*The Economies of the Arab World (RLE Economy of Middle East)* Yusuf A. Sayigh,2014-10-30 This book, a comprehensive study of twelve of the economies of key countries of the Arab world, has three main objectives: to record the developmental achievements and failings of each country; to examine the main issues arising in the drive for development; and to assess the future outlook for development for each country. Most of the countries studied only gained independence from their colonial masters in recent decades, and the process of economic development has necessarily been accompanied by political development. First published in 1978.

Refugee Governance, State and Politics in the Middle East Zeynep Şahin Mencütek,2018-11-13 The movement of displaced people, migrants and refugees has become increasingly important around the world, leading to a need for increased scrutiny of global responses and policies towards migration. This book focuses on the Middle East, where many nations are part of this global phenomenon as both home, transit and/or host country. Refugee Governance, State and Politics in the Middle East examines the patterns of legal, political and institutional responses to large-scale Syrian forced migration. It analyses the motivations behind neighbouring countries' policy responses, how their responses change over time and how they have an impact on regional and global cooperation. Looking in particular at Turkey, Lebanon and Jordan, three of the world's top refugee hosting countries, this book explores how refugee governance differs across countries and why they diverge. To theorize variations, the book introduces multi-pattern and multi-stage refugee governance models as two complementary analytical frameworks. The book further argues that each of these three states' refugee responses is constructed based on three main factors: internal political interests, economic-development related concerns, and foreign policy objectives as well as interactions among them. The book's categorizations and models (on policy fields, actors, stages, patterns and driving forces) provide analytical tools to researchers for comparative analyses. Scholars and students of Comparative Politics, International Relations, Refugee Studies, Global Governance and Middle Eastern Studies will find this book a useful contribution to their fields.

Politics of Islamic Finance Henry Clement Henry,2019-07-30 Can the contemporary Islamic finance movement be shown to meet the requirements of modern commerce? In the wake of the terrorist attacks on America the UN Security Council passed a resolution targeting transnational sources of terrorist funds. The United States and the International Monetary Fund are encouraging the governments of the Middle East to adopt policies of economic liberalism and a new type of capitalism, based on Islamic values and beliefs, is emerging.The aims of the book are:\* to explore the political implications of the slow but steady accumulation of Islamic capital\* to analyse the connections between Islamic finance and Islamic political movements in Middle Eastern and North African countries\* to show that the commonly-perceived connection between Islamic finance and money laundering and terrorism is by no means the complete picture. Readers will learn to appreciate the various political contexts in which Islamic finance operates in the Middle East and North Africa and will acquire some understanding of its political as well as economic constraints. Hopefully possible misunderstandings about Islamic banking and finance will be corrected.The book is divided into two parts - part one is thematic and lays the ground for the country-specific case studies in part two (covering the Sudan, Kuwait, Jordan, Turkey, Tunisia and Egypt). The contributors include political scientists, economists and historians.Key Features:\* A major topical issue\* Written by the world's leading experts on Islamic Political Economy\* Explores the connections between Islamic finance and Islamic political movements\* Includes country-specific case studies
