I F\*cked Up So You Don't Have To Jason Nash,2022-02-08

The infamous Vlog Squad member Jason Nash puts the camera down and with his inimitable humor and charm shares all the thing you should NOT do if you want to succeed in life. Let's be honest—Jason Nash might not seem like the most obvious candidate to write a self-help book. Which is why he's not writing a self-help book. Lots of people can tell you what to do; how about a book that tells you what not to do? Jason's life has not gone as planned. Not by a long shot. He is a 45-year-old YouTube "vlogger," a middle-aged resident of a neighborhood populated almost entirely by people half his age (or younger; a lot younger,

in some cases). A neighborhood with its own unique language and architecture and sensibility and moral code. He is, by his own assessment, a failed stand-up comic and television writer, and a divorced father of two, who has found, rather late in the game, profoundly unlikely success by playing (well, not playing, really, since it's totally real) the old guy in the Vlog Squad; the goofy but lovable uncle to the charmingly likable but impish YouTube sensation David Dobrik and an assorted cast of friends. Having once accrued a degree of notoriety through the doomed video platform Vine, Jason is a guy "discovered" by Dobrik at a comedy club, and in short order he's getting buried in his backyard and taped to a wall, and prancing around town in bulbous prosthetic breasts, all for the sake of subscribers and page views and ad revenue—and for the simple creative charge he gets out of the process. There are no second acts in American Life? And particularly in Hollywood? Try telling that to Jason, who is living proof that the American nightmare can become the American Dream—so long as you're willing to put your dignity on hold, take a few risks, and lose every last fuck you have to give. You might end up becoming a star... and finding true happiness (or a little less self-loathing, anyway) along the way.

What Obama Knows about Healthcare Jason Nash,2013-05-17  
With the government takeover of the health care industry, I thought it was important to get a little prospective, so I wrote this highly informative, if satirical book describing in minute detail what I think President Obama knows about the healthcare industry.

*Modernism and Non-Translation* Jason Harding, John Nash, 2019-10-24 This book explores the incorporation of untranslated fragments from various languages within modernist writing. It studies non-translation in modernist fiction, poetry, and other forms of writing, with a principally European focus and addresses the following questions: what are the aesthetic and cultural implications of non-translation for modernist literature? How did non-translation shape the poetics, and cultural politics, of some of the most important writers of this key period? This edited volume, written by leading scholars of modernism, explores American, British, and Irish texts, alongside major French and German writers and the wider modernist recovery of Classical languages. The chapters analyse non-translation from the dual perspectives of both 'insider' and 'outsider', unsettling that false opposition and articulating in the process their individuality of expression and experience. The range of voices explored indicates something of the reach and vitality of the matter of translation—and specifically non-translation—across a selection of poetry, fiction, and non-fictional prose, while focusing on mainly canonical voices. Together, these essays seek to provoke and extend debate on the aesthetic, cultural, political, and conceptual dimensions of non-translation as an important yet hitherto neglected facet of modernism, thus helping to re-define

our understanding of that movement. It demonstrates the rich possibilities of reading modernism through instances of non-translation.

*Robert Ludlum's The Bourne Sacrifice* Brian Freeman,2023-05-23 Jason Bourne tackles a global media conspiracy in the latest electrifying entry in Robert Ludlum's #1 New York Times bestselling series. Jason Bourne has faced many killers before, but none as dangerous or as cruelly inventive as the assassin who calls himself Lennon. Bourne thought he had Lennon cornered in Iceland, only to have the killer escape in a fiery explosion. Now Lennon's trail leads Bourne to New York and then to Washington – and the body count rises with each deadly encounter. But who is Lennon working for? Bourne believes the assassin has a shadowy new employer called the Pyramid. The only clue to the group's agenda is a young German woman

murdered in Washington on her way to a covert meeting. But the woman's entire identity turns out to be a lie, and news reports of her death have been strangely twisted and suppressed. Finding the truth about this woman may be Bourne's only chance to catch Lennon - and uncover the conspiracy behind the Pyramid. But the chase comes with high stakes. Bourne's former lover, journalist Abbey Laurent, is digging into the mystery too, and Jason's perilous battle against Lennon and the Pyramid will soon put Abbey in the assassin's crosshairs. Bourne will need to use every bit of his tradecraft and his genius for mayhem to expose this web of lies and murder before Lennon kills the woman he loves.

The Russian hitman has been at the heart of Defiance from the very beginning, and his next target will put Bourne —and the woman he loves—in the cross-hairs. **Things I've Learned from Women Who've Dumped Me** Ben Karlin,2008-02-04 The Emmy award-winning former executive producer of The Daily Show and The Colbert Report has assembled a stellar lineup of men who have one thing in common: all have been dumped...and are willing to share their pain and the lessons learned. Relationships end. And in almost all of them, even the most callow among us take something away. This is a book about that something, whether it be major life lessons, like If you lie, you will get caught, simple truths like, Flowers work, or something wholly unique like, Watch out for the high strung brother in the military. This anthology will be comprised of longer and shorter pieces, drawn from an array of impressive celebrities, writers and public figures. Some pieces may be a paragraph in

length while others will be full-blown essays. All of them will be about that salient something men take away from a failed relationship. Yes, men learn. This is not a touchy-feely book. This is not a self-help book. This is a book packed with smart, funny and insightful stories from men you probably thought never got dumped, or if they did, would never admit it.
