Private Peaceful Michael Morpurgo, 2012-08-24 Private Peaceful relives the life of Private Tommo Peaceful, a young First World War soldier awaiting the firing squad at dawn. During the night he looks back at his short but joyful past growing up in rural Devon: his exciting first days at school; the accident in the forest that killed his father; his adventures with Molly, the love of his life; and the battles and injustices of war that brought him to the front line. Winner of the Blue Peter Book of the Year, Private Peaceful is by the third Children's Laureate, Michael Morpurgo, award-winning author of War Horse. His inspiration came from a visit to Ypres where he was shocked to discover how many young soldiers were court-martialled and shot for cowardice during the First World War. This edition also includes introductory essays by Michael Morpurgo, Associate Director of Private Peaceful production Mark Leipacher, as well as an essay from Simon Reade, adaptor & director of this stage adaptation of Private Peaceful.

Third-Party Peacemakers in Judaism Daniel Roth, 2021-04-28 In the race to discover real solutions for the conflicts that plague contemporary society, it is essential that we look to precedent. Many of today's conflicts involve ethno-religious tensions that modern wisdom alone is ill-equipped to resolve. In *Third-Party Peacemakers in Judaism*, Rabbi Dr. Daniel Roth asks us to consider ancient religious and traditional cultural solutions to such present-day issues. Roth presents thirty-six case studies featuring third-party peacemakers drawn from Jewish classical, medieval, and early-modern rabbinic literature. Each case is explored through three layers of analysis - text, theory, and practice. The first layer offers historical and literary analysis of textual case studies, many of which are critically analyzed here for the first time. The second layer examines the theoretical model of third-party peacemaking imbedded within the selected cases and comparing them to other cultural and religious models of third-party peacemaking and conflict resolution. The final layer of analysis, based upon the author's personal experience of religious conflict resolution and peacemaking, looks at the practical implications of these case studies as models for modern peacemaking. *Third-Party Peacemakers in Judaism* serves as an inspiration for fostering indigenous practices of third-party peacemaking and mediation in the modern era.

Edinburgh's Festivals David Pollock, 2023-08-04 In August 1947, an émigré Austrian opera impresario launched the Edinburgh International Festival of Music and Drama to heal the scars of the Second World War through a celebration of the arts. At the same time, a socialist theatre group from Glasgow and other amateur companies protested their exclusion from the festival by performing anyway, inventing the concept of 'fringe' theatre. Now the annual celebration known collectively as the Edinburgh Festival is the largest arts festival in the world, incorporating events dedicated to theatre, film, art, literature, comedy, dance, jazz and even military pageantry. It has launched careers - from Peter Cook and Dudley Moore in *Beyond the Fringe* to Phoebe Waller-Bridge with *Fleabag* - mirrored the political and social mood of its times, shaped the city of Edinburgh around it and welcomed a huge all-star cast, including Orson Welles, Grace Kelly, Yehudi Menuhin and Mark E Smith's *The Fall* and many many more. This is its story.

Trieste And The Meaning Of Nowhere Jan Morris, 2009-04-29 Here's a book for lovers of all things Italian. This city on the Adriatic has always tantalized Jan Morris with its moodiness and changeability. After visiting Trieste for more than half a century, she has come to see it as a

touchstone for her interests and preoccupations: cities, seas, empires. It has even come to reflect her own life in its loves, disillusionments, and memories. Her meditation on the place is characteristically layered with history and sprinkled with stories of famous visitors from James Joyce to Sigmund Freud. A lyrical travelogue, *Trieste and the Meaning of Nowhere* is also superb cultural history and the culmination of a singular career—an elegant and bittersweet farewell (Boston Globe).

