Hands on the Railing Dr. Robert Emerson Sylvester, 2014-07-03 The Reverend W.O. Stone was a force to contend with. When he and his family moved to Bemis, a small mill town south of Jackson, Tennessee, they knew that they were entering a community divided by history, by hatred, by race, and by stubborn Southern tradition. But Reverend Stone—a man of great and profound faith—reached out, risked everything, and did his part to forge a brighter future for his community by confronting the harsh realities of racism and segregation. There, Reverend Stone and his wife raised five children amid dark and dangerous times in American history. As told through the eyes and memory of his middle child, Virginia, *Hands on the Railing* provides an intimate and personal glimpse into the lives of this brave and forward-thinking man and the people he loved, worked with, and prayed for. He survived the ugliest moments of a time when violence ruled the day, including the burning of a church, attacks on his dignity and person, and many unkind words along the way. Disillusioned by the seedy side of Southern pride and ignorance, his faith was sorely tested. But through experience and by the power of faith on bended knee, the good reverend struggled to find the strength, courage, and wisdom to confront the many demons in his life, both within and without. Through it all, W.O. was a spellbinding preacher, a loving husband, and a good father, a man who made his mark in the world with dignity, faith, and honor.

The Godson Ben Wilson, 2011-05-01 In 1979, Admiral of the Fleet Lord Mountbatten of Burma was assassinated by the IRA when his yacht was blown up, killing several other members of his family. This charismatic sailor who was Prince Phillip's uncle and related to most of the royal families of

Europe, was admired by the officers and crew of the ships that he captained. It seemed inconceivable that either of these groups would sit back and allow this outrage to go unanswered. In *The Godson*, a novel that combines truth and fiction, two parties mobilize and travel to Southern Ireland in search of the killers. They join forces, and with the Admiral's godson in the lead, wreak terrible vengeance on those they exposed for their part in the murders. Lieutenant Harry MacTaggart RN and ex-Chief Stoker Ginger Smith fight a gallant rear guard action against these traitors, and only overcome by showing true naval grit. *The Godson* is an unforgettable and An Explosive Novel.

Rising from the Darkness D.A. Bale, 2015-07-01 It's finally here – the explosive finale of the *Deepest Darkness* series. Samantha Bartlett has a new mission – and this time it's one of her own choosing. Armed with information worth killing for, Samantha pieces together secrets spanning generations and uncovers the key to Debrille's plans, including the horror of his true identity. But will it be enough for redemption? Especially when facing the bridges she's burned? Life was once clearly black or white, but now Joe Roberts has a target on his back – and it's sighted by his boss at the FBI.

It's not just from running off with their primary suspect in President Warner's murder and then allowing her to escape. No. He's the Elite's latest scapegoat. That alone begs the question. Is Sam a cold-blooded killer or a mere pawn used in a global chess game? World War III looms on the horizon as the Middle East threatens to implode, world alliances are scrapped, and a once tenuous truce with a former enemy collapses – all under President Durksen's watch. Shadowed by the Elite's constant and vigilant guard, Durksen must find a way out of the hole he dug for himself long ago. But can he accomplish it in time, or will the United States die like so many nations before it? Explosions light up the night. Friend becomes foe. Sister against sister. Lives are lost. Sacrifices made. But in order to realize true freedom, evil must be defeated. No matter the cost.

Working-class writing and publishing in the late twentieth century Tom

Woodin,2018-08-22 From the early 1970s, working class writing and publishing in local communities rapidly proliferated into a national movement. This book is the first full evaluation of these developments and opens up new perspectives on literature, culture, class and identity over the past 50 years. Its origins are traced in the context of international shifts in class politics, civil rights, personal expression and cultural change. The writing of young people, older people, adult literacy groups as well as writing workshops is analysed. Thematic chapters explore how audiences consumed this work, the learning of writers, the fierce debates over identity, class and organisation, as well as changing relations with mainstream institutions. The book is accessibly written but engages with a wide range of scholarly work in history, education, cultural studies, literature and sociology. It will be of interest to lecturers and students in these areas as well as the general reader.
