The Dark Side of Stand-Up Comedy Patrice A. Oppliger, Eric Shouse, 2020-04-10 This book focuses on the “dark side” of stand-up comedy, initially inspired by speculations surrounding the death of comedian Robin Williams. Contributors, those who study humor as well as those who perform comedy, join together to contemplate the paradoxical relationship between tragedy and comedy and expose over-generalizations about comic performers’ troubled childhoods, addictions, and mental illnesses. The book is divided into two sections. First, scholars from a variety of disciplines explore comedians’ onstage performances, their offstage lives, and the relationship between the two. The second half of the book focuses on amateur and lesser-known professional comedians who reveal the struggles they face as they attempt to hone successful comedy acts and likable comic personae. The goal of this collection is to move beyond the hackneyed stereotype of the sad clown in order to reveal how stand-up comedy can transform both personal and collective tragedies by providing catharsis through humor.

The Book of Hope Jonny Benjamin, Britt Pflüger, 2021-04-15 'There is always hope, even when we cannot seem to seek it within ourselves.' From the best advice you'll ever get to the joy of crisps, the brilliant contributors to *The Book of Hope* will help you to find joy whenever you need it most. These 101 key voices in the field of mental health - including the likes of Lemn Sissay, Dame Kelly Holmes, Hussain Manawer, Frank Turner, Joe Wicks and Elizabeth Day - share not only their experiences with anxiety, psychosis, panic attacks and more, but also what helps them when they are feeling low. Award-winning mental health campaigner Jonny Benjamin, MBE, and co-editor Britt Pflüger bring together people from all walks of life – actors, musicians, athletes, psychologists and activists – to share what gives them hope. This joyful collection is a supportive hand to anyone looking to find light on a dark day and shows that, no matter what you may be going through, you are not alone. Jonny Benjamin is known for his book and documentary film, *The Stranger on the Bridge*, which fought to end stigma around talking about mental health, suicidal thoughts and schizoaffective disorder. When his campaign to find the man who prevented him from taking his own life went viral, Jonny was one of a wave of new figures lifting the lid on mental health struggles. In this book, he brings together a range of voices to speak to the spectrum of our experiences of mental health and the power of speaking up and seeking help.

Joker Face Steve Best, 2017-09-21 Stewart Lee has seen a ghost but doesn't believe in the afterlife. Rob Beckett can peel a banana with his feet. Viv Groskop gave birth to a baby next to a dishwasher. What do you get when you combine unknown facts about some of Britain's best-loved comedians with their favourite one-liners and candid, black-and-white portraits? The result is *Joker Face*, a hilarious record of the British comedy scene from comedian Steve Best, a 20-year veteran of the comedy circuit. In this book – a companion to the 2014 book *Comedy Snapshot* –

Best paints an intimate and very funny portrait of some of our favourites: Jimmy Carr, Rob Delaney, Sarah Pascoe, Stewart Lee, John Bishop, Mackenzie Crook, Josie Lawrence, Mark Watson, Tommy Tiernan, Phill Jupitus, and many, many more. Joker Face is an essential book for any fan of British humour and gives us a backstage pass into the world of comedy.

Red Light Zone Jeff Zycinski, 2019-01-24 Stop! Danger! Sex for sale! A red light can signify any one of those, but in a radio station it means a microphone has gone live: the walls may be soundproof, but in a studio space, everyone can hear you scream...or sneeze. For twenty-five years, Jeff Zycinski worked for BBC Radio and became the longest-serving boss of Radio Scotland. He made the big decisions - buying a new vacuum cleaner for the Selkirk office - and chaired a meeting that almost erupted in violence when someone suggested cats were better than dogs. He has a lot to say about Brexit, Scottish Independence, football, BBC bias, Islam and strippers...but not in this book. Okay, he talks about them a bit...mainly the strippers. An affectionate, humorous account of inside life at the Beeb - you will never buy chips in the same way again!

The Herald Diary 2012 Ken Smith, 2012-11-14 It was the year that saw Rangers Football Club face administration, that saw Greece struggle with teetering debt, that saw Scots wrestle with the idea of a referendum on independence, and saw the Scottish football team once again watching an international competition from the outside. And what did most Scots do? Well, what they usually do - they laughed about it. Fortunately they then sent their musings to The Herald newspaper's Diary column where their views on world affairs, plus all the stories of all the daft and amusing things that happened in Scotland's pubs, trains, streets and homes were gathered, polished and printed. This is the compilation of the best of these stories. It is where the best of Scottish humour is gathered and kept so that the stories are not lost forever, and if you are a Scot anywhere in the world, you will recognise the humour in them. And even if you are not Scottish you should still be able to smile, even though you have to ask a Scot for the occasional piece of clarification.

Shameful Bodies Michelle Mary Lelwica, 2017-01-12 What happens when your body doesn't look how it's supposed to look, or feel how it's supposed to feel, or do what it's supposed to do? Who or what defines the ideals behind these expectations? How can we challenge them and live more peacefully in our bodies? *Shameful Bodies: Religion and the Culture of Physical Improvement* explores these questions by examining how traditional religious narratives and modern philosophical assumptions come together in the construction and pursuit of a better body in contemporary western societies. Drawing on examples from popular culture such as self-help books, magazines, and

advertisements, Michelle Mary Lelwica shows how these narratives and assumptions encourage us to go to war against our bodies-to fight fat, triumph over disability, conquer chronic pain and illness, and defy aging. Through an ethic of conquest and conformity, the culture of physical improvement trains us not only to believe that all bodily processes are under our control, but to feel ashamed about those parts of our flesh that refuse to comply with the cultural ideal. Lelwica argues that such shame is not a natural response to being fat, physically impaired, chronically sick, or old. Rather, body shame is a religiously and culturally conditioned reaction to a commercially-fabricated fantasy of physical perfection. While Shameful Bodies critiques the religious and cultural norms and narratives that perpetuate external and internalized judgment and aggression toward shameful bodies, it also engages the resources of religions, especially feminist theologies and Buddhist thought/practice, to construct a more affirming approach to health and healing-an approach that affirms the diversity, fragility, interdependence, and impermanence of embodied life.
