Principles of Fraud Examination Joseph T. Wells, 2014-04-21 Accountants have historically had an important role in the detection and deterrence of fraud. As Joe Wells' *Principles of Fraud Examination* 4th edition illustrates, fraud is much more than numbers; books and records don't commit fraud – people do. Widely embraced by fraud examination instructors across the country, *Principles of Fraud Examination*, 4th Edition, by Joseph Wells, is written to provide a broad understanding of fraud to today's accounting students – what it is and how it is committed, prevented, detected, and resolved. This 4th edition of the text includes a chapter on frauds perpetrated against organizations by individuals outside their staff—a growing threat for many entities as commerce increasingly crosses technological and geographical borders.

Jack Rivers – The Last Ruble Joe Wells, 2020-04-05 Jack Rivers in *The Last Ruble* helps the CDC. I make about \$5 per book for Kindle or the Paperback. I will give my profits to the CDC until the end of May 2020. This is the completed book with all 3 parts. Part 1 - The Escape Part 2 - The Assassins Part 3 - The Hunt ABOUT THIS BOOK. This book is about loyalty. What is loyalty? I think this term may have different meanings for different people. This being a given assumption. Many words may flash through your mind when you think of this word. Faithfulness, devotion, allegiance, unselfish, fidelity, commitment or adherence to a pledge made to one self or another. This list can go on and on. Is loyalty natural? Is this trait born in us or does it develop based upon one's environmental upbringing? This I am not completely clear upon. Is loyalty inherited? I am not sure of this either, but my loyalty was instilled in me by upbringing. Being taught not offer blind loyalty. In many ways loyalty seems to be a pick and choose trait one develops in life. I think this is good way to approach loyalty. Be loyal but be honest. If you commit. You are in the game until the end. When I commit to being loyalty to someone or a task. Then I have given my word. And without your words being binding. There is no loyalty. If you notice someone using the phrase - I promise. It will only be a short time for one to recognize if this person is a loyal person. Loyalty does not mean you win every time. If you pledge your loyalty then you must be honest. Therefore, if you are honest and cannot complete the promised task at hand. Then say so. As this is loyalty. How does this word relate to Jack Rivers in *The Last Ruble*. The two main characters in this book. Valdamire and Jack Rivers are two men who take their word as their bond. This creates their loyalty to themselves, the friends and family. They will lose loved ones and friends, but not because they let someone down or broke their word. Sometimes all cannot not be controlled. In this book. Life, love, romance and death are around every corner.

Trust is broken. Is it broken for the right reasons? In some cases you will learn there are different degrees of loyalty. And the question may arise if I was loyalty to a person before another. Are there rankings for loyalty? This book starts in 1917 and ends today. Travel the world with these two treasure hunters who seek answers. And live by their word through war and love. There is nothing they will not do to protect. Is this book about Joe D. Wells? Yes it is in many ways one might not imagine.

Tom's Dad. Joe Wells, 2019-04-03 Another delightful children's book by Joe Wells telling the story of the rather accident prone Tom's dad, his exploits when trying to paint the house, to driving his car into the duck pond and an unfortunate episode when attempting to bell ring at the local church. Tom's dad continues with losing his shorts at the school father's running race and later being dragged by dogs when he helps with the dog walking. He suffers more accidents until he finally succeeds when he attacks an old tree with a chainsaw and produces a rather wonderful carving making his son very proud of him. This book is entertaining for children of 5 to 8 years of age, with wonderful illustrations for the children and a few jokes for the adults who may be reading to them.

The Case of the Grease Monkey's Uncle. Joe Wells, 2020-07-12 Set in 1947 The Case of the Grease Monkey's Uncle tells the story of James Arbuthnott and Archibald Cluff, two recently demobbed soldiers and their first case for the Arbuthnott and Cluff Detective Agency. An unlikely pairing, James was the taller of the two, with wavy fair hair and a moustache to match, very much the Officer and Gentleman and although of Scottish descent he had no trace of an accent, educated at Eton he had that distinguished confident air that immediately says, good breeding whilst his colleague was shorter and an altogether rougher diamond with ginger hair, from the East End of London, it would be true to say that one was tall and good looking whilst the other was not so lucky in the looks department and was built like a brick out house. Their first case involves the mysterious disappearance of the Uncle of William Trubshaw and involves, criminality, murder, intrigue, heroism and occasionally downright stupidity.

Shadow Lovers UK Edition Andrea Lynn,2019-12-06 Nearing 70, and in what would be the last decade of his life, H.G. Wells fell in love at least three times - once with the much younger Baroness Budberg, and soon thereafter with two well-born Americans, Constance Coolidge and Martha Gelhorn, 25 and 40 years his junior respectively. These would constitute what Wells himself described as his last flounderings towards the wife idea, and demonstrate in many ways that Wells was driven less by his considerable intelligence than by his obsession to find his ideal lover - what he called his lover-shadow. This study looks at this very personal side of H.G. Wells. The self-proclaimed Don Juan was said to have radiated energy: intellectual, emotional, physical and sexual. Drawing on papers made public by the Wells estate, the author documents Wells' relationship with each of these femme fatales and paints a vivid portrait of the early part of the 20th century in London, Paris and the US.

