Quantick's Quite Difficult Quiz Book David Quantick, 2021-11-04 'Best quiz book ever' HARRY HILL 'Quantick is the Captain Beefheart of quizzing' MARK BILLINGHAM 'The antidote to every deathly dull pub quiz you've ever been to. This is how a quiz book should be written - where having fun is the most important outcome' GARY WIGGLESWORTH, author of The Book Lover's Quiz Book Distinctive, unusual, difficult, but spectacularly entertaining, this quiz book is to other pub quizzes what Trivial Pursuit was to Ludo, what The Hitch-Hiker's Guide to the Galaxy is like to the Rhyl phone directory, and what the Rolls-Royce Silver Ghost is like compared to a kid's scooter. Loads better. David Quantick works regularly with Armando Iannucci, including on the new HBO series, Avenue 5. He won an Emmy as part of the writing team on Veep, a BAFTA for Harry Hill's TV Burp and a Writers' Guild Award for The Thick of It. For over fifteen years, David has also hosted his own very popular quizzes at festivals, events, pubs, clubs, cinemas and in tents: the quizzes range is broad and the questions are tricky. They're not about statistics, there's no sport, the picture rounds are conceptual, and there's sometimes a round called 'Martin Amis Character or Blur Song'. Each quiz is funny and entertaining even if you don't know the answers. The quizzes are informative and opinionated. In some ways, they're like stand-up with questions. This is a book based on David's excellent live quizzes, described by many people as 'quite difficult'. But they are quizzes. Quite difficult quizzes that tax the brain and make it go in directions it didn't know it could. That's not to say the questions are fiendishly scientific and packed with questions about dates and the periodic table. They're about books and music, movies and actors, strange events and interesting quotes. You don't leave a Quantick

quiz knowing how many times Spurs have won the League, but you may know how many Shirleys have sung a Bond theme or how George V made the front page of The Times. The effectiveness of David's quizzes is down to their unusual variety and almost stream-of-consciousness leaps and bounds of factual imagination. There's not even much point in cheating, because the answers often require mental agility as well as just knowing where Calais is (it's in France, but it wasn't always, even when it was). David's quiz book includes twenty-five main quizzes, four Christmas quizzes and four specialist quizzes, so thirty-three quizzes in total. Entertaining in its own right, this is also a conceptual yet very practical guide to staging excellent quizzes of your own.

The Herald Diary Ken Smith, 2009-10-15 Wherever Scots gather they tell jokes and stories. And the very best of these much-loved tales find their way to the daily Diary column of The Herald. It's the home of humour from the chip shop queues of late-night Glasgow to the bon mots of High Court judges and the humour of the classroom. From Judge Lawless and Giro's Passage to dinner at the Po Kee Restaurant via The Tanning Shop on Fade Street, The Herald Diary has it all. And for cash-strapped times, there's even a new definition of liquidity - you look at the value of your investments and wet yourself. In this brand new collection, Ken Smith gathers the funniest tales from the Diary and proves once again that Scots are still the natural comedians of the world.

Cricket on Everest Alan Curr, 2012-07-01 Cricket on Everest starts with an idea over a pint of beer and ends with a world record at 5,165 metres above sea level. In 2009, 50 people from the UK, many of whom had never met until a year earlier, played the highest ever game of cricket on the slopes of the world's tallest mountain. The idea captured the imagination of people around the globe, making front page news in several countries; being followed by millions through daily TV news updates and raising more than £100k for charity. What people did not see, however, was what happened behind the scenes. The book details several near-misses that the organisers kept quiet - including securing permission to enter the National Park where Everest is situated just a day before the group were due to arrive. Friendships were pushed to the very limit and many people gave their all to organise a once-in-a-lifetime experience. The heartache from several people dropping out of the expedition was counteracted by the highs of taking part in such a unique and life-changing experience. Ultimately, this a story of 50 people going outside of their comfort zones to achieve something many thought impossible. It brought people and communities together, changed the lives of many and reminded everyone that adventure is accessible to anyone. Cricket on Everest will appeal to fans of sport and travel writing. Author Alan has been inspired by Harry Thompson's

Penguins Stopped Play and Jon Krakauer's Into Thin Air.

