06-03 I was finally safe. After fleeing the evil of my old life with nothing more than a suitcase and a new identity, I retreated to the charming, small town of Sonoma, North Carolina to create a new home where I was safe to heal. But meeting the only man to ever make my heart race was not a part of the plan. Levi Jackson was everything I'd ever wanted. Kind, sensitive, and so drop-dead gorgeous I could barely think around him. His ability to make me laugh along with his ever-present smirk gave me no choice but to fall hard and fast for him. But after one phone call, the beautiful life I was building began to crumble. The malevolence of my past had caught up to me. He was here, lurking in the shadows. There will be no stopping him now that he has found me. I thought I was safe. But I was wrong...

Videogames, Identity and Digital Subjectivity Rob Gallagher, 2017-07-06 This book argues that games offer a means of coming to terms with a world that is being transformed by digital technologies. As blends of software and fiction, videogames are uniquely capable of representing and exploring the effects of digitization on day-to-day life. By modeling and incorporating new technologies (from artificial intelligence routines and data mining techniques to augmented reality interfaces), and by dramatizing the implications of these technologies for understandings of identity, nationality, sexuality, health and work, games encourage us to playfully engage with these issues in ways that traditional media cannot.

Political Parties and the State in Post-Communist Europe Petr Kopecky, 2007-10-11 It is not possible to understand the nature and functioning of post-communist political parties without understanding their relationship with the state. On the one hand, few parties in the region would be able to survive and perform without state resources as they lack strong roots within the wider society. On the other hand, the relatively weak states inherited from the communist period offer parties and elites opportunities for various forms of rent-seeking within state institutions. But how can we understand the relationship between parties and the state? How do the party-state links work in practice and do they exhibit any cross-national or cross-party variation? Are there any discernible patterns of party-state linkages among the post-communist democracies? Previously published as a special issue of The Journal of Communist Studies and Transition Politics, this volume addresses these questions. The party-state linkages are analyzed alongside three analytical dimensions: state financing of parties, their legal regulation, and party patronage within the state institutions. The contributors bring together case studies of post-communist countries, as well as cross-country comparative analysis, each addressing at least one of these analytical dimensions. Besides providing a framework within which studies of party-state relationship can be undertaken, the book brings comparative evidence on the extent and the manner in which parties in the region use the state for their own purposes.

Liebe zwischen Frauen Bernadette J. Brooten, 2020-07-02 Dieses Buch zeigt erstmalig anhand von antiken Quellen, dass sich bereits in früher Zeit Menschen durchaus bewusst waren, dass Frauen einander begehren konnten und dies auch taten. Es untersucht biblische Quellen, griechische Satiren, lateinische Dichtungen und rhetorische Kontroversen, griechische Traumdeutungen, Zaubertafeln, medizinische Handbücher und rabbinisches Schrifttum nach kulturellen Vorstellungen von Weiblichkeit und Männlichkeit sowie dem, was dazwischen liegt, und geht den Forderungen von Dominanz und Passivität nach. In einem ausführlichen Kommentar zu Römer 1,16-32 wird dargelegt, wie der Apostel Paulus weibliche homoerotische Erfahrungen mit Begriffen und Gender-Vorstellungen seiner Zeit beurteilte. Frühchristliche Apokalypsen und patristische Schriften bestätigen den zeitgenössischen Charakter dieser paulinischen Auslegungen. Das Buch erhielt im englischen Original drei renommierte Auszeichnungen.