Stardust International Raceway Randall Cannon,Michael Gerry,2018-09-24 Professional motorsports came to Las Vegas in the mid-1950s at a bankrupt horse track swarmed by gamblers--and soon became enmeshed with the government and organized crime. By 1965, the Vegas racing game moved from makeshift facilities to Stardust International Raceway, constructed with real grandstands, sanitary facilities and air-conditioned timing towers. Stardust would host the biggest racing names of the era--Mario Andretti, Parnelli Jones, John Surtees, Mark Donohue, Bobby Unser, Dan Gurney and Don Garlits among them. Established by a notorious racketeer, the track stood at the confluence of shadowy elements--wiretaps, casino skimming, Howard Hughes, and the beginnings of Watergate. The author traces the Stardust's colorful history through the auto racing monthlies, national newspapers, extensive interviews and the files of the FBI.

through time on the many adventures of two unlikely heroes. Chapter 5I said loudly.I will be out in a minute.It happened again. I finished and as I turned to walk out, the door slammed into me again. I pushed back as hard as I could, when I heard a reply.Oh, my nose, I think he broke my nose.I walked out and said.Do that again and I will break more than your nose. Then at that moment, I felt a sharp pain in my left kidney and dropped to one knee. I had been punched hard.I heard a second voice from behind me.We do the breaking around here, American.I tried to get up, but a fist hit me in the middle of my back, and then the voice of the man hitting me said.You stay down, American. This is our club.In pain I asked.Who are you guys and why are you doing this? I am just here to party a little.This time I did not try to move, but looked back under my body to see where the second guy was standing; the floor was nasty and slippery. Looking up, the first guy was still holding his nose. He looked down at me and said.We are your worst nightmare, American. Chapter 10 Approaching was the railroad refueling station, and then they saw what was causing the smell. The train depot sat next to the railroad tracks; the village was behind it. From their high vantage point, Vladimir and Viktor began to see burning piles of ash in front of homes and store fronts. They looked at one another; they were still trying to confirm what they knew they were seeing. Then as the depot approached, their imaginations were confirmed. The piles of smoldering ash were bodies. On the porch lay what looked like a father, wife and a child. They could not tell if the child was a boy or girl. They saw the remains of a charcoaled chair with the depot master still at his post in the chair. They could tell he was old; he was hunched over and burnt to a crisp, still wearing what was left of his train station hat.Viktor spoke first, again.We're not at war. Who could have done this?I'm not sure, Vladimir said, But they are leaving no witnesses. Joe discusses some edit he has made to this book. The Assassins Joe D. Wells, 2014-01 I wrote *The Last Ruble – Part I – A Story is Born* to setup this book – *The Last Ruble – Part II – The Assassins*. Part I introduces to the stories' two main characters – Jack Rivers and Vladimir. In Part I, you meet Jack who is an investment banker working for a small firm in Memphis. Jack has no fear and goes after the larger accounts which can only normally be obtained by the larger, well-known brokerage firms on Wall Street. But he never gives up, finally getting his chance to trade the markets with the big boys. His clients are from the Middle East and have more in mind for Jack than just trading the markets for them. It seems his hard work and trait of never giving up has caught their attention and they send him off on a journey to look for hidden treasure. Also in Part I, you meet Vladimir, who is a Russian soldier living in the early 1900's, versus Jack who is living in present times. Vladimir and a group of other Russian soldiers are involuntarily recruited to learn to become Americans to try and save the sole survivor of the Russian royal family after the 1917 take over. All of the members of the Royal Family are executed but one. It becomes Vladimir's job to get the baby out of Russia and to his new life in America at all cost. The baby carries a hidden secret which few know about, but many are willing to die for to learn. Now in Part II, both Jack and Vladimir continue their separate journeys. Jack on one hand is seeking to find the map to the sunken treasure, while Vladimir is trying to hide and protect his family from those who seek the map. Neither man knows one another in Part I, but their lives, which they are living in different times, begin to come together in Part II. In Part II, Vladimir is put to the test about family loyalty. He lost his first family in Russia (Part I) and wonders if he will ever see them again. Then again in Part II, after getting his second family to America, he is put to the test so hard he considers ending it all to escape the horror brought into his life. In Part II, both men are in New Orleans. Jack is searching the past for Vladimir, who leaves New Orleans many years before Jack arrives, but Jack finds clues, which leads him to Key West, where he learns more about Vladimir and in turn he is cursed with the knowledge of the King's hidden treasure, which is handed down to him, by no other than Vladimir. Along the way, both men encounter good and not so good situations. Some funny and some not so funny. Book excerpt Chapter 3 John J. picked up his son in a

playful manner, spun him around, tossing him into the air and catching him in his arms face down. He then caught Antoinette off guard when he pointed to the scare on the back of Little John's leg and asked. "What's this on Little John's leg?" Responding without taking a closer look, she replied. "It's a birthmark." Questioning her response, John T. said firmly. "I've never seen a birthmark like this." Antoinette looked away from John J. and replied. "All are not the same." Still in a questioning tone, John T said. "None are like this." Again, without looking at John J., she responded. "You worry a lot." He replied. "I worry about those for whom I care." Again Antoinette replied. "You shouldn't worry so much." Firmly, John T. said. "I must never let my guard down if I'm to protect you two." Antoinette finally looked at John J. and said. "We're in America, what could go wrong?" John J. replied. "You don't know the determination of my people, they never quit." Almost in a pleading voice, Antoinette replied. "I'm not supposed to tell you." "Tell me what?" John J. continued in a questioning voice. Her voice weaken, as she knew he would not let up, so she continued. "About the birthmark." John J. lifted his shirt to expose his ribs and said. "This is the mark of a surgeon's knife. He cut me open to remove a bullet from my ribs and then stitched me back together. Little John's scar is not natural."
