**Mr. Blue Jeans** Maryann N. Weidt,2011-01-01 In 1847 an eighteen-year-old immigrant arrived in New York. He had little in his pockets and no knowledge of English. However, by 1874, people throughout the United States knew him as the man who made blue jeans with copper rivets. Even now Levi Strauss's name lives on as a mark of quality and style. In Mr. Blue Jeans, Maryann N. Weidt presents the history of this hardworking man, as he struggles through long, grueling days as a peddler and challenging times as a young businessman. His honesty, integrity, and generosity stand out as clearly as his name, making this rags-to-riches story well worth reading. The accurate and highly readable text is enriched by Lydia M. Anderson's dramatic black-and-white illustrations.

**Levi Strauss and Co** Lynn Downey,2007 When Bavarian immigrant Levi Strauss opened his wholesale dry goods warehouse on the San Francisco waterfront in 1853, he likely had no inkling that his business would become one of the world's largest clothing companies. Levi Strauss & Co. started with imported clothing, bedding, and notions to supply the many small stores serving the Gold Rush and the expanding American West. By 1873, he and partner Jacob Davis invented the very first blue jeans, which were soon worn by working men from Los Angeles to Laramie. Strauss parlayed his business acumen into social progress by giving back to his community and embedding a company culture committed to positively impacting society. In this spirit, the Levi Strauss Foundation was created after World War II, formalizing the philanthropic work started by Strauss himself a century earlier. All the while, the company has evolved with successive generations of family owners, expanding product lines to meet the ever-changing needs of consumers around the world.

Breaking Free from Body Shame Jess Connolly,2021-06-22 You were made for more than a love/hate relationship with your body. It's one thing to know in your head that you were created in the image of God. Yet it's quite another to experience this belief in your body, against the cultural ideals of a woman's worth. And between the two lies a world of frustration, disappointment, and the shame of somehow feeling both too much and never enough in your body. Jess Connolly is a bestselling author, sought-after speaker, and trusted Bible teacher who knows this inner conflict all too well, and this book details her journey--and yours--of setting out to discover how to break free from the broken beliefs we all hold about our bodies that hold us back from our fullest life. The truest thing about you is that you are made and loved by God. And the truest thing about Him is that He cannot make bad things. This book will help you believe it with your whole self, as Jess guides you through an eye-opening, empowering process of: Renaming what the world has labeled as less-than Resting in God's workmanship Experiencing restoration where there has been injury And becoming a change agent in partnering with God to bring revival to a generation of women Far from a superficial issue, self-image is a spiritual issue, because God has named your body good from the beginning. Whether your struggle is with eating and exercise habits, stress or trauma, infertility or injury, this book makes space for you to experience God meeting you in this tender place, and ring His freedom bell over your body in a whole new way.

The Blue Jean Book Tanya Lloyd Kyi,2005 The story of denim's rise from modest workpants to high-fashion statement. Ever since Levi Strauss made the first blue jean pants in California in the 1870s, everyone has wanted a pair. No one imagined America's love of denim would travel around the world, yet jeans remain an essential part of our lives. The Blue Jean Book chronicles this love affair. Researchers suggest we're happiest when we're in our jeans. They express our personalities: compare the person who wears the latest designer label to someone who prefers the thrift store variety. The Blue Jean Book takes you deep into the world of denim. Chapters include: The Birth of the Blues: 1870 to 1900 -- Levi Strauss and the origin of jeans Movers and Shakers: 1900 to 1940 -- From workpants to play pants Blue Jean Time Machine: 1940 to 1970 -- From WWII wear to the trademark of teen rebellion The Jean Scene: 1980s -- Jeans go designer Borderless Blues: 1990s -- The politics of pants: sweatshops, ecological impacts Panting for Perfection -- 21st century jeans From their origins with hardscrabble miners and cowboys, to their popularity among laborers, rebels, and the incurably hip, The Blue Jean Book is the perfect fit for anyone who wants to know the story behind the seams.

