

Israel

Yaacov Lozowick

Right to Exist Yaacov Lozowick, 2013-02-20 In July 2000, Palestinian leader Yasser Arafat refused to negotiate a peace offer made by Israeli Prime Minister Ehud Barak at Camp David. At the end of September the Palestinians then launched their second intifada, an outbreak of terrorism in the heart of Israel's cities that continues to this day. The unprecedented violence drove Barak from office and brought to power the feared hard-liner Ariel Sharon. In *RIGHT TO EXIST*, Yaacov Lozowick, an Israeli historian, describes his evolution from a liberal peace activist into a reluctant supporter of Sharon. In making sense of his own political journey, Lozowick rewrites the whole history of Israel, delving into the roots of the Zionist enterprise and tracing the long struggle to establish and defend the Jewish state in the face of implacable Arab resistance and widespread international hostility. Lozowick examines each of Israel's wars from the perspective of classical "just war" theory, from the fight for independence to the present day. Subjecting the country's founders and their descendants to unsparing scrutiny, he concludes that Israel is neither the pristine socialist utopia its founders envisioned, nor the racist colonial enterprise portrayed by its enemies. Refuting dozens of pernicious myths about the conflict—such as the charge that Israel stole the land from its rightful owners, or that Arabs and Jews are locked in a "cycle of violence" for which both bear equal blame—*RIGHT TO EXIST* is an impassioned moral history of extraordinary resonance and power.

In the Land of Israel Amos Oz, 1993-10-31 A snapshot of Israel and the West Bank in the 1980s, through the voices of its inhabitants, from the National Jewish Book Award-winning author of *Judas*. Notebook in hand, renowned author and

onetime kibbutznik Amos Oz traveled throughout his homeland to talk with people—workers, soldiers, religious zealots, aging pioneers, desperate Arabs, visionaries—asking them questions about Israel's past, present, and future. Observant or secular, rich or poor, native-born or new immigrant, they shared their points of view, memories, hopes, and fears, and Oz recorded them. What emerges is a distinctive portrait of a changing nation and a complex society, supplemented by Oz's own observations and reflections, that reflects an insider's view of a country still forming its own identity. In the Land of Israel is "an exemplary instance of a writer using his craft to come to grips with what is happening politically and to illuminate certain aspects of Israeli society that have generally been concealed by polemical formulas" (The New York Times).

The Invention of the Land of Israel Shlomo Sand, 2012-11-20 What is a homeland and when does it become a national territory? Why have so many people been willing to die for such places throughout the twentieth century? What is the essence of the Promised Land? Following the acclaimed and controversial *The Invention of the Jewish People*, Shlomo Sand examines the mysterious sacred land that has become the site of the longest-running national struggle of the twentieth and twenty-first centuries. *The Invention of the Land of Israel* deconstructs the age-old legends surrounding the Holy Land and the prejudices that continue to suffocate it. Sand's account dissects the concept of "historical right" and tracks the creation of the modern concept of the "Land of Israel" by nineteenth-century Evangelical Protestants and Jewish Zionists. This invention, he argues, not only facilitated the colonization of the Middle East and the establishment of the State of Israel; it is also threatening the

existence of the Jewish state today.

A History of Modern Israel Colin

Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948, as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions, and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences, and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

Israel Has a Jewish Problem Joyce Dalsheim, 2019

This book examines the struggle over Jewishness in Israel. Although the state was founded to liberate the Jews, some Israelis must leave the country to get married, while others are denigrated for trying to live the Torah life. The Kafkaesque nature of such struggles illustrates how modern democratic nation-states, meant to liberate citizens through rule by the people and for the people, instead create a people for the state and its projects. The book argues that self-determination becomes a form of self-elimination as it produces the ethnos for the nation, inevitably narrowing the possible forms of personal and cultural identity. Sovereignty, secularism, nationalism, citizenship, self-determination, assimilation, Israel, settler-

colonialism, religion, Jewishness--

Israel Noa Tishby, 2022-09-20 A personal, spirited, and concise chronological timeline spanning from Biblical times to today that explores one of the most fascinating countries in the world-Israel--]cProvided by publisher.

A History of Israel and the Holy Land Michael Avi-Yonah, 2001-01-01 In its entirety the story told here spans all of recorded history. It is a story of momentous events and mighty nations, of the birth of great religions and of foreign conquests, of longing and renewal. The scholars who have produced this work have woven an engrossing, continuous narrative out of the historical materials, presenting a rich array of peoples and cultures, from the ancient Hebrews and their neighbors down to the time of Jesus and the Roman wars and then on through the Arab and Crusader conquests, the Mameluk domination, the long period of Turkish rule, British Mandate, and the rebirth of Israel. An integral part of the story is the magnificent selection of photographs illustrating the land, its sites, its ruins, and its treasures. This expanded millennium edition of *A History of Israel and the Holy Land* takes the story into the twenty-first century with a new and comprehensive survey of the State of Israel from its establishment to the present day. The new material includes a review of political, economic, and social developments in Israel and summaries of the country's wars and the peace process.>

