

John Adams

John Torrey Morse

John Adams David McCullough, 2008-01-29 Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

Passionate Sage: The Character and Legacy of John Adams Joseph J. Ellis, 2011-02-14 An absorbing, insightful profile of the revolutionary leader, president, husband, and father from one of our best historians, now in a beautiful new package. John Adams was unique among the nation's founders in leaving a record of his most intimate thoughts and feelings. Instinctively candid and politically incisive, Adams offers the clearest view of the ambitions and principles that drove the revolutionary generation. *Passionate Sage* offers a brilliant introduction to the second president: his politics, his affinities for family and friendship even with political opponents like Jefferson, and his enduring significance. "Ellis's palpable affection lends a pleasing glow to his profile of Adams, which is why *Passionate Sage* is his best book."—Judith Shulevitz, *New York Times Book Review* "Impassioned and erudite. . . . A captivating portrait of this Massachusetts native as a wonderfully contrary genius possessed of an uncommon moral intelligence and farsighted political wisdom."—Michiko Kakutani, *New York Times* "The best portrait of a Revolutionary-era statesman."—Evan Thomas, *Wall Street Journal*

John Adams Andrew Santella, 2003 A biography of the man elected second president of the United States, discussing his personal life, education, and political career.

John Adams John Ferling, 2010-02-09 John Ferling has nearly forty years of experience as a historian of early America. The author of acclaimed histories such as *A Leap into the Dark* and *Almost a Miracle*, he has appeared on many TV and film documentaries on this pivotal period of our history. In *John Adams: A Life*, Ferling offers a compelling portrait of one of the giants of the Revolutionary era. Drawing on extensive research, Ferling depicts a reluctant revolutionary, a leader who was deeply troubled by the warfare that he helped to make, and a fiercely independent statesman. The book brings to life an exciting time, an age in which Adams played an important political and intellectual role. Indeed, few were more instrumental in making American independence a reality. He performed yeoman's service in the Continental Congress during the revolution and was a key figure in negotiating the treaty that brought peace following the long War of Independence. He held the highest office in the land and as president he courageously chose to pursue a course that he thought best for the nation, though it was fraught with personal political dangers. Adams emerges here a man full of contradictions. He could be petty and jealous, but also meditative, insightful, and provocative. In private and with friends he could be engagingly witty. He was terribly self-centered, but in his relationship with his wife and children his shortcomings were tempered by a deep, abiding love. John Ferling's masterful *John Adams: A Life* is a singular biography of the man who succeeded George Washington in the presidency and shepherded the fragile new nation through the most dangerous of times.

John Adams John Torrey Morse, 1884

Familiar Letters of John Adams and His Wife Abigail Adams, During the Revolution John Adams, Charles Francis Adams, 1876

John Adams John Patrick Diggins, 2003-06-11 A revealing look at the true beginning of American politics Until recently rescued by David McCullough, John Adams has always been overshadowed by Washington and Jefferson. Volatile, impulsive, irritable, and self-pitying, Adams seemed temperamentally unsuited for the presidency. Yet in many ways he was the perfect successor to Washington in terms of ability, experience, and popularity. Possessed of a far-ranging intelligence, Adams took office amid the birth of the government and multiple crises. As well as maintaining neutrality and regaining peace, his administration created the Department of the Navy, put the army on a surer footing, and left a solvent treasury. One of his shrewdest acts was surely the appointment of moderate Federalist John Marshall as Chief Justice of the Supreme Court. Though he was a Federalist, Adams sought to work outside the still-forming party system. In the end, this would be his greatest failing and most useful lesson to later leaders. Diggins's slim volume offers a reconsideration of Adams, a thoughtful study of American politics of the period and Adams's legacy for today. - Publishers Weekly

The Revolutionary John Adams, 2006 A biography of John Adams with emphasis on his role in the American Revolution.

John Adams and the Spirit of Liberty C. Bradley Thompson, 1998 In reexamining John Adams's political thought, Thompson reconstructs the contours and influences of Adams's mental universe, the ideas he challenged, the problems he considered central to constitution-making, and methods of his reasoning.