**Versace Sisters** Cate Kendall,2010-05-01 Another hilarious offering from bestselling author Cate Kendall. From the backwaters of Tasmania to the sophisticated streets of Sydney, sisters Bellarene and Serandipity have come a long way. As international flight attendants the world is their oyster – until Sera fell in love and settled for family life. Obsessed with keeping up appearances, Sera goes to extreme lengths to maintain the illusion of perfection, while Bella just wants to fly away from the responsibility of mothering her little sister, from the sadness of her broken marriage, and from memories of the past. Gathering her friends at Stitch 'n' Bitch is like therapy. There's a lot of talk, and not much knitting - and they wouldn't have it any other way. Ditzzy Mallory has her own shocks in store, and single mum Chantrea agonises over work and childcare. Widowed single dad, Sam, is terrified of the dating scene, and Sera's uptight neighbour, Jacqueline, has a little secret, one that could destroy her neatly ordered world. Meanwhile Joan, Sera's mother-in-law, watches them all and sniffs with disdain at their trivial worries. Sera wants to be perfect. Bella just wants to be free. Will the sisters get what they want?

**My Pants Are Haunted (Dear Dumb Diary #2)** Jim Benton,2013-08-27 Read the hilarious, candid (and sometimes not-so-nice), diaries of Jamie Kelly, who promises that everything in her diary is true -- or at least as true as it needs to be.They were just a soft, ordinary pair of thrift-shop jeans until Jamie Kelly tried them on . . . Then they became a tight, scratchy, slightly smelly, and utterly ordinary pair of thrift-shop jeans with an embarrassing haunting problem. Do the pants have the power to soothe a vengeful beagle, vanquish The Prettiest Girl in the World, or make the wearer irresistible to the eighth cutest guy in the grade? Are the haunted pants so dazzling they can hurt and maybe permanently damage the eyes of onlookers? Or are the haunted pants just, well, haunted (which is kind of gross when you think about it)?

Jeans/Genes Tawny "Mae" Harris,2010-02 Black is beautfiul. White & gays are, too. If we don't start loving, we will start dying. I AM so sorry you were KKK slaves. If we were in a civil, racial war, I would hide, shelter you. Oh, great Jehovah, GOD, what in the hell do we do? Jesus loves us, this I know because the good book Bible tells us so. All are precious, beautfiul, special in His sight. This is NOT a children's storybook. Beware! I have warned you. Vulgar, offensive, foul language, graphic sex scenes of previous past lovers are revealed in its simple, humble contents, the rewritten Bible. This personal autobiography, journal, testimony, JEANS/genes, is written to save the world--not one fleeced, soulful lamb lost. A-M-E-N! If Mae can be saved, anybody can. WHO saved the worthy, sad Earth? Jesus! GOD is LOVE.

*Levi Strauss and Blue Jeans* Nathan Olson,2007 Tells the story of Levi Strauss and the evolution of blue jeans. Written in graphic format.

**Unraveled** Maxine Bedat,2021-06-01 Longlisted for the FT/McKinsey Business Book of the Year Award A groundbreaking chronicle of the birth--and death--of a pair of jeans, that exposes the fractures in our global supply chains, and our relationships to each other, ourselves, and the planet Take a look at your favorite pair of jeans. Maybe you bought them on Amazon or the Gap; maybe the tag says Made in Bangladesh or Made in Sri Lanka. But do you know where they really came from, how many thousands of miles they crossed, or the number of hands who picked, spun, wove, dyed,

packaged, shipped, and sold them to get to you? The fashion industry operates with radical opacity, and it's only getting worse to disguise countless environmental and labor abuses. It epitomizes the ravages inherent in the global economy, and all in the name of ensuring that we keep buying more while thinking less about its real cost. In *Unraveled*, entrepreneur, researcher, and advocate Maxine Bédat follows the life of an American icon--a pair of jeans--to reveal what really happens to give us our clothes. We visit a Texas cotton farm figuring out how to thrive without relying on fertilizers that poison the earth. Inside dyeing and weaving factories in China, where chemicals that are banned in the West slosh on factory floors and drain into waterways used to irrigate local family farms. Sewing floors in Bangladesh and Sri Lanka are crammed with women working for illegally low wages to produce garments as efficiently as machines. Back in America, our jeans get stowed, picked, and shipped out by Amazon warehouse workers pressed to be as quick as the robots primed to replace them. Finally, those jeans we had to have get sent to landfills--or, if they've been donated, shipped back around the world to Africa, where they're sold for pennies in secondhand markets or buried and burned in mountains of garbage. A sprawling, deeply researched, and provocative tour-de-force, *Unraveled* is not just the story of a pair of pants, but also the story of our global economy and our role in it. Told with piercing insight and unprecedented reporting, *Unraveled* challenges us to use our relationship with our jeans--and all that we wear--to reclaim our central role as citizens to refashion a society in which all people can thrive and preserve the planet for generations to come.
