🔖 [MURDER CAN BE MURDER](#) HOWARD OF WARWICK,2023-03-24 It’s only murder, why is it so difficult? When Brother Hermitage is approached on the streets of Derby, he knows that it is going to be bad news. As King William’s duly appointed investigator, everything is bad news. But young Fridolf, an apprentice goldsmith from London has the most bizarre request concerning a murder that Hermitage has ever heard. Still, at least he has the opportunity to make things very clear and put the young man straight before sending him on his way. Until Wat and Cwen explain that Hermitage hasn’t made anything clear at all and that if calamity is to be avoided, some action is needed. Luckily, for a weaver’s workshop, Wat’s home has a surfeit of investigators and so a despatch to London will not be a problem. And a trip to London, just to make sure everything is all right, will be a positive pleasure. Until those despatched get themselves in trouble, of course. Most unreasonably of all, those wretched Normans have decided that the old Saxon punishment for murder, a hefty fine, is no longer sufficient. They have something much more permanent in mind. Containing many facts, including the Saxon defeat of the Norman army in 1066, and a real-life sheriff of London, Murder Can Be Murder goes where other medieval mysteries wouldn’t bother. Howard of Warwick, now a UK top 20 Amazon best-seller, brings more real life to the medieval murder mystery. Along with real confusion, greed and all-around incompetence. Previous chronicles, of which there are many, have been commented upon. 5\* Fantastic series 5\* Hilarious 5\* You know you’re in for a good giggle 1\* Reads like an episode of Blackadder

🔖 [KOBO, A STORY OF THE RUSSO-JAPANESE WAR](#) HERBERT STRANG,1905 It is now nearly ten years since, on one of the bridges in Osaka, I watched a battalion of the Imperial Guards marching to the China war. The Chinese had been driven across the Yalu and hustled through Manchuria; the guards were to assist in carrying the war, if necessary, to the walls of Peking. There was something in the bearing of those short, sturdy, alert little soldiers to arrest the attention and give food for thought. They had all the purposeful air of our own Gurkhas, with a look of keener intelligence, and a joyous eagerness that thrilled the observer. In the China war the Japanese were for the first time measuring their strength. It was merely practice for the great struggle with the Colossus of the North which all knew to be inevitable, however long delayed. The humbling of China cost Japan little real effort, and we in this country hardly realized all that was at stake when European diplomacy robbed the victor of the fruits of victory. The part of Great Britain at that period was regarded, perhaps justly, by the Japanese as something less than that of the warm friend and well-wisher she was supposed to be. Yet, in common with other English visitors to their country, I never met with aught but perfect courtesy and smiling hospitality. The politeness and self-restraint of the people, and their extraordinary military promise, were among my strongest impressions of Japan. How completely they have been justified the history of the past ten years and of the present struggle has shown.

🔖 [OLD SCHUYLKILL TALES](#) ELLA ZERBEY ELLIOTT,1906 The local history of Schuylkill County, Pennsylvania is full of interesting stories about the intrepid souls who settled there, building the first towns and industries of the region. This is a well-researched and superbly composed chronicle which traverses various aspects of Schuylkill life. It begins with a profile of the German settlers who were the majority group who established themselves in areas of Penn State during the mid-1700s. We continue onto accounts of the initial settlements; essential matters include agriculture and an effective defense from aggressive Native American tribes. To better place the reader character profiles are given, describing certain people and the environs that surrounded them. As the decades went by, hamlets and villages grew into towns such as Pottsville. New industries were born and developed rapidly as the population burgeoned. The discovery of coal plus the advent of steam engines and the railroad led the economy of Schuylkill to prosperity. Churches were built to keep the locals mindful of the Lord, and schools were set up to educate the new generations. Amid all this activity, many intriguing stories and events ensued - together, these bring alive a distant era of grit, determination and hardiness.