The Port Jews of Habsburg Trieste: Absolutist Politics and Enlightenment Culture Lois C. Dubin, 2023-10-03 Winner of the 2000 Barbara Jelavich Prize in Habsburg, Russian or Ottoman history (American Association for the Advancement of Slavic Studies) and finalist in the 1999 National Jewish Book Awards, History category. “Dubin’s brilliant study of the cosmopolitan entrepôt of goods and peoples that was Trieste breaks new ground in our understanding of Jewish life in the Old Regime Europe. It demonstrates with exacting detail the extensive privileges such ‘port Jews’ enjoyed and the effect enlightened absolutism and emancipation politics exercised upon them, while skillfully portraying the Jews’ political and cultural responses. It is a classic study in modern Jewish history.” — David Sorkin, University of Wisconsin, Madison “Lois C. Dubin has produced a solid and original monograph that explores the economic, legal, political, and cultural changes experienced by Trieste’s Jewish community within the context of the reform policy of the Austrian enlightened absolutists and Enlightenment ideology... Dubin has written an outstanding work on Trieste’s Jews... a very valuable study that I recommend to any reader interested in Jewish and Habsburg history, as well as the Enlightenment.” — The American Historical Review “A valuable and carefully researched book... Dubin’s book is an important contribution not only to the study of Habsburg Jewry but also to our understanding of eighteenth-century absolutism.” — The Journal of Modern History “The book is replete with keen insights into the experiences of European Jews during the initial phases of the transition from the world of corporate orders to modern class society... Dubin’s discussion of the dynamics of Haskalah in Trieste is a sophisticated and nuanced analysis of one of the crucial chapters in the modernization of European Jewry.” — Journal of Urban History “With this superb book, Lois C. Dubin has successfully and elegantly slain the two-headed dragon of modern Jewish historiography: nationalism and Germanocentrism. She has also provided Habsburg historians with a much-needed treatment of the complex interaction between state-building, reforming absolutism and the Jews, one of several significant ‘national minorities’ within the heterogeneous empire... The essential economic role played by Triestine Jewry once Charles VI declared Trieste a free port in 1719 made them indispensable to the Habsburg state. This indispensability itself is a critical marker in the shift between medieval and early modern Jewish history. What had been a liability, Jewish predominance in middle-class professions, particularly in trade, became an asset with the rise of mercantilism and a state-centralized economy. Coupled with the distinctive culture of Italian Jews, toleration shaped the ways in which Triestine Jews responded to Josephinian reforms, the Jewish Enlightenment in Berlin, challenges to Jewish marriage and divorce law, educational changes, and the dissolution of the ghetto, all of which Dubin explores with nuance and clarity... The Port Jews of Habsburg Trieste employs source material in all the essential languages, German, Hebrew and Italian, and Dubin is equally at home analyzing Viennese and Triestine archival material and rare Hebrew periodical literature published in Vienna and Berlin. Her assured use of such diverse materials is also welcome because it restores historical agency to the Jewish population which is at the center of her study... The Port Jews of Habsburg Trieste will undoubtedly remain the classic treatment of this fascinating city and of Habsburg state-building in one of its most important ports.” — Nancy Sinkoff, H-Net “Dubin has made here an important contribution that belongs in every library that addresses Judaism and the modern world.” — German Studies Review “Un travail magistral.” — Annales: Histoire, Sciences Sociales

Three Days at Trieste Pietro Kandler, Pasquale baron Revoltella, 1858

Trieste Jan Morris, 2010-12-22 Jan Morris (then James) first visited Trieste as a soldier at the

end of the Second World War. Since then, the city has come to represent her own life, with all its hopes, disillusionments, loves and memories. Here, her thoughts on a host of subjects - ships, cities, cats, sex, nationalism, Jewishness, civility and kindness - are inspired by the presence of Trieste, and recorded in or between the lines of this book. Evoking the whole of its modern history, from its explosive growth to wealth and fame under the Habsburgs, through the years of Fascist rule to the miserable years of the Cold War, when rivalries among the great powers prevented its creation as a free city under United Nations auspices, Trieste and the Meaning of Nowhere is neither a history nor a travel book; like the place, it is one of a kind. Jan Morris's collection of travel writing and reportage spans over five decades and includes such titles as Venice, Coronation Everest, Hong Kong, Spain, Manhattan '45, A Writer's World and the Pax Britannica Trilogy. Hav, her novel, was shortlisted for the Booker Prize and the Arthur C. Clarke Award.

Streaming Music, Streaming Capital Eric Drott, 2023-12-29 In Streaming Music, Streaming Capital, Eric Drott analyzes the political economy of online music streaming platforms. Attentive to the way streaming has reordered the production, circulation, and consumption of music, Drott examines key features of this new musical economy, including the roles played by data collection, playlisting, new methods of copyright enforcement, and the calculation of listening metrics. Yet because streaming underscores how uneasily music sits within existing regimes of private property, its rise calls for a broader reconsideration of music's complex and contradictory relation to capitalism. Drott's analysis is not simply a matter of how music is formatted in line with dominant measures of economic value; equally important is how music eludes such measures, a situation that threatens to reduce music to a cheap, abundant resource. By interrogating the tensions between streaming's benefits and pitfalls, Drott sheds light on music's situation within digital capitalism, from growing concentrations of monopoly power and music's use in corporate surveillance to issues of musical value, labor, and artist pay.

Women in Performance Sarah Gorman, 2020-07-22 Women in Performance: Repurposing Failure charts the renewed popularity of intersectional feminism, gender, race and identity politics in contemporary Western experimental theatre, comedy and performance through the featured artists' ability to strategically repurpose failure. Failure has provided a popular frame through which to theorise recent avantgarde performance, even though the work rarely acknowledges stakes tend to be higher for women than men. This book analyses the imperative work of a number of female, non-binary and trans* practitioners who resist the postmodern doctrine of 'post-identity' and attempt to foster a sense of agency on stage. By using feminism as a critical lens, Gorman interrogates received ideas about performance failure and negotiates contradictions between contemporary white feminism, intersectional feminism, gender and sexuality. Women in Performance: Repurposing Failure reveals how performance has the power to both observe and reject contemporary feminist and postmodern theory, rendering this text an invaluable resource for theatre and performance studies students and those grappling with the disciplinary tensions between feminism, gender, queer and trans* studies.