The Creation of the State of Israel Myra Immell, 2009-10-16 Tensions in the Middle East are due to a number of reasons, with the creation of Israel being among them. Give readers a much-needed survey of several lively debates relating to the creation of the state of Israel. Essay sources include *The Times of London*, *The Jerusalem Post*, and *The Higher Arab Committee*. While essayist Jamal el-Husseini argues that Palestine

should not be partitioned, Abba Hillel Silver argues that Palestine should be partitioned. Sequenced in the pro versus con format, these essays will activate your readers' critical thinking skills. Once seating reader's deeply in the debates, personal narratives are then shared, by those living with the issues of disharmony between Palestine and Israel. Narratives include a student celebrating the dawn of the Jewish state, and a young immigrant who joins the Haganah.

Israel Noa Tishby, 2021-04-06 A NEW YORK TIMES BESTSELLER A "fascinating and very moving" (Aaron Sorkin, award-winning screenwriter of *The West Wing* and *The Social Network*) chronological timeline spanning from Biblical times to today that explores one of the most interesting countries in the world-Israel. Israel. The small strip of arid land is 5,700 miles away but remains a hot-button issue and a thorny topic of debate. But while everyone seems to have a strong opinion about Israel, how many people actually know the facts? Here to fill in the information gap is Israeli American Noa Tishby. But "this is not your Bubbie's history book" (Bill Maher, host of *Real Time with Bill Maher*). Instead, offering a fresh, 360-degree view, Tishby brings her "passion, humor, and deep intimacy" (Yossi Klein Halevi, New York Times bestselling author of *Letters to My Palestinian Neighbor*) to the subject, creating an accessible and dynamic portrait of a tiny country of outsized relevance. Through bite-sized chunks of history and deeply personal stories, Tishby chronicles her homeland's evolution, beginning in Biblical times and moving forward to cover everything from WWI to Israel's creation to the disputes dividing the country today. Tackling popular misconceptions with an abundance of facts, Tishby provides critical context around headline-generating controversies and offers a clear, intimate account of the richly cultured country of

Israel.

1001 Facts Everyone Should Know about Israel
Mitchell G. Bard, Moshe Schwartz, 2005-11-01 Hardly a day passes when Israel is not in the news. This book provides essential facts about not only the political events in the news, but also the positive contributions Israel is making in the arts and sciences. This is not a recitation of facts and figures, but a mosaic of the most important aspects of Israel's past and present. The book will entertain those interested in some of the fascinating trivia about Israel and inform those doing more serious research about the economy, government, and culture of the Jewish State.

Israel Today Hayim Gordon, 2007 Israel Today offers a concise and enlightened description of the challenges Israel has encountered since its founding in 1948. In elegant prose, Haim Gordon depicts the dynamic historical developments that have led to the return of the Jewish people to the land of their forefathers and to the establishment of contemporary Israel. More specifically, Gordon analyzes the country's precarious relations to its neighbors and the dangers to national security it faces from the outside. Internal problems arise from the need to blend into one nation the many thousands of Jews who have arrived from more than 120 lands to join in the building of the Jewish State. These historical details revolve around an eloquent discussion of daily life in Israel today, featuring aspects such as politics, economics, education, and Jewish spirituality.

Israel: the First Hundred Years Efraim Karsh, 2014-02-25 The Zionist Movement was born in the wake of Jewish emancipation in Western Europe, and at a time of increased persecution in Eastern Europe. This volume addresses the intellectual, social and political ramifications of Jewish settlement in Eretz Israel before the creation of

the State of Israel.

What Israel Means to Me Alan

Dershowitz, 2008-04-21 Personal and Passionate Reflections on the Land and Its People The Mediterranean landscape, the exuberance of the Israelis, the way politics is a matter of life and death there—all these things beguiled me. —Erica Jong, author *What does Israel mean to me?* Courage. The Israelis have more courage in their pinky finger than I have in my whole life. —Tovah Feldshuh, actress It is an unparalleled story of tenacity and determination, of courage and renewal. And it is ultimately a metaphor for the triumph and enduring hope over the temptation of despair. —David Harris, Executive Director of the American Jewish Committee I have no desire to be like everyone else. Something in me wants the entry of the Jewish people into world politics to be judged by the highest conceivable measure. Indeed, that may be what is both so inspiring and confounding about the existence of Israel. —Rabbi Lawrence Kushner? Israel isn't a symbol. Israel is the practical manifestation of hope, freedom, and self-determination. —Larry King, television host

Israel S. Ilan Troen, Noah Lucas, 1995-05-04 This book provides new interpretations and research findings, from a wide spectrum of viewpoints, on Israel's formative first decade of independence.

