Such Big Dreams Reema Patel,2022-05-10 A savvy former street child working at a law office in Mumbai fights for redemption and a chance to live life on her own terms in this “smart, haunting, and compulsively readable” (Amy Jones, author of We’re All in This Together) debut novel about fortune and survival. “A heartbreaking yet hopeful story about the resilience of the human spirit in the face of insurmountable odds.”—Etaf Rum, New York Times bestselling author of A Woman Is No Man With a sharp wit and sharper tongue, twenty-three-year old Rakhi Kumar is nobody’s fool. Sure, she lives alone in a slum and works as a lowly office assistant for the renowned lawyer, Gauri Verma, who gave her a fresh start. But she’s come a long way from her childhood on the streets of Mumbai. Most important, she’s busy enough to distract herself from the nightmares of a grisly childhood incident that led to the disappearance of her best friend. Fiercely intelligent, Rakhi could be doing so much more than making chai, but she allows herself to be underestimated by her colleagues at Justice For All, Gauri’s cash-strapped rights law office. These days, it’s becoming harder for Rakhi to keep her head down as Gauri desperately tries to save her organization by recruiting former Bollywood actress and infamous nineties “thong girl,” Rubina Mansoor, to be their celebrity ambassador. But not all money is good money. Convincing Gauri to make increasingly brash moves, Rubina demands an internship for a young family friend, Harvard-bound graduate student, Alex Lalwani-Diamond. An ambitious, naïve rich kid with a savior complex, Alex persuades Rakhi to show him “the real India.” In exchange, he’ll do something to further Rakhi’s dreams, in a transaction that seems harmless, at first. As old guilt and new aspirations collide, everything Rakhi once knew to be true is set ablaze. And as the stakes mount, she will come face-to-face with the difficult choices and moral compromises one must make in pursuit of self-preservation, and ultimately, survival. Such Big Dreams is a moving, smart, and arrestingly clever look at the cost of reclaiming one’s story.

Все, что вам нужно знать о виски Николас Морган,2023-02-27 Это книга для всех, кто любит виски. Ее читателю не нужно быть великим экспертом — отнюдь! — но даже самые увлеченные и осведомленные поклонники откроют для себя много нового (или переосмыслят уже имеющиеся знания). Мы разберемся, откуда у виски берется вкус: дело в производстве или в выдержке? Что представляет собой древесина, которую используют для выдержки виски, и каково ее значение? Как устроен мир виски за пределами Шотландии? Существует ли в контексте виски понятие терруара? Рассмотрим, какую роль виски сыграл в разных странах и у разных народов, и узнаем, какое влияние он оказал на социальную и культурную жизнь людей. Исследуем важность купажей и то, как они привнесли виски в массы, сделав его той мощью мирового масштаба, которой он является сегодня. Посмотрим на крах и возрождение ирландского виски, сухой закон в США, изменения в манере употребления, рост популярности односолодовых экзemplяров и на образцы со всего света. И еще один важный аспект: кроме прочего, виски — это истории о людях, о тех, кто более 500 лет назад создал напиток, который по латыни назывался aqua vitae, или «вода жизни», превратился в гэльское слово uisqe-beatha, а затем благополучно стал тем, что радует миллионы почитателей во всем мире, — whiskey.

The Season Saga Angela Neville,
Economic Environment Factor And High Crime Relationship Johnny Ch Lok,2019-07-23 Nowadays, HK has many employers need high technolgical workers in active labor market. It will cause many HK high technological businesses can not find any high technological workers easily in HK. Then, they will choose to find overseas high technological workers to replace HK domestic workers, as well as it will cause HK high technological workers' wages to be reduced. Otherwise, overseas high technological workers' wages will be raised . Even longer time, HK many high technological workers will lose jobs, because their skills can be replaced from overseas high technological workers easily. If their demand still need HK employers raise their salaries to compare to overseas high technological workers' salaries . Due to this global macro high technological workers demand increasing factor influences to HK, so China, or other developing high technological job markets. Then, it may cause many developing countries' high technological workers lose thier jobs, due to the developed countries' high technological workers can be replaced to do their job more easy, even their salaries demand is lower to compare to the developing countries high technological workers' salaries demand. So, when the developing countries ' high technological workers feel unfair, they lose jobs, due to overseas developed countries' high technological wotkers are replaced. It will cause that they will choose to do crime behavior in society more easier. Also, HK's job security legislation is poor to comapre Western countries. For example, US, UK, New Zealand, Australia etc. Western countries. They have good citizen security legislation. All those Western countries' citizen own unemployment assistance, when they lose jobs to do in long time or they unemploy long time. Then, they have authority to need their governments to give unemployment assistance. If they have no any unemployment or they have less unemployment before 60 or 65 retirement age. Then, after 60 or 65 age, their government will still give them money for life assistance per week, till to they die. Otherwise, HK government only have job security legislation to reduce employee individual 5% of salary for MPF (mututary provident fund) and employee's 5 % salary for MPF maximum per month for their retirement benefit. HK government won't give HK citizen money for life assistance after 65 retirement age. If the HK citizen earned less salary before 65 age, then it is not enough to provide social welfare assistance to any HK citizen after they reach 65 age in possible. So, it explains that why some HK old people will do crime behaviors more easily.Does long-term unemployment cause social problem?
