Kabu Kabu (African Classics) The Venerable (Prof.) Sydney C. Ugwunna, M.A., M.Div., Ph.D.,2020-11-16 Kabu Kabu (African Classics) By: The Venerable (Prof.) Sydney C. Ugwunna, M.A., M.Div., Ph.D Kabu Kabu (African Classics) is a collection of folktales from Africa, designed to teach children—and adults!—of all ages not only the moral lessons handed down from generation to generation by African elders, but about beautiful African culture in itself. Within these pages, children will learn both a bit of science and theology, as well as valuable philosophical lessons crucial to their development as upstanding people of the world. Young readers (as well as older readers) can also relax and enjoy love stories in typical pure romantic and delicate African style.

Mande Music Eric Charry,2000-10 With Mande Music, Eric Charry offers the most comprehensive source available on one of Africa's richest and most sophisticated music cultures. Using resources as disparate as early Arabic travel accounts, oral histories, and archival research as well as his own extensive studies in Mali, Guinea, Senegal, and the Gambia, Charry traces this music culture from its origins in the thirteenth-century Mali empire to the recording studios of Paris and New York. He focuses on the four major spheres of Mande music—hunter's music, music of the jelis or griots, jembe and other drumming, and guitar-based modern music—exploring how each evolved, the types of instruments used, the major artists, and how each sphere relates to the others. With its maps, illustrations, and musical transcriptions as well as an exhaustive bibliography, discography, and videography, this book is essential reading for those seeking an in-depth look at one of the most exciting, innovative, and deep-rooted phenomena on the world music scene. A compact disc is available separately.

Transnational Africana Women’s Fictions Cheryl Sterling,2021-09-30 This book explores the works of women writers and filmmakers across the African and African Diaspora world, reflecting on how the transnational sphere can serve to highlight voices that were at the margins of gender and race hierarchies. The book demonstrates how in discourse and theory Africana women are the centers of their own knowledge production and agency, as the artists and their characters point the way forward. Their multi-perspectivism leads to avenues of selective mutuality and influence to generate transformative creative work, scholarship, and practices. Writers included are Sylvia Wynter, Edwidge Danticat, Amanda Smith, Werewere Liking, Chimamanda Ngozi Adiche, Sefi Atta, NoViolet Bulawayo, Nnedi Okorafor, Mariama Bâ, Ama Ata Aidoo, Igiaba Scego, Léonara Miano, Gisèle Hountondji, Monique Ilboudo, and Maryse Condé, as well as filmmaker Kemi Adetiba. Over the course of the book, the contributors critically explore and update the canon on women in the African and African Diaspora literary sphere, highlighting their contributions to theoretical debates and providing substantive nuance to diasporic subjectivity. This book will be of interest to scholars of African and Africana Studies, comparative literature, and women and gender studies.

Quick and Easy Tsukemono Ikuko Hisamatsu,2005 Among the many authentic flavors of Japan, tsukemono, or pickled vegetables, has been a must for everyday meals and with tea. For most of the Japanese nothing can replace enjoying plain hot rice with tsukemono, and dinner is not complete without it as the final course. Today most dishes are available at Japanese grocery stores or specialty supermarkets, but they often lack the seasonal quality and freshness of true tsukemono. The term tsukemono covers a wide range of dishes from a marinated salad to preserved foods. Traditional tsukemono such as takuan or umeboshi might seem difficult to prepare but Quick & Easy Tsukemono makes these and many more, easy with its simple step-by-step, full-color photo instructions. There are myriads of methods to make them, some as simple as just rubbing fruits and vegetables with salt just before serving, while other require several days to fully marinate. Packed with over 73 mouthwatering recipes for easily preserving fruits and vegetables, Quick & Easy Tsukemono is the perfect book for beginning cooks and seasoned foodies alike.

