**Mask in the Mirror** Nidhi Chawla,2010-04 The process of weaving a fictional dream can be painful and also joyful path to self discovery, realizes an ordinary man when he sits down to reveal his thoughts and bring to life characters whose lives would confront and impact his heart and mind. As the people of the imaginary world open the Writer's eyes to his own soul, he relishes his intimate sentiments and sees the color of his emotions. Caught in an imaginary fabrication where at times he basks in the beauty of creation and at moments he suffers its loneliness . There is transformation and simultaneous transition during these years of writing, the beginning commences in the cold winter and rejuvenating spring comes in the end. But the big question is will the Writer and his realm of fiction survive or both perish without the world ever reading his words and recognizing his worth. Mask in the Mirror is a gripping story of self discovery, introspection, and a touching saga of how fictional life can change the real life of an ordinary man.

*The Mask We Wear* Anil Bhise,2024-02-29 Revolution came in different stages in the gradual development of the brain in humans. The entire focus, instead of betterment of life got diverted to living a self-absorbed and narcissistic life at the cost of others. Ambitions turned into hatred, revenge, and self-sustenance by killing. Revolutions gave more and more weapons in the hands of humans to wipe out everything that they did not want. It became a race of massacres, which became only a number without any value. Industrial Revolution, meant for comfort, peace, and harmony, turned into a competition to see who had more. Right from the Mahabharat War around 3500 B.C. and then World Wars I & II, the top leaders of the world took pride in devastation and killing. A man never looked at a woman as a human being and used her as an object to satisfy his lust. Torturing other humans was enjoyed over a toast of wine. Dharma, the righteous path explained in the Vedas, the Bhagavad Gita, and then the Ten Commandments, is grossly misunderstood, misinterpreted, and distorted. They taught sacrifice and virtues, and order that will make life and the universe possible. Even nature was not spared. "Selfishness" has become the order of the day. What is the view of the young?