Israel Daniel Gordis, 2016-10-18 Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day, from Daniel Gordis, one of the most respected Israel analysts (*The Forward*) living and writing in Jerusalem. Israel is a tiny state, and yet it has captured the world's attention, aroused its imagination, and lately, been the object of its opprobrium. Why does such a small country speak to so many global concerns? More pressingly: Why does Israel make the decisions it does? And what lies

in its future? We cannot answer these questions until we understand Israel's people and the questions and conflicts, the hopes and desires, that have animated their conversations and actions. Though Israel's history is rife with conflict, these conflicts do not fully communicate the spirit of Israel and its people: they give short shrift to the dream that gave birth to the state, and to the vision for the Jewish people that was at its core. Guiding us through the milestones of Israeli history, Gordis relays the drama of the Jewish people's story and the creation of the state. Clear-eyed and erudite, he illustrates how Israel became a cultural, economic and military powerhouse—but also explains where Israel made grave mistakes and traces the long history of Israel's deepening isolation. With Israel, public intellectual Daniel Gordis offers us a brief but thorough account of the cultural, economic, and political history of this complex nation, from its beginnings to the present. Accessible, levelheaded, and rigorous, Israel sheds light on the Israel's past so we can understand its future. The result is a vivid portrait of a people, and a nation, reborn.

The Land of Blood and Honey Martin van Creveld, 2010-08-03 The definitive one-volume history of Israel by its most distinguished historian From its Zionist beginnings at the end of the nineteenth century through the past sixty, tumultuous years, the state of Israel has been, as van Creveld argues, the greatest success story in the entire twentieth century. In this crisp volume, he skillfully relates the improbable story of a nationless people who, given a hot and arid patch of land and coping with every imaginable obstacle, founded a country that is now the envy of surrounding states. While most studies on Israel focus on the political, this encompassing history weaves together the nation's economic,

social, cultural and religious narratives while also offering diplomatic solutions to help Israel achieve peace. Without question, this is the best one-volume history of Israel and its people.

Coffins on Our Shoulders Dan Rabinowitz, Khawla Abu-Baker, 2005-09-12 This highly original historical and political analysis of the Arab-Israeli conflict combines the unique perspectives of two prominent segments of the Middle Eastern puzzle: Israeli Jews and the Palestinian citizens of Israel. Written jointly by an Israeli anthropologist and a Palestinian family therapist born weeks apart to two families from Haifa, *Coffins on Our Shoulders* merges the personal and the political as it explores the various stages of the conflict, from the 1920s to the present. The authors weave vivid accounts and vignettes of family history into a sophisticated multidisciplinary analysis of the political drama that continues to unfold in the Middle East. Offering an authoritative inquiry into the traumatic events of October 2000, when thirteen Palestinian citizens of Israel were killed by Israeli police during political demonstrations, the book culminates in a radical and thought-provoking blueprint for reform that few in Israel, in the Arab world, and in the West can afford to ignore.

Ella's Trip to Israel Vivian Bonnie Newman, 2011-01-01 Excited Ella and her stuffed monkey, Koofi, take a family trip to Israel. Ella enjoys visiting all the famous places in Israel, but Koofi experiences Israel in his own special way!

The Treatment of Israel by the United Nations Benjamin A. Gilman, 2000-12 Witnesses include: C. David Welch, Assistant Secretary, Bureau of International Organization Affairs, U.S. Dept. of State; Martin Indyk, Assistant Secretary, Bureau of Near Eastern Affairs, U.S. Dept. of State;

Morris Abram, Chairman, U.N. Watch; John Bolton, Senior Vice-President, American Enterprise Institute; Ronald Lauder, Chairman, Conference of Presidents of Major American Jewish Organizations (CPMAJO); accompanied by Malcolm Hoenlein, Vice-Chairman (CPMAJO); Harris Schoenberg, Director of U.N. Affairs, B'nai B'rith International; and Bruce Ramer, President, American Jewish Committee.

Birthing the Nation Rhoda Ann

Kanaaneh, 2002-06-28 In this rich, evocative study, Rhoda Ann Kanaaneh examines the changing notions of sexuality, family, and reproduction among Palestinians living in Israel. Distinguishing itself amid the media maelstrom that has homogenized Palestinians as terrorists, this important new work offers a complex, nuanced, and humanized depiction of a group rendered invisible despite its substantial size, now accounting for nearly twenty percent of Israel's population. Groundbreaking and thought-provoking, *Birthing the Nation* contextualizes the politics of reproduction within contemporary issues affecting Palestinians, and places these issues against the backdrop of a dominant Israeli society.

Delve into the emotional tapestry woven by *Emotional Journey with in Israel*. This ebook, available for download in a PDF format (PDF Size: *), is more than just words on a page; it is a journey of connection and profound emotion. Immerse yourself in narratives that tug at your heartstrings. Download now to experience the pulse of each page and let your emotions run wild.

Israel Introduction

In the digital age, access to information has become easier than ever before. The ability to download Israel

authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Israel. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without

any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Israel. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize

reputable websites that prioritize the legal distribution of content. When downloading Israel, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In

conclusion, the ability to download Israel has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and

embark on a journey of continuous learning and intellectual growth.

FAQs About Israel Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the

advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Israel is one of the best book in our library for free trial. We provide copy of Israel in digital format, so the resources that you find are reliable.