A Director's Guide to the Art of Stand-up Chris Head, 2018-07-12 Stand-up: it's the ultimate solo art form. Yet, behind the scenes, you will increasingly find the shadowy figure of a director. For comics themselves and for those who support them, this is the first book to give the director's perspective on creating and performing stand-up comedy. Drawing on his own experience of directing stand-up alongside speaking to comedians and their directors, Chris Head produces a revealing perspective on the creative process, comic persona, writing stand-up, structuring material and delivering a performance. Directors interviewed include Logan Murray, John Gordillo and Simon McBurney, who between them have directed Eddie Izzard, Michael McIntyre, Milton Jones, Lenny Henry and French & Saunders. With a foreword by BBC arts editor Will Gompertz and contributions from many other interviewees including Oliver Double (author of Getting the Joke), this is the only book that goes all the way from one-liners to theatre via comedy club sets and full-length shows. Perfect for stand-ups from newbies to pros, students of comedy, academics studying and teaching stand-up and for directors themselves, A Director's Guide to the Art of Stand-up offers hundreds of inspiring practical insights and shows how creating the comedian's highly personal, individual act can be a deeply collaborative process.

The Karma Farmers Pierre Hollins, 2017-08-08 A genre-defying novel about love, murder and quantum theory. A crime thriller based upon a philosophical conundrum: if science demonstrated that consciousness could survive death, how far would you go to discover if it was true? In an age of divisive belief systems, Bradley Holmeson a thirty-something bookshop manager, is attempting

to cure his existential dilemma with quantum physics. Research leads him to a radical theory of consciousness based on the work of real-life theoretical physicist David Bohm, which Holmeson self-publishes in a short, seditious manifesto. He doesn't want revolution so much as literary notoriety, hoping that success will impress his estranged girlfriend. However, his writing begins to attract the wrong attention... A reluctant philosopher embroiled in an occult experiment, Holmeson meets the violent, the obsessed and the dangerously misguided, armed only with his defensive sarcasm - and all to win back the woman he loves.

Bitcoin Dominic Frisby, 2014-11-01 Following the economic crisis of 2008, the website 'bitcoin.org' was registered by a mysterious computer programmer called Satoshi Nakamoto. A new form of money was born: electronic cash. Does Bitcoin have the potential to change how the world transacts financially? Or is it just a passing fad, even a major scam? In Bitcoin: The Future of Money?, MoneyWeek's Dominic Frisby's explains this controversial new currency and how it came about, interviewing some of the key players in its development while casting light on its strange and murky origins, in particular the much-disputed identity of Nakamoto himself. Economic theory meets whodunnit mystery in this indispensable guide to one of the most divisive innovations of our time.

Push Guide to Which University Johnny Rich, 2005-05 This popular guide has been fully updated and redesigned to reflect exactly what today's students want to know. It is the most accessible guide to higher education and student life in the UK and provides reliable, lively and unbiased information on what universities really offer. Santa's Bloody Terror Eric Blood, 2018-12-11 It's Christmas Eve, and Jared wants just one thing for the holidays - Samantha, the love of his life. He knows she's working at the hospital tonight, and he has a sure fire plan to win her back. Decked out in his homemade Santa Claus outfit, he ventures out into the winter snow to prove his love for the woman of his dreams. But Jared's plan doesn't go as expected. And unfortunately for those at the hospital, Jared doesn't deal well with disappointment. Before the night is through, Santa is going to be in a very bad mood. And he'll kill anyone that gets in his way. Even if it means becoming something more... Something... Monstrous. Get ready for a Christmas like no other. Get ready for... *Santa's Bloody Terror*!

A Child's Christmas in Chicago Thomas P. Glynn, 2002 Christmas in Chicago back in the forties and fifties was different. The weather was different, the people jarred from their usual concerns, and the things that happened strange, delightful, and often wacky. There was no stigma attached to being poor, to working with your hands, or to being out of work. We were all in this, whatever this was, together.

