Cell-Penetrating Peptides Makoto Oba, Yosuke Demizu, 2022-11-30 Cell-Penetrating Peptides The definitive reference on the rational design of cell-penetrating peptides enables readers to develop tailor-made peptides for their specific needs. In recent years, cell-penetrating peptides (CPPs) have become valuable tools for the cellular delivery of proteins, nucleic acids, and drugs. These small peptide sequences can be artificially designed and synthesized with custom-made characteristics to mediate the efficient and non-toxic transport of biomolecules, drugs, or nanoparticles into the cell. Cell-Penetrating Peptides: Design, Development, and Applications provides an up-to-date account of the development and use of CPPs for delivering membrane-impermeable bioactive molecules into cells. Bringing together contributions from leading researchers from around the world, this comprehensive volume describes the characteristics and mechanisms of CPPs as well as their application in both medicine, biotechnology and agriculture. Covers rational design and development of cell-penetrating peptides for use in cellular delivery of small molecule drugs, proteins, nucleic acids, and nanoparticles Presents the chemical and biological characteristics of CPP action in vitro and in vivo Describes the structure and design principles of both synthetic and naturally occurring CPPs Discusses key medical applications of CPPs such as oral delivery, intranasal delivery, and clinical trials Cell-Penetrating Peptides: Design, Development, and Applications is an essential

resource for biochemists, medicinal chemists, molecular biologists, biotechnologists, and researchers studying CPPs in both academia and industry.

The Freaks of Origin David Fox Orr, 2018-09-17

The Freaks of Origin is a story involving magic, powers, and alternate, interconnected worlds. Yet despite all that, the main focus consists of growing up under desperate circumstances and how this affects each character. There are several unique characters, and they all have a breath of life and realism into them that's easy to identify with and grow attached to. However, the most prominent protagonist of our story is on a teenage boy named Fox who, while dealing with his crazy life, is trying to fight against all odds to not become what he considers to be "the bad guy." Will he and his unlikely group of friends who refer to themselves as the freaks literally make it out of high school alive? Will he be able to maintain the most important relationships in his life without becoming what he hates the most? Is a group of misfits cut out to save the small yet corrupt town of Origin? You'll have to read through this tale of life, love, and loss to find out!

Contains the original storyline of the first season of Yu-Gi-Oh!, including scenes too startling for TV! Can Yugi and Jonouchi escape the subterranean maze of the Labyrinth Brothers, or will they be buried with their cards? Maybe they'd be safer underground, because Kaiba, the world's

former greatest gamer, is back! On the towers of Pegasus Castle, Yugi and Kaiba fight their third Duel Monsters battle, with everything at stake.
