Prayer and Play in Late Tokugawa Japan Nam-lin Hur,2020-03-23 The unique amalgam of prayer and play at the Sensōji temple in Edo is often cited as proof of the “degenerate Buddhism” of the Tokugawa period. This investigation of the economy and cultural politics of Sensōji, however, shows that its culture of prayer and play reflected changes taking place in Tokugawa Japan, particularly in the city of Edo. Hur's reappraisal of prayer and play and their inherent connectedness provides a cultural critique of conventional scholarship on Tokugawa religion and shows how Edo commoners incorporated cultural politics into their daily lives through the pursuit of prayer and play.

**CEO OF MY TIME FOR BEING A..I** Rajeev Nalawadi,2023-07-06 Each one of us has a perception of reality that is shaped by a number of factors, such as our senses, our experiences, our beliefs, our emotions, and our perspectives. This book draws from personal experiences, culture, technology, genes, philosophy, and attempts to reveal a path that systematically unveils the tools to understanding ourselves better and as a result unlock the potential deep within us. If we believe that the world is a dangerous place, we may be more likely to interpret events in a negative way. Conversely, if we believe that the world is a friendly place, we may be more likely to interpret events in a positive way. By creating an awareness of how these perceptions of reality are influential and understanding how our minds work, we can become more objective in our thinking and make better informed decisions. Technology growth has fueled our communications by helping us stay in touch with friends and family anywhere in the world, collaborate with colleagues & clients located anywhere in the world, provided accessibility to almost unlimited information and knowledge at the click of a few buttons, improved quality of life for people with disabilities, wearables to monitor our health and fitness. Despite all these life enriching experiences, there is a deep sense of anxiety, fear, and tension that is tied to newer innovations like Artificial Intelligence (AI) and many other products. Embark on this unique transformational journey with author Rajeev Nalawadi to analyze from an engineer's perspective the concepts of I, Me, Mine, You in our lives. When we see ourselves as I, we are seeing ourselves as separate from the world around us. When we see ourselves as me, we are seeing ourselves as a collection of thoughts, feelings, and experiences. When we see ourselves as mine, we are seeing ourselves as attached to things and people in the material world. When we see ourselves as you, we are seeing ourselves as connected to all other beings in the universe. How can we transform ourselves to chart life's journey to lead a more fulfilling life amidst the wave of breakneck speed innovations about to be introduced. Tapping into the field of all possibilities is within reach for all of us, it just needs to be explored the right way. Rather than being overwhelmed by the blast of technological innovations headed our way, we can use some techniques to manage our life's transformations in a way that can instill peace, and calmness.

Tokyo New City Guide Mayumi Yoshida Barakan,Judith Connor Greer,2012-07-17 The Tokyo New City Guide goes far beyond the well-worn tourist itineraries and deep into the complex, highly contrasted heart of one of the world's largest and most exciting cities. This lively, up-to-the-minute Japan travel guide covers modern Tokyo like no other. Here's where you will find the ideal balance between the still-extant traditional Japan with its temples, way of life, arts and crafts, kimono, festivals, customs and cuisine and the crowded futuristic technopolis of electronics, high fashion, contemporary art and architecture, and gastronomic experiences from the four corners of the globe. Bewildering at times, the coexistence of such contrasts is precisely what makes Tokyo tick. More than just a perfunctory Tokyo guide, this is a handbook for life in contemporary Tokyo. The style is informative, absorbing and witty and, where due, refreshingly frank and critical. Bursting at the seams with information, it is not only invaluable for the short term visitor or the newcomer, but likely to send even the most jaded long-term residents off to explore some new horizons of their many-faceted adopted home.
