Monica Ramirez-Montagut

KAWS Monica Ramirez-Montagut, 2010-11-09 A vibrant look at the celebrated artist and designer KAWS. Multidisciplinary artist KAWS was first known for his work as a graffiti artist and his subversive approach to popular imagery on bus shelter and phone booth advertisements. This is the first comprehensive survey of the artist's body of work.

KAWS Germano Celant, 2020 This catalogue documents the first exhibition in the Middle East by KAWS (Brian Donnelly, born 1974, USA). The solo show explores his career and vast oeuvre and features paintings and sculptures made over the past 20 years. KAWS' imagery has long possessed a sophisticated, dark humour, revealing the interplay between art and consumerism, referencing both art history and pop culture. Donnelly began his career in street art in the 1990s, becoming synonymous with the name KAWS, a tag that became a staple in his 'subvertisements' (modifications of commercial works). In addition to more than 40 major pieces exhibited in the Garage Gallery, examples of commercial collaborations designed by KAWS, among them sneakers, skateboards, and toys are on view in a separate archive above Cafe 999. A massive 5-meter-tall sculpture, Companion (Passing through) (2013), in the Fire Station courtyard and an inflatable 40-metre public artwork at the Dhow Harbour, Holiday (2019), also serve to highlight the exhibition. Exhibition: Fire Station, Doha, Qatar (25.10.2019-25.01.2020)

Kaws: What Party Daniel Birnbaum, Eugenie Tsai, 2021 A comprehensive monograph on the work of KAWS, one of the most sought-after artists and creative forces of our time. Drawing from Pop art traditions, KAWS's work straddles the line between fine art and popular culture, crossing the mediums of painting and sculpture, along with fashion, merchandise, vinyl toys, and, most recently, augmented reality. This book, made in close collaboration with the artist, features his most well-known works alongside sketches, preparatory drawings, and never-before-seen images of KAWS at work, revealing the meticulous process behind his iconic artworks. Accompanying a major retrospective exhibition at the Brooklyn Museum, it captures the artist's unique ability to reshape the ways we think about contemporary art and culture today.

KAWS , 2019 KAWS is one of the most prominent and prolific artists of his generation. Working across art, fashion and design, he creates colour-filled paintings, murals, large-scale sculptures, street and public art, products, and streetwear. His work is infused with humour and humanity and is deeply tied to our times. KAWS draws his cast of characters from pop-culture animations to form a distinctive artistic vocabulary. Featuring a new text by Margaret Atwood (The Handmaid's Tale), a biographical essay by NGV Senior Curator of Contemporary Art, Dr Simon Maidment, and more than 200 images, including documentation of the career-survey exhibition KAWS: Companionship in the Age of Loneliness at the National Gallery of Victoria, this publication is a comprehensive overview of the artist's work to date. -- Publisher website.

KAWS Andrea Karnes, 2017 Appropriating characters, images and effects from pop culture, the work of KAWS blurs the lines between high and low art, and between art and fashion. Effectively deploying film and television favorites for his toys, large-scale sculpture and bold, nearly abstract painting, KAWS recasts the familiar colours and forms of popular entertainment in cheeky and often poignantly human terms. Influenced by Andy Warhol and other Pop artists, hard-edge abstract painting and graffiti, KAWS' work deftly straddles consumer culture and artistic innovation, and his distinctive style is as much at home in his toys as in his monumental sculpture. KAWS: Where the End Starts explores the artist's prolific career in depth, featuring key paintings, sculptures, drawings, toys and fashion and advertising designs. This extensive monograph, including contributions from Andrea Karnes, Michael Auping, Dieter Buchhart and Pharrell Williams, reveals critical aspects of KAWS' formal and conceptual development over the past 20 years, as his career

has shifted from graffiti to fine art and collaborations with designers and brands such as Comme des Garçons, SUPREME, Nigo (A Bathing Ape) and Nike.

This book, made in close collaboration with the artist, features his most well-known works alongside sketches, preparatory drawings, and never-before-seen images of KAWS at work, revealing the meticulous process behind his iconic artworks. Kaws Alexandra Kleeman, 2023 Based on the blockbuster 2022 solo show in London, KAWS: New Fiction documents the groundbreaking, multi-layered exhibition that presented the artist's new and recent works in physical and augmented reality. A unique collaboration between the acclaimed artist KAWS, the Serpentine Galleries, digital art platform Acute Art, and the online video game phenomenon Fortnite, KAWS: New Fiction bridges the gap between the physical and virtual worlds, showcasing KAWS's artworks as they've never been seen before. This one-of-a-kind book chronicles the iconic KAWS figure as it journeys through viewing the exhibition's paintings, sculptures, site-specific additional artworks revealed via augmented reality (visible at the show through a dedicated AR app), and the virtual recreation of the physical gallery simultaneously featured in Fortnite. KAWS: New Fiction is a celebration of the unprecedented exhibition, and KAWS's creative influence, as it was experienced in physical, virtual, and augmented realities.

