Midnight in the Garden of Good and Evil John Berendt, 1994-01-13 NATIONAL BESTSELLER • A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author “Elegant and wicked . . . might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.”—The New York Times Book Review Shots rang out in Savannah’s grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman’s Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the “soul of pampered self-absorption”; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus,

with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.

They are at the center of a multimillion-dollar legal hurricane: twelve men and women who have been investigated, watched, manipulated, and harassed by high-priced lawyers and consultants who will stop at nothing to secure a verdict. Now the jury must make a decision in the most explosive civil trial of the century, a precedent-setting lawsuit against a giant tobacco company. But only a handful of people know the truth: that this jury has a leader, and the verdict belongs to him. He is known only as Juror #2. But he has a name, a past, and he has planned his every move with the help of a beautiful woman on the outside. Picture Cycle Masha Tupitsyn, 2019-11-19 A multigenre investigation of the personal and cultural annals of memory, identity, and spectatorship, both on and off the screen. In exchange for studying what each fraudulent cell looks like under a merciless commercial and commodified lens, viewers enable late-capitalism to run more smoothly by calling in with their votes, as is the case with Reality TV. From the inside, secrecy appears eradicated, as though secrets or coded transparencies comprise the totality of injustice, rather than just one part. Justice is reduced to a vantage point. We see and we see and we see ad infinitum. --from *Picture Cycle* With her debut collection *Beauty Talk & Monsters* (2007), Masha Tupitsyn established a new genre of hybrid

writing that melded film criticism, philosophy, and autobiography. *Picture Cycle* continues Tupitsyn's multigenre investigation of the personal and cultural annals of memory, identity, and spectatorship, both on and off the screen. Composed over a ten-year period, *Picture Cycle* is a pioneering collection whose sharp and knowing vignette-like essays form a critical autobiography of the daily images in our lives. Deftly covering a range of theoretical and cinematic frameworks, Tupitsyn traces here the quickly vanishing line between onscreen and offscreen, predigital and postdigital. The result is a unique intellectual study of the uncanny formation of our life's biographies through images.

Cosmic Banditos A. C. Weisbecker, 2001-03-01 Soon to be a major motion picture starring John Cusack! Mr. Quark is a down-on-his luck pot-smuggler hiding out in the mountains of Colombia with his dog, High Pockets, and a small band of banditos led by the irascible Jose. Only months before, these three and their fearless associates were rolling in millions in cash and high-grade marijuana, eluding prosecution on "ridiculously false" drug and terrorism charges. But times have quickly grown lean, and to liven up their exile, Jose decides to mug a family of American tourists. Among the spoils are physics texts, which launch Mr. Quark on a side-splitting, boisterous adventure north to California, where he confronts the owner of the books with his own theories on relativity, the nature of the universe, and looking for the meaning of life in all the wrong places....

Reluctant Celebrity Lorraine York, 2018-01-17 In this book, Lorraine York examines the figure of the celebrity who expresses discomfort with his or her intense condition of social visibility. Bringing together the fields of celebrity studies and what Ann Cvetkovich has called the “affective turn in cultural studies”, York studies the mixed affect of reluctance, as it is performed by public figures in the entertainment industries. Setting aside the question of whether these performances are offered “in good faith” or not, York theorizes reluctance as the affective meeting ground of seemingly opposite emotions: disinclination and inclination. The figures under study in this book are John Cusack, Robert De Niro, and Daniel Craig—three white, straight, cis-gendered-male cinematic stars who have persistently and publicly expressed a feeling of reluctance about their celebrity. York examines how the performance of reluctance, which is generally admired in celebrities, builds up cultural prestige that can then be turned to other purposes.

Must Love Dogs: Lucky Enough Claire Cook, 2022-03-04 “Must Love Dogs has already been a major motion picture, and now New York Times bestselling author Claire Cook’s hilarious and heartwarming book series is begging to hit the screen again.”—New York Journal of Books If you live in Marshbury, Massachusetts, that picture postcard perfect seaside town an hour south of

Boston and the epicenter of the Irish Riviera, it's pretty much mandatory to be a little bit Irish for the whole month of March. Preschool teacher Sarah probably should have warned John about that once they bought the Hurlihy family house. And she definitely should have told him that half the town would be watching the St. Patrick's Day parade from their front yard. In her defense, Sarah has a lot on her plate. Hormones are flying every which way as she and John ramp up their fertility journey, their five rescue cats get spayed and neutered, and assistant teacher-slash-housemate Polly gets ready to give birth with Sarah's bossy big sister as her labor coach. To add to the chaos, a new garage addition with a secret exit is about to go up, Sarah's dad is still living and dating away in his mancave, they can't seem to get that canned ham trailer removed from the yard, and one of the dogs needs a name change. And like that's not enough, Bayberry Preschool is filled with malarkey and shenanigans and a wily green leprechaun is on the loose. If you're lucky enough to enjoy another fun adventure with Must Love Dogs' loveably quirky cast of characters, you really are lucky enough. Jump right in—you'll be wagging your tail in no time. The Sacred in Fantastic Fandom Carole M. Cusack, John W. Morehead, Venetia Laura Delano Robertson, 2019-04-23 To the casual observer, similarities between fan communities and religious believers are difficult to find. Religion is traditional, institutional, and serious; whereas fandom is contemporary, individualistic, and fun. Can the robes of nuns and priests be compared to cosplay outfits of Jedi Knights and anime characters? Can travelling to fan conventions be understood as pilgrimages to the shrines of saints? These new essays investigate fan activities connected to books, film, and online games, such as Harry Potter-themed weddings, using The Hobbit as a sacred text, and taking on heroic roles in World of Warcraft. Young Muslim women cosplayers are brought into conversation with Chaos magicians who use pop culture tropes and characters. A range of canonical texts, such as Supernatural, Buffy the Vampire Slayer, and Sherlock--are examined in terms of the pleasure and enchantment of repeated viewing. Popular culture is

revealed to be a fertile source of religious and spiritual creativity in the contemporary world.
