Keigo Higashino

The Aircraft Carrier Kaga Stefan Draminski,2014-12-19 Japanese aircraft carrier Kaga. She was initially being built as a battleship, but as a result of a coincidence she became one of the first large carriers in history. She was a part of Japanese Kidō Butai, a group of carriers that decided about the power of the Imperial Japanese Navy during the first half-year of the war in Pacific. After a daring attack on Pearl Harbor followed by a series of further victories there was a reversal during the battle of Midway, when Kaga and three accompanying carriers were destroyed which ultimately buried Japan's chances for winning the war.

Kaga 1920–1942 Mirosław Skwiot,Adam Jarski,2015-01-19 The career of Kaga, which started on the drawing boards of the design bureau as a battleship had capacity for swift development. The first studies on the preliminary design began in 1917 and during the calendar year several variants were developed. Individual solutions envisaged in the design were duly analyzed, and pieces of information systematically arriving from Europe, where the world war was raging, proved helpful in their verification. They had substantial contribution in development of the final design, which was completed in mid 1918 and its author was the designer Captain Yozuru Hiraga. Kaga was laid down on 19 July 1920 in the Kawasaki shipyard in Kobe and the complete hull was launched on 17 November 1921 and the construction was canceled a month later! The future of the ship was definitely endangered by the Washington Naval Treaty, which notabene stipulated the conversion of Kaga to a target ship. Another chance emerged after the earthquake which affected the Kanto region on 1 September 1923 and heavily damaged the hull of the battlecruiser Amagi. The repair was deemed pointless so it was decided to convert the battleship Kaga, work on which was on similar stage of advance, to a carrier in lieu of the destroyed Amagi. Completed as a carrier she participated in all major Japanese combat operations conducted during 1930 - 1942. Heavily damaged during the Battle of Midway it was sunk by the destroyer Hagikaze.

A Death in Tokyo Keigo Higashino,2022-12-13 In the latest from international bestselling author Keigo Higashino, Tokyo Police Detective Kaga is faced with a very public murder that doesn't quite add up, a prime suspect unable to defend himself, and pressure from the highest levels for a quick solution. In the Nihonbashi district of Tokyo an unusual statue of a Japanese mythic beast - a kirin - stands guard over the district from the classic Nihonbashi bridge. In the evening, a man who appears to be very drunk staggers onto the bridge and collapses right under the statue of the winged beast. The patrolman who sees this scene unfold goes to rouse the man, only to discover that the man has not passed out, he is dead; that he was not drunk, he was stabbed in the chest. However, where he died was not where the crime was committed - the key to solving the crime is to find out where he was attacked and why he made such a superhuman effort to carry himself to the Nihonbashi Bridge. That same night, a young man named Yashima is injured in a car accident while attempting to flee from the police. Found on him is the wallet of the murdered man. Tokyo Police Detective Kyoichiro Kaga is assigned to the team investigating the murder - and must bring his skills to bear to uncover what actually happened that night on the Nihonbashi bridge. What, if any, connection is there between the murdered man and Yashima, the young man caught with his wallet? Kaga's investigation takes him down dark roads and into the unknown past to uncover what really happened and why. A Death in Tokyo is another mind-bending mystery from the modern master of classic crime, finalist for both an Edgar Award and a CWA Dagger, the internationally bestselling Keigo Higashino.

Marshland Otohiko Kaga,2022-08-30 Otohiko Kaga's Marshland is an epic novel on a Tolstoyan scale, running from the pre-World War II period to the turbulence of 1960s Japan. At forty-nine, Atsuo Yukimori is a humble auto mechanic living an almost penitentially quiet life in Tokyo, where his coworkers know something of his military record but nothing of his postwar criminal past. Out of curiosity he accompanies his nephew to a demonstration at a nearby university, and is gradually drawn into a friendship, then a romance, with Wakaka Ikéhata, the brilliant but mentally unstable daughter of a university professor. As some of the student radical groups turn to violence and terrorism, Atsuo and Wakaka find themselves framed for the lethal bombing of a Tokyo train. During their long imprisonment the novel becomes a Kafkaesque procedural, revealing the corrupt intricacies of the police and judicial system of Japan. At the end of their hard pilgrimage to exoneration, Atsuo and Wakaka are finally able to return to his original hometown, Nemuro, on the eastern-most peninsula of Hokkaido island. Here is the marshland of the title, a remote and virtually unspoiled region of Japan where Kaga sets a large number of extraordinarily beautiful pastoral scenes. Marshland is a revelation of modern Japanese history and culture, a major novel from the hand of a master well-known in his own country, but virtually unheard-of--so far--in the United States and Anglophone world in general.

The Modernizers Ardath W. Burks,2019-09-10 This volume of essays by Japanese and Western scholars sheds light on the process of modernization in nineteenth-century Japan, focusing on two significant aspects of Japan's .transition to a modern society: the decision to live for a time with the necessary evil of relying on the skill and advice of foreign employees (oyatio gaikokujin) and the decision to dispatch Japanese students overseas (Pyugakusei). The. essays make clear that the success of both these programs went beyond aiding Japan's modernization goals; their indirect effects often extended much further than planned, influencing even today the fields of education, science, and history and affecting other countries' knowledge about Japan

Newly arrived, but with a great deal of experience, Kaga is promptly assigned to the team investigating the murder of a woman. But the more he investigates, the greater number of potential suspects emerges. It isn't long before it seems nearly all the people living and working in the business district of Nihonbashi have a motive for murder. To prevent the murderer from eluding justice, Kaga must unravel all the secrets surrounding a complicated life. Buried somewhere in the woman's past, in her family history, and the last few days of her life is the clue that will lead to the murderer.