The Presidency of John Adams Ralph A. Brown, 1975 The administration of John Adams was a period of rapid change, internal discord, and the continual threat of war. Few of the nation's chief executives have been subjected to such immediate and ever-present danger of foreign involvement and national destruction, to such bitter animosities and serious cleavages within their administrations, or to such constant need for decision making as was John Adams. In the face of such adversity Adams successfully pursued a policy of neutrality and conciliation and, in so doing, provided time for the country to grow strong and to prosper. Yet, despite the seriousness of the country's problems and the contributions of his administration, he is seldom designated as one of the great American presidents. Of the many who helped create the nation and lead it through those first difficult years, Adams alone has come to be judged largely in terms of the descriptions and appraisals written by his personal enemies and political detractors. Over the years, historians have generally accepted and emphasized the weaknesses, faults, and mistakes his opponents ascribed to him. In this volume, however, Ralph Adams Brown presents a new evaluation of John Adams and of his four years in the presidency. The portrait drawn by Adams's enemies disappears and the second president emerges as a world citizen whose insight, judgment, and perseverance held the young nation together in a critical period. This volume focuses closely on the most significant aspect of Adams's presidency, foreign affairs. As an emerging nation without economic stability or military might, the United States could have become hopelessly caught in the web of European intrigues and power struggles. Adams not only faced serious problems with France and Spain, but also had to be continually alert to the complexities of the nation's relationship with Great Britain. Brown examines the country's increasing concern with matters of defense, and traces Adams's successful efforts to evade foreign entanglements. Unfortunately, many of Adams's important decisions and policies ran counter to the wishes of strong, ambitious, and verbal elements in his own political party. Describing the vicious personal attacks to which Adams was subjected, and the devious and disloyal maneuvers of his cabinet members, Brown traces Adams's difficulties with Timothy Pickens, James McHenry, Oliver Wolcott, Jr., Alexander Hamilton, and others. He documents Adams's steadfastness to his ideals and principles, despite the hostility, exaggerated accusations, and perfidy that surrounded him. Based on more than five years of intensive

research, much of in primary sources, Brown's study sheds new light on the many national problems between 1797 and 1801. Most important, it stands as a reassessment of Adams as a shrewd, sensitive, experienced diplomat; a man of fiery beliefs tempered by superior insight and judgment; a man who, despite his love of freedom and his enthusiasm for the the American Revolution, feared war and mob violence; a man favored broad social reforms and change of government by due process; a man who contributed to the development of the presidency by working diligently to maintain the independence and integrity of the executive office.

John Quincy Adams Fred Kaplan, 2014-05-06 "There is much to praise in this extensively researched book, which is certainly one of the finest biographies of a sadly underrated man. . . . [Kaplan is] a master historian and biographer. . . . If he could read this biography, Adams would be satisfied that he had been fairly dealt with at last." —Carol Berkin, Washington Post In this fresh and illuminating biography, Fred Kaplan, the acclaimed author of *Lincoln*, brings into focus the dramatic life of John Quincy Adams—the little-known and much-misunderstood sixth president of the United States and the first son of John and Abigail Adams—and reveals how Adams' inspiring, progressive vision guided his life and helped shape the course of America. Kaplan draws on a trove of unpublished archival material to trace Adams' evolution from his childhood during the Revolutionary War to his brilliant years as Secretary of State to his time in the White House and beyond. He examines Adams' myriad sides: the public and private man, the statesman and writer, the wise thinker and passionate advocate, the leading abolitionist and fervent federalist. In these ways, Adams was a predecessor of Lincoln and, later, FDR and Obama. This sweeping biography makes clear how Adams' forward-thinking values, his definition of leadership, and his vision for the nation's future is as much about twenty-first-century America as it is about Adams' own time. Meticulously researched and masterfully written, *John Quincy Adams* paints a rich portrait of this brilliant leader and his vision for a young nation.

