Jorden Kathi S. Barton,2016-08-08 Jasmine Tyler was wishing she had never found those earrings in that box of junk she bought at auction. They were so pretty, and the dragons had so much detail that she simply had to try them on. That was the biggest mistake she'd ever made. Once they were on, they weren't coming off, and those men in the black SUVs meant business. She'd hand the earrings over, or they'd kill her. They'd more than likely kill her anyway, even if she could get the damn things off. Now she was on the run with her young son, Gavin, and her ailing granny. A voice in her head that started when she put the earrings on was directing her to find the McCades. The dragon had told Kenton and Jorden McCade that another piece of jewelry had been activated, and the boy that had just come into Jorden's studio was her son. The dragon didn't know which brother she was mated to, but she had sent the boy and her granny ahead to keep them safe. Now, another attempt had been made on her life, and she was in a hospital an hour away. The cop at the scene had been in on it, and Jasmine found herself in a pickle. She'd been drugged, and there wasn't a thing she could do about it. Her body hit the floor by her hospital bed, and she was looking into the lifeless eyes of her nurse. As soon as Jorden scooped Jasmine up off the floor and her earring touched his skin, he knew this woman was his. The earring left a brand, marking them both. He couldn't be happier about finding her, now to convince her to stay was going to be the problem....

"Waiting Room" *The Seanton Jorden Story* S. Devon Jorden,2024-03-04 "Waiting Room" The Seanton Jorden Story, is a gripping narrative inspired by true events. It tells the story of the life of a 15-year-old boy who was simply playing video games, and was tragically shot in the head with a pellet gun by his friend. This powerful book delves into the life of Seanton prior to this horrific incident, and his amazing transformation after a super-natural encounter with God, marking the way for a colossal vision and purpose. It also tells the story of the tumultuous days afterward as his family begins their journey of many days and nights in the physical waiting room, and many more years in the emotional and mental "waiting room". It's a story of tremendous faith, long-suffering, and the bonding of a family, through the eyes of a father who tells a story about overcoming unsurmountable odds in the midst of the most difficult time of his family's life. "Waiting Room" The Seanton Jorden Story will tug at heartstrings and promises to be an unforgettable reading experience, tackling important topics, and telling a story of triumph over tragedy that will stay with audiences long after the final chapter is read.

12 Rules for Life Jordan B. Peterson,2018-01-23 #1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and

responsibility, distilling the world's wisdom into 12 practical and profound rules for life. 12 Rules for Life shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

The Jorden Family Ryan P. Jordan,2016-06-15 Building a genealogy or family tree obviously begins with a surname. But do you know where your last name came from? For those trying to trace their family back many centuries, do you know how your name was spelled two, three, or five centuries ago? While it may not be possible to know precisely why you have your last name, understanding the various ways your ancestors may have spelled their surname could go a long way to helping you trace your family tree back generations-and it may even provide surprising information regarding your family's ethnic background. Practically every great civilization in history has found organization in the family-whether it is the small nuclear family of the present, or the larger multigenerational clans of earlier times. The pedigrees and lines of succession used by royal families today are just one way that people keep track of their personal, local, ethnic or national story. It is almost natural that people have some kind of curiosity regarding their origins, and when people undertake the pursuit of genealogy, they soon find how interrelated they are to the larger nations and ethnic groups from which they descend. No one should take too much pride in the uniqueness of their ancestry at some point, since nearly everyone has royals and commoners, famous and obscure ancestors and relatives in their family tree-it is just a question of whether you can prove the connection. This book is a small, but important record of the Jorden family, in an effort to aid beginning genealogists in their hunt for ancestors. From the feudal period to seventeenth century Britain and the settling of North America, to the Revolution and Civil War, members of the Jorden family have played a part in the history of Western Europe and the United States. Ryan Jordan received a BA in History from UCLA (1998) and a Ph.D. in History from Princeton (2004). He has taught at Lafayette College, the University of California- San Diego, the University of San Diego, and National University.