Water Politics and Spiritual Ecology Lisa Palmer,2015-05-15 As water resources diminish with increasing population and economic pressures as well as global climate change, this book addresses a subject of ever increasing local and global importance. In many areas water is not only a vital resource but is also endowed with an agency and power that connects people, spirit beings, place and space. The culmination of a decade of ethnographic research in Timor Leste, this book gives a critical account of the complex social and ecological specificities of a water-focused society in one of the world’s newest nations. Comparatively framed by international examples from Asia, South America and Africa that reveal the need to incorporate and foreground cultural diversity in water governance, it provides deep insight into the global challenge of combining customary and modern water governance regimes. In doing so it addresses a need for sustained critical ecological inquiry into the social issues of water governance. Focusing on the eastern region of Timor Leste, the book explores local uses, beliefs and rituals associated with water. It identifies the ritual ecological practices, contexts and scales through which the use, negotiation over and sharing of water occurs and its influence on the entire sociocultural system. Building on these findings, the book proposes effective conceptual and methodological tools for advancing community engagement and draws out lessons for more integrated and sustainable water governance approaches that can be applied elsewhere. This book will be of great interest to students and researchers in environmental studies, environmental policy and governance.

Kabu em a Mala Martenze Marte,2023-07-27 Como anda a sua vida? Como está a sua mala agora? Todos os dias temos alguma coisa para pôr em nossa mala. Às vezes leve, outras vezes pesada, mas nunca deixamos de partir para a trajetória da vida sem nossa bagagem. Se você acha que a vida não tem sentido ou propósito, precisa olhar ao redor e ver com os olhos do espírito - ele sabe exatamente onde você deve estar e o que deve fazer. Como nem todo mundo encontra seu caminho sozinho, Kabu em A mala, de Martenze Marte, vai ajudar você nesse incrível e necessário despertar. Lembre-se: se você cuidar bem da sua mala, terá para sempre a alma leve. Com uma escrita de fácil entendimento e imagens expressivas, esta incrível obra literária nos leva a questionar sobre assuntos do cotidiano. Não se pode considerá-la uma autobiografia, mas diz muito a respeito do escritor, sobretudo para quem tem o privilégio de conhecê-lo. Kabu nos participa sua vida por meio de suas aventuras, ora meticulosas, ora impensáveis. E assim é a vida. Nas entrelinhas somos capazes de voar, alimentar de imaginação os pensamentos e, ao observar as imagens, temos certeza de que estamos no caminho certo a ponto de ansiar pela continuação dessa história fascinante. Vinícius Morésis - Professor (séries iniciais), escritor e produtor de eventos

In Donabe, Tokyo native and cooking school instructor Naoko Takei Moore and chef Kyle Connaughton offer inspiring Japanese home-style recipes such as Sizzling Tofu and Mushrooms in Miso Sauce and Dashi-Rich Shabu-Shabu, as well as California-inspired dishes including Steam-Fried Black Cod with Crisp Potatoes, Leeks, and Walnut-Nori Pesto or Smoked Duck Breast with Creamy Wasabi-Green Onion Dipping Sauce. All are rich in flavor, simple to prepare, and perfect for a communal dining experience with family and friends. Global Warming G. S. Willmott,2019-07-01 Global Warming is a complex thriller with Garry Willmott's trademark mix of fact, fiction and projection. From the death of one man, pilot Ericson, the story builds to a tsunami of blackmail, terrorism, compromise and revenge... and that's before the Russian mafia gets in on the act! If you've enjoyed Garry's other novels, you'll love Global Warming. Just hold on to your hats and watch out for AK47s. - Sally Odgers, author. Garry Willmott's latest book Global Warming is a ripping yarn of espionage and high adventure that stretches from one side of the globe to another. It is a David and Goliath story in every sense and highlights the vulnerability of the world's smaller more independent countries to the impacts of environmental change. It is Mr Willmott's obsession with detail which provides so much interest and authenticity in his writings. Not unlike the Da Vinci Code, underpinning the sometimes-frenetic pace, there are twists and turns, shocks, surprises and mishaps. - Cenred Harmsworth, recording artist. Based on a plausible premise Garry has interspersed the drama with well-researched and poignant facts making the story quite thought provoking. The story continues to build well with many twists and turns and a few surprises along the way. I found the book highly entertaining the plot easy to follow and an all-round good read. This story is a must-read for any fan of the thriller/drama genre. Although a work of fiction, this should be read by the world's major polluters (listed within the book); there is a warning here that is not entirely implausible given the current political upheavals and voter shifts seen throughout the globe. - Martin Humphries Global Warming, a book of intrigue, thought provoking facts and ideas, with many twists and turns. For the author, Garry Willmott, this is a totally new subject matter, one which encourages much debate and thought about human tragedy. It is exciting, thought-provoking and imaginative, with a killer ending. I totally recommend. - Ian Jones