Thoughts on Government : Applicable to the Present State of the American Colonies. John Adams,

The Works of John Adams, Second President of the United States John Adams, 1850

John Adams: 2nd U.S. President Joeming Dunn, 2011-09-01 Graphic Planet is bringing the Presidents of the United States to BioGraphics! World-class art presents young readers a pictorial chronology of John Adams's life, background on his campaign to be president, major influences on the country, and his influence on history. John Adams Under Fire David Fisher, Dan Abrams, 2020-03-03 Look for Dan Abrams and David Fisher's new book, *Kennedy's Avenger: Assassination, Conspiracy, and the Forgotten Trial of Jack Ruby*. *NOW A NEW YORK TIMES BESTSELLER* "An expert, extremely detailed account of John Adams' finest hour."—Kirkus Reviews Honoring the 250th Anniversary of the Boston Massacre The New York Times bestselling author of *Lincoln's Last Trial* and host of *LivePD* Dan Abrams and David Fisher tell the story of a trial that would change history. An eye-opening story of America on the edge of revolution. History remembers John Adams as a Founding Father and our country's second president. But in the tense years before the American Revolution, he was still just a lawyer, fighting for justice in one of the most explosive murder trials of the era—the Boston Massacre, where five civilians died from shots fired by British soldiers. Drawing on Adams's own words from the trial transcript, Dan Abrams and David Fisher transport readers to colonial Boston, a city roiling with rebellion, where British military forces and American colonists lived side by side, waiting for the spark that would start a war.

John Adams Jim Whiting, 2007-03 For many years, most people didn't think very highly of John Adams. He was regarded as a small man between the two giants, George Washington and Thomas Jefferson. Today, this opinion is changing. Adams is increasingly honored for his many contributions to the cause of liberty. He helped draft the Declaration of Independence. He urged the appointment of George Washington to lead the Continental Army. He did valuable work in Europe to help the colonists in their struggle. And he served as the second president of the United States. This is the story of an amazingly honorable man and the times that helped mold him.

John Adams Stephen Feinstein, 2002 A biography of the second President of the United States, who also served as the country's ambassador to France and as its first Vice President. Includes Internet links to Web sites, source documents, and photographs related to John Adams.

John Adams Heidi M.D. Elston, 2020-08-01 This biography introduces readers to John Adams including his early political career and key events from Adams's administration including the French Revolution, the Alien and Sedition Acts. Information about his childhood, family, personal life, and retirement years is included. A timeline, fast facts, and sidebars provide additional information. Aligned to Common Core Standards and correlated to state standards. Checkerboard Library is an imprint of Abdo Publishing, a division of ABD0.

John Adams Muriel L. Dubois, 2003 A biography of the second president of the United States, covering his childhood, his marriage to Abigail Smith, and his role in creating the United States government.

John Adams and the Diplomacy of the American Revolution James H. Hutson, 2014-07-15 The figure of John Adams looms large in American foreign relations of the Revolutionary and post-Revolutionary years. James H. Hutson captures this elusive personality of this remarkable figure, highlighting the triumphs and the despairs that Adams experienced as he sought -- at times, he felt, single-handedly -- to establish the new Republic on a solid footing among the nations of the world. Benjamin Franklin, thirty years Adams's senior and already a world-respected figure, was his personal nemesis, seeming always to dog his steps in his diplomatic missions. The diplomacy of the American Revolution as exemplified by John Adams was not radically revolutionary or peculiarly American. Whereas the prevailing progressive interpretation of Revolutionary diplomacy sees it as repudiating the standard European theories and practices, Hutson finds that Adams adhered consistently to a policy that was in fact basically European and conservative. Adams assumed -- as did his contemporaries -- that power was aggressive and that it should be contained in a balance, so his actions while in diplomatic service were generally directed toward this goal. Adams's basic ideas survived his turbulent diplomatic missions with undiminished coherence. For him the value of the protective system of the balance of power -- having been tested in the harsh theater of European diplomacy -- was indisputable and could be applied to domestic political arrangements as well as to international relations.

John Adams Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be more evident than ever. They have

the capability to inspire, provoke, and ignite change.