KAWS: He Eats Alone Germano Celant, 2020

Daniel Arsham, 2018-10-09 The first comprehensive monograph on artist Daniel Arsham's genre-bending world. Daniel Arsham mines lusted-after consumer goods and iconic imagery to create his conceptual objects and sculptures. The artist then casts and refinishes his work to imitate the effects of erosion and subsidence, creating monuments to our present obsessions, as if the objects were rescued from Pompeii. That same impulse toward excavation animates many of his installations, which range from layered broken walls to geode-filled caverns to melting portals. From room-collapsing environmental installations for today's leading brands and museums to elaborate set design for classical dance, Arsham twists elements of architecture to create immersive aesthetic experiences that appeal to the divided attentions of a contemporary audience. Presented as an induction manual to Arsham's covetable world, the book will provide a complete overview of his practice. Virgil Abloh discusses Arsham's contribution to a post-media artistic landscape, a thread developed by Hans Ulrich Obrist in a conversation with the artist that traces art-historical precedents. Steven Matijcio will discuss the artist's projects and collaborations, which range from sets for Merce Cunningham's dance company to clothes and sneakers with streetwear icons Ronnie Fieg and Adidas to projects with James Franco and Pharrell Williams and films with Mahershala Ali.

Kaws: Family Jim Shedden, 2024-03-19 A lavishly illustrated tour of the methods, process and sources behind the iconic pop artworks of KAWS. American artist KAWS is one of the most famous living contemporary artists today. Renowned for his iconic visual language and larger-than-life sculptures, the artist draws on beloved pop culture icons to create a new and recognizable cast of characters of his own. The broad appeal of KAWS' style has made his artwork accessible to collectors, museum visitors and the general public alike, and has led to collaborations with coveted global brands and immense commercial success. *KAWS: FAMILY*, organized by the Art Gallery of Ontario, Toronto, marks the artist's Canadian institutional exhibition debut with an array of his drawings, paintings, sculptures and selected products. The catalog features over 60 works from the past two decades, including installation photography; essays by Julian Cox, AGO Deputy Director and Chief Curator, and Mark Kingwell, FRSC, Professor of Philosophy, University of Toronto in Toronto, Canada; and an interview with KAWS by Jim Shedden, AGO Curator of Special Projects and Director of Publishing. Together, this material provides new insights into KAWS' influences and creative process as well as the impact his work has made across the spheres of fine art, pop culture, product design and fashion. A graffiti artist since adolescence, Brian Donnelly (born 1974), known professionally by his moniker KAWS, received his BFA in illustration from New York's School of Visual Arts in 1996. He has collaborated with brands such as Supreme, Nike and Comme des Garçons, and his work can be found in the collections of the High Museum of Art in Atlanta, the Modern Art Museum of Fort Worth, the Brooklyn Museum and the Museum of Contemporary Art in Los Angeles. KAWS lives and works in Brooklyn, New York.

Supreme Aaron Bondaroff, 2010 The first monograph on the iconic independent New York street fashion label Supreme. In April 1994, Supreme opened its doors on Lafayette Street in downtown Manhattan and became the home of New York City skate culture. Challenging the dominance of the established West Coast skater scene and the new conservatism of 1990s New York, Supreme defined the aesthetic of an era of rebellious cool that reached from skaters

to fashionistas and hip hop heads. Over the last sixteen years, the brand has stayed true to its roots while collaborating with some of the most groundbreaking artists and designers of its generation, and with stores in Los Angeles and Japan has become an international icon of independent counter-cultural style. This definitive monograph – with written contributions from contrasting arbiters of style, Aaron Bondaroff and Glenn O'Brien, and including an interview between founder James Jebbia and the artist KAWS – brings together the disparate elements of the brand's output, from legendary advertising campaigns to especially commissioned skateboard designs, photographs, and artworks, and a comprehensive index of their products to date. Including collaborations with Jeff Koons, Richard Prince, Damien Hirst, Public Enemy, Lou Reed, and Futura 2000 among many others, this richly illustrated book is a survey of sixteen years of contemporary street fashion and culture reflected in the pioneering work of one of New York's most influential independent labels.

Laws of UX Jon Yablonski, 2020-04-21 An understanding of psychology—specifically the psychology behind how users behave and interact with digital interfaces—is perhaps the single most valuable nondesign skill a designer can have. The most elegant design can fail if it forces users to conform to the design rather than working within the blueprint of how humans perceive and process the world around them. This practical guide explains how you can apply key principles in psychology to build products and experiences that are more intuitive and human-centered. Author Jon Yablonski deconstructs familiar apps and experiences to provide clear examples of how UX designers can build experiences that adapt to how users perceive and process digital interfaces. You'll learn: How aesthetically pleasing design creates positive responses The principles from psychology most useful for designers How these psychology principles relate to UX heuristics Predictive models including Fitts's law, Jakob's law, and Hick's law Ethical implications of using psychology in design A framework for applying these principles
