One Day Young ,2017-05-02 Jenny Lewis is a photographer from East London who has spent the last five years taking portraits of mothers within the first 24-hours of giving birth. Lewis states she is documenting the quiet moment just after giving birth when the female identity of motherhood is being established'. In addition to featuring the portraits of 40 women the book includes an introduction by art and photography critic Lucy Davies as well as a number of personal quotes gathered from interviews about the first day of life and early motherhood.'

Gilgamesh Retold Jenny Lewis,2018-10-25 Jenny Lewis relocates Gilgamesh to its earlier, oral roots in a Sumerian society where men and women were more equal, the reigning deity of Gilgamesh's city, Uruk, was female (Inanna), only women were allowed to brew beer and keep taverns and women had their own language – emesal. With this shift of emphasis, Lewis captures the powerful allure of the world's oldest poem and gives it a fresh dynamic while creating a fastpaced narrative for a new generation of readers.

Hackney Studios Jenny Lewis,2017-04-06 Jenny Lewis spent three years in and out of studios across Hackney photographing a diverse range of artists inside their creative spaces. The result is a compelling picture of a creative community in the heart of East London at a time of great change as well as an unusual insight into the creative mind. Illustrators, filmmakers, jewellers, ceramicists and fashion designers not only invite us into their studio but also share their private thoughts about the creative process.

Fathom Jenny Lewis,2007 In 'Fathom', Jenny Lewis presents a collection of warm, personal poems about a woman's experience of life and love.

SPIN ,2006-05 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Taking Mesopotamia Jenny Lewis,2014 Taking Mesopotamia was originally inspired by Jenny Lewis's search for her lost father--the young South Wales Borderer who led his troops across the desert by starlight in the ill-fated Mesopotamian campaign of World War I. Through reconstructed diary extracts, witness statements, and a mixture of formal poems and free verse, the book extends into a wider exploration of the recent Iraq war seen from a woman's point of view--the horror of sons and daughters being sent into battle, the struggles of widows and orphans. Woven through the personal and geopolitical content is a more ancient strand inspired by The Epic of Gilgamesh, the world's first piece of written literature, whose themes of hubris, abuse of power, and fear of death show us how little the world has changed in 4,000 years.

The Girl Who Wasn't Dead Samantha Boyette,2017-09-12 Prom was supposed to be the biggest night of senior year, but for Jenny Lewis it was the night she almost died. The night someone drugged her, loaded her in a car, and dumped her body in the river. The next morning, her soaked prom dress was found on the riverbank. Her body was never found. People whispered that she'd killed herself or gotten drunk and stupid. People moved on, went to college, and stopped thinking about her. Months later, her ex-girlfriend and three other

classmates received a text from an unknown number accusing them of her murder and claiming to have proof. The text? It came from Jenny, not dead and ready to figure out who tried to kill her. There's going to be an impromptu reunion and no one is leaving until the would-be murderer steps forward.

Academic Governance Jenny Lewis, 2013-10-08 Academia is an important site for producing knowledge, which is crucial in driving economies and societies around the globe at the beginning of the 21st century. Yet surprisingly little is known about how contemporary universities are shaped by the formal and multiple demands they face from national policy requirements, particularly performance measurement. What effects do these policies have on individual universities and the academics who work within them? While policy surely has impacts on institutions and academics, there are also numerous other things that shape academic life. This book's starting point is that there are three main shaping forces that govern academia – intellectual curiosity, disciplinary traditions and research policy. Bringing these three levels together into a framework, this book examines how academia is governed, both formally and informally, bridging the different aspects of governing knowledge networks through a large multi-country study. Author Jenny Lewis uses a large empirical study of academics in three countries (Australia, Britain and New Zealand) and in the broad disciplinary areas of the humanities, social sciences and sciences, to demonstrate the analytical framework's application. The book also offers some needed directions on what policy should and can do, providing a snapshot of contemporary academic life in different disciplines and in different countries, from the perspective of academics on the frontline.

