Javanese Performances on an Indonesian Stage Barbara Hatley, 2008-08-07 During the dramatic economic and social transformation of late twentieth-century Indonesia, theatre in Central Java featured a familiar cast of rulers, nobles, clown servants and ordinary people. However these performances were not a repetition of age-old cultural traditions. Instead, by stretching the framework of Javanese theatre convention, theatre troupes challenged dominant cultural and political values. As political pressures intensified in the final months of the New Order regime, these witty, critical performances drew enthusiastic, oppositionist crowds. The dismantling of repressive state control after the fall of Suharto in 1998 diminished interest in political critiques from the stage, and growing economic weakness caused patronage and sponsorship to dry up. By 2003–2004, however, a revival was underway as performers engaged with the politics of regional autonomy and democratization, and actors responded to the devastating Yogyakarta earthquake of 2006 by staging shows in the worst-affected areas to help sustain community spirit and pride in local culture. Barbara Hatley's account of more than thirty years of theatre activities and social change shows how performers and audiences have adapted, resisted, incorporated and survived. As Indonesian society evolves, Javanese performances continue to engage with ever-changing social contexts, expressing the dynamic resilience and sense of identity of those who stage and watch them.

Folklore in Indonesia Hanatya Mandarani Desideria, 2021-12-15 This book is rich with stories of folklore in Indonesia. Instead of describing a single form in the presentation, it comprises variations in histories, tales, rituals, figures, places, living myths, legends, and many more from diverse areas where the authors came from. To some extent, those demonstrate how the world would work in some places and may be a way of life to some individuals or groups in contemporary culture. Taking the choice of not following any of the norms or regulations found in the stories, can work as well for today's generation. However, by recognizing, reading, or listening to stories, we get pulled into a point to realize that life can be rich and fulfilling. More importantly, this folklore book appears to represent Indonesia. Penerbit Garudhawaca

Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the

deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Starting Point: 1979-1996 Hayao Miyazaki,2021-03-16 In the first two decades of his career, filmmaker Hayao Miyazaki laid the groundwork for his legendary movies. Starting Point is a collection of essays, interviews, and memoirs that go back to the roots of Miyazaki's childhood, the formulation of his theories of animation, and the founding of Studio Ghibli. Before directing such acclaimed films as Spirited Away, Miyazaki was just another salaried animator, but with a vision of his own. Follow him as he takes his first steps on the road to success, experience his frustrations with the manga and animation industries that often suffocate creativity, and realize the importance of bringing the childhood dreams of the world to life. Starting Point: 1979-1996 is not just a chronicle of the life of a man whose own dreams have come true, it is a tribute to the power of the moving image. -- VIZ Media

Heritage Tourism in Southeast Asia Michael Hitchcock,Victor T. King,Mike Parnwell,2010 This book examines heritage tourism across the Southeast Asian region from different disciplinary perspectives. With material that is new and topical, it makes an important contribution to the fields of tourism studies, cultural studies, development and planning studies, and beyond. Set against a backdrop of the demands, motivations and impacts of heritage tourism, the volume focuses on disputes and conflicts over what heritage is, what it means, and how it has been presented, re-presented, developed and protected. It examines the actors involved in encounters and contestation, drawing in issues of identity construction and negotiation, and requiring the contextualization of heritage in national and global processes of identity formation and transformation. Among the questions touched upon are the ownership of heritage, its appropriate use, access to it versus conservation needs, heritage as a commodity, as entertainment and as an educational medium.

Introducing English Linguistics Charles F. Meyer,2009-05-14 A genuine introduction to the linguistics of English that provides a broad overview of the subject that sustains students' interest and avoids excessive detail. WAYANG WONG R.M. Soedarsono,2021-11-24 Preface I have been teaching the history of performing arts and Javanese dance, Yogyakarta style, for twenty years, and there have always been two features of this history that made me think and rethink: (1) wayang wong was never performed outside the palace’s walls until the first quarter of the twentieth century, because it was considered a pusaka (sacred heiloom): and (2) wayang wong performances were always put on the Tratatag Bangsal Kencana stage and started at dawn. Numerous ex-wayang wong dancers of the Yogyakarta court gave me the same answers to my questions about hese facts. They said that: (1) wayang wong was a pusaka because it was created by Sultan Hamengkubuwana I; and (2) wayang wong performances we put on stage at the dawn of the day because it was karsa-Dalem, the Sultan’s will. In my opinion, there must be something particularly significant behind the creation of wayang wong, because the Surakarta court never performed this dance genre, and I realized that to obtain satisfactory answers to these questions I would have to do extensive research on this subject. In August, 1977, when I participated in the World Music Congress at Berkeley, I met Professor Judith Becker. On onve occasion I taled with her concerning the possibility of my pursuin a Ph.D. degree at the University of Michigan with a dissertation topic, “Wayang Wong”. She responded wholeheartedly and, without any delay, made a long distance call to her husband, Professor Alton L. Becker. Both of them became my teachers, advisors and co-chairmen. After my return from Berkeley I started to do research on some aspects of wayang wong. In 1980 I began my course work in Southeast Asian Studies at the University of Michigan emphasizing three areas of study: (1) Southeast Asian Performance Traditions; (2) Southeast Asian History; and (3) Southeast Asian Literature. With the assistance of the Asian Cultural Council I continued my research at the Asia Society and the Library of Performing Arts in New York. There I scrutinized wayang wong films, especially the one of the lakon Mintaraga made by Mr. Tassilo Adam in 1926. Although the film is very choppy, it gave me priceless information about he magnificent production and also about the large audience of kawula-Dalem, the Sultan’s subjects. Who witnessed the perfor-mance. With the assistance of the Asian Cultural Council, the Ford Foundation and the University of Michigan I returned to Java during the summer of 1981 to continue by research at the Yogya-karta court libraries. The Sanabudaya Museum, and to interview numerous ex-wayang wong dancers. From these activities the first evidence for my hypothesis emerged, i.e., that wayang wong was a state ritual and not just a mere entertainment in the Yogyakarta court. By reading numerous wayang wong texts –Serat Kandha and Serat Pocapan, all in Javanese handwriting--, manuscripts about he Yogyakarta’s pusakas, and by analysing the conception of kingship of Mataram, I obtained enough data to confirm my hypothesis further. It became apparent to me that wayang wong was created by Sultan Hamengkubuwana I in the late 1970’s as a revival of the Old javanese wayang wang. Photographs play a significant role in this work, since visual information about this dance drama gives us a clear image of numerous scenes. With the exception of figures nos. 1317, 69 and 84 all the photographs and pictures are from my own collection and drawing. Photographs are, nevertheless, motionless shots of dance movement and, therefore, cannot distinguish the movements of one character from another. Hence I have felt it necessary to put the basic movements of the twenty-one wayang wong types of character in Labanotation.