Shroud Of Beckoning Deb Woody, 2009-04 When children claim to have imaginary friends, it's normally harmless play, but in *Shroud Of Beckoning*: Part One of the Ice Water Mansion Series, they're actually demonic and angelic apparitions that are battling over the child's soul. Blending the supernatural world with the essence of daily life, Woody transports readers back to the spring of 1964 to begin her tale of good vs. evil. Within a dysfunctional family in

California, four-year-old Carla lives with her older sister, parents, and a secret friend. Clad in black, this precocious apparition poses as a friendly playmate. However, Schatten is no ordinary companion he's pure evil and feeds off human souls. When Carla cries and seethes, his outward features rejuvenate. In turn, when she laughs and finds love, he ages into a hideous form that terrorizes her. Deceiving her into believing she's his only friend, he actually knows her sister, mother, and others, but unlike them, Carla is bait to help find a boy's soul, Tony, who his adversaries stole from him years before. Adding a new addition to the family, Carla's mother gives birth to a son who Carla instantly loves. Unfortunately, this pushes Schatten to plot the baby's demise, resulting in Officer Jarred Blanton arriving to investigate. Blanton, a well-loved man with a good family, is everything Schatten despises and must destroy to keep his plans on track, but in doing so, he alters his own plans and creates a chain of events that intertwines Blanton's life with Carla's. As Carla and Blanton embark on a horrific path to save their very souls, Woody chronicles their dark stories while everything and everyone they love is slowly destroyed because Schatten will never stop until their souls are his and Tony is found.

The Herald Diary 2015 Ken Smith,2015-10-20 So what did the Scots have to laugh about this year? Well, there were politicians charging round the country looking for votes, the new Scottish MPs flooding into Westminster gave us a smile or two, the Open Championship at St Andrews cheered up the sports fans once the summer wind and weather had done its worst, and even Al Pacino made us smile telling us what he thought of Glasgow women. All these and more provided readers of *The Herald* with the funniest stories of the year, the very best of

which are now collected here for your entertainment. And they're staggeringly good!

Sex Tips for Pandas Brian Luff, 2011-09-15

Special edition of this popular paperback with bonus photo section and a brand new final chapter which brings the story up to date. When scriptwriters Georgina Sowerby and Brian Luff began recording podcasts in their spare bedroom in 2005, they had no way of knowing what an adventure they were embarking upon. Sex Tips for Pandas is the story of a couple from London whose podcasts touched the hearts of thousands and propelled them on a bizarre and comical trip around the world. It's also an intimate, often confessional book about a relationship, and a tantalizing glimpse at the none-too-glamorous side of the entertainment industry. For Brian and Georgina podcasting was an obsessive shared interest, a form of escapism from the real world which became the very glue that held their often difficult and complicated relationship together. Sprinkled throughout with showbiz anecdotes and bitchy behind-the-scenes gossip, Sex Tips For Pandas will amuse you, entertain you and ultimately inspire you.

The Christmas Angel Abbie Farwell

Brown, 2012-11-01 She stooped once more to pick up something which had fallen out when the cover was jarred open. It was a pink papier-mâché angel, such as are often hung from the top of Christmas trees as a crowning symbol. Norah stood holding it between thumb and finger, staring amazedly. Who would think to find such a bit of frivolity in the house of Miss Terry! The Christmas Angel is a stirring reminder of what really matters at Christmas and throughout the year.

The Banana Men Lester D. Langley,Thomas D. Schoonover,2014-04-23 Ambitious entrepreneurs, isthmian politicians, and mercenaries who dramatically altered Central America's political culture, economies, and even its traditional social values populate this lively story of a generation of North and Central Americans and their roles in the transformation of Central America from the late nineteenth century until the onset of the Depression. The Banana Men is a study of modernization, its benefits, and its often frightful costs. The colorful characters in this study are fascinating, if not always admirable. Sam the Banana Man Zemurray, a Bessarabian Jewish immigrant, made a fortune in Honduran bananas after he got into the business of revolutin, and his exploits are now legendary. His hired mercenary Lee Christmas, a bellicose Mississippian, made a reputation in Honduras as a man who could use a weapon. The supporting cast includes Minor Keith, a railroad builder and

banana baron; Manuel Bonilla, the Honduran mulatto whose cause Zemurray subsidized; and Jose Santos Zelaya, who ruled Nicaragua from 1893 to 1910. The political and social turmoil of the modern Central America cannot be understood without reference to the fifty-year epoch in which the United States imposed its political and economic influence on vulnerable Central American societies. The predicament of Central Americans today, as isthmian peoples know, is rooted in their past, and North Americans have had a great deal to do with the shaping of their history, for better or worse.