Valentine the Porcupine Dances Funny Derrick Brown, 2011-02 Valentine the porcupine loves to dance in her own way, regardless of what others think of her, but her unusual ways and her prickly spines make her worry that she'll never find someone to dance with her.

unstaged, unexpected moments and seeks out the strange night-time energy of a place and its people. See Berlin as it comes alive after dark and get lost in the underground scene of a city known for its alternative nightlife.

Fire Color One Jenny Valentine,2017-01-31 A finalist for the prestigious Carnegie Medal, this novel is a stunning tribute to fathers and daughters, and to the unique power of art to connect and change us. Sixteen-year-old Iris itches constantly for the strike of a match. But when she's caught setting one too many fires, she's dragged away to London before she can get arrested. At least, that's the story her mother tells. Soon Iris finds herself in the English countryside, where her millionaire father—a man she's never met—lives. Though not for very much longer. Iris's father is dying, and her self-interested mother is determined to claim his life's fortune, including his priceless art collection. Forced to live with him as part of an exploitive scheme, Iris quickly realizes her father is far different from the man she's been schooled to hate, and everything she thought she knew—about her father and herself—is suddenly unclear. But there may be hidden beauty in Iris's uncertain past and hopeful future, if only she can see beyond the flames. Praise for *Fire Color One*: It's not often—in fact, it has never happened to me even once—that I fall so hard for a young arsonist. Healthy Body, Healthy Brain Jenny Lewis,2010 This practical book is the result of Jenny Lewis's research and experience as a carer for her mother, who has suffered from senile dementia for fifteen years. Despite her mother's continually worsening condition, Jenny has always fostered an attitude of hope, and a determination to improve her mother's quality of life. In this book, she shares her advice. Counter-terrorism and the Post-democratic State Jenny Hocking,Colleen Lewis,2007 The war on terror and ongoing terrorist attacks around the world have generated a growing body of literature on national and international measures to counteract terrorist activity. This detailed study investigates an aspect of contemporary counter-terrorism that has been largely overlooked; the impact of these measures on the continued viability of the democratic state. Democratic nations are now facing an unprecedented challenge to respond to global terrorism without simultaneously overturning fundamental human and political rights. The book addresses the critical question of whether, in the context of the war on terror , the national security imperative has compromised the democratic state. This book draws together academics, public policy practitioners, politicians and journalists to discuss policies introduced by democratic governments which threaten the nature of the democratic state. It will be of great interest to graduate and undergraduate students in politics, public policy, international relations, criminology and terrorism and counter-terrorism studies.

The Mother of Black Hollywood Jenifer Lewis,2017-11-14 National Book Club Conference ‘Book of the Year’ Award Winner From her more than three hundred appearances for film and television, stage and cabaret, performing comedy or drama, as an unforgettable lead or a scene stealing supporting character, Jenifer Lewis has established herself as one of the most respected, admired, talented, and versatile entertainers working today. This “Mega Diva” and costar of the hit sitcom *black-ish* bares her soul in this touching and poignant—and at times side-splittingly hilarious—memoir of a Midwestern girl with a dream, whose journey took her from poverty to the big screen, and

along the way earned her many accolades. With candor and warmth, Jenifer Lewis reveals the heart of a woman who lives life to the fullest. This multitalented “force of nature” landed her first Broadway role within eleven days of her graduation from college and later earned the title “Reigning Queen of High-Camp Cabaret.” In the audaciously honest voice that her fans adore, Jenifer describes her transition to Hollywood, with guest roles on hits like *The Fresh Prince of Bel-Air* and *Friends*. Her movie *Jackie’s Back!* became a cult favorite, and as the “Mama” to characters portrayed by Whitney Houston, Tupac Shakur, Taraji P. Henson, and many more, Jenifer cemented her status as the “Mother of Black Hollywood.” When an undiagnosed mental illness stymies Jenifer’s career, culminating in a breakdown while filming *The Temptations*, her quest for wholeness becomes a harrowing and inspiring tale, including revelations of bipolar disorder and sex addiction. Written with no-holds-barred honesty and illustrated with more than forty color photographs, this gripping memoir is filled with insights gained through a unique life that offers a universal message: “Love yourself so that love will not be a stranger when it comes.”
