[Screen World 2007](#) John Willis, Barry Monush, 2010-05-01 Screen World Volume 58 is a Hal Leonard publication.

[Imperial Japan on Screen, 1931-2022](#) Bob Herzberg, 2023-08-10 This book deals with film depictions of Imperial Japan from the time it was a totalitarian power to the productions of recent years. It especially covers wartime depictions, as well as the historical events that inspire the stories behind these productions. In the 1930s, Hollywood gave us the likeable Mr. Moto at the same time Japan was set on its expansionist course. When war broke out, both the Allies and the Axis produced propaganda films that increased hatred for the enemy. In the postwar years as the Cold War took hold, the U.S. government encouraged friendship with their former wartime enemy. This book details correspondence between studio personnel and the Production Code office, as well as the critiques of film reviewers, historians and military figures from both sides of the conflict. Also examined are behind-the-scenes machinations from both the Japanese and American governments in the censorship of controversial film content.

[American Media and the Memory of World War II](#) Debra Ramsay, 2015-02-11 For three generations of Americans, World War II has been a touchstone for the understanding of conflict and of America's role in global affairs. But if World War II helped shape the perception of war for Americans, American media in turn shape the understanding and memory of World War II. Concentrating on key popular films, television series, and digital games from the last two decades, this book explores the critical influence World War II continues to exert on a generation of Americans born over thirty years after the conflict ended. It explains how the war was configured in the media of the wartime generation and how it came to be repurposed by their progeny, the Baby Boomers. In doing so, it identifies the framework underpinning the mediation of World War II memory in the current generation's media and develops a model that provides insight into the strategies of representation that shape the American perspective of war in general.

[Eastwood's Iwo Jima](#) Anne Gjelsvik, Rikke Schubart, 2013-07-09 Together, Flags of our Fathers and Letters from Iwo Jima tell the story behind one of history's most famous photographs, Leo Rosenthal's 'Raising the Flag on Iwo Jima'.

[Reservations](#) Steve Burgess, 2024-04-27 A personal investigation into the real price of our holidays. Travel was once a marker of sophistication. Now the tourist is just as likely to be viewed as one locust in an annihilating swarm. Tourists face tough questions: When does economic opportunity become exploitation? How do we justify the use of climate-changing jet fuel? And can we be sure our tourist dollars aren't propping up corrupt and brutal regimes? Now, as the world returns to travel, Steve Burgess asks: Is satisfying our own wanderlust worth the trouble it causes everyone else? Or is the tourist guilty of the charges—from voyeurism to desecration—levelled against them by everyone from environmentalists to exhausted locals to superior-feeling fellow tourists who have traded in the tour bus for “authentic experiences”? In this smart and sharply funny interrogation of our right to roam, Burgess looks into the traveller's soul, sharing the stories of some of his most personally-significant travels, from Rome to Tana Toraja, and looking to studies and experts around the world for insight into why we travel and how we could do it better. And throughout, he tells the story of a month in Japan—his first trip outside North America—and the whirlwind cross-cultural romance that brought him there, and took him on a journey around the country in search of wonder and maybe even love.

[Clint Eastwood's America](#) Sam B. Girgus, 2014-01-08 The steady rise of Clint Eastwood's career parallels a pressing desire in American society over the past five decades for a figure and story of purpose, meaning, and redemption. Eastwood has not only told and filmed that story, he has come to embody it for many in his public image and film persona. Eastwood responds to a national yearning for a vision of individual action and initiative, personal responsibility, and potential for renewal. An iconic director and star for his westerns, urban thrillers, and adventure stories, Eastwood has taken film art to new horizons of meaning in a series of masterpieces that engage the ethical and moral consciousness of our times, including *Unforgiven*, *Million Dollar Baby*, and *Mystic River*. He revolutionized the war film with the unprecedented achievement of filming the opposing sides of the same historic battle in *Flags of Our Fathers* and *Letters from Iwo Jima*, using this saga to present a sharply critical representation of the new America that emerged out of the war, a society of images and spectacles. This timely examination of Clint Eastwood's oeuvre against the backdrop of contemporary America will be fascinating reading for students of film and popular culture, as well as readers with interests in Eastwood's work, American film and culture.

[The Silvering Screen](#) Sally Chivers, 2011-01-01 Popular films have always included elderly characters, but until recently, old age only played a supporting role onscreen. Now, as the Baby Boomer population hits retirement, there has been an explosion of films, including *Away From Her*, *The Straight Story*, *The Barbarian Invasions*, and *About Schmidt*, where aging is a central theme. The first-ever sustained discussion of old age in cinema, *The Silvering Screen* brings together theories from disability studies, critical gerontology, and cultural studies, to examine how the film industry has linked old age with physical and mental disability. Sally Chivers further examines Hollywood's mixed messages - the applauding of actors who portray the debilitating side of aging, while promoting a culture of youth - as well as the gendering of old age on film. *The Silvering Screen* makes a timely attempt to counter the fear of aging implicit in these readings by proposing alternate ways to value getting older.

[Tough Ain't Enough](#) Lester D. Friedman, David Desser, 2018-06-29 Throughout his lengthy career as both an actor and a director, Clint Eastwood has

appeared in virtually every major film genre and, at this point in his career, has emerged as one of America's most popular, recognizable, and respected filmmakers. He also remains a controversial figure in the political landscape, often characterized as the most prominent conservative voice in mostly liberal Hollywood. At Eastwood's late age, his critical success as actor and director, his combative willingness to confront serious cultural issues in his films, and his undeniable talent behind the camera all call for a new and comprehensive study that considers and contextualizes his multiple roles, both on and off screen. *Tough Ain't Enough* offers readers a series of original essays by prominent cinema scholars that explore the actor-director's extensive career. The result is a far-reaching and nuanced portrait of one of America's most prolific and thoughtful filmmakers.

Consumer Behaviour Isabelle Szmigin,Maria Piacentini,2014-11-06 Presenting a brand new approach to teaching consumer behaviour, Szmigin and Piacentini move beyond traditional psychological learning to acknowledge more holistic perspectives of consumer behaviour and incorporate new areas of research, such as Consumer Culture Theory, which are enhancing ourunderstanding of this fascinating subject.The latest behavioural, psychological and sociological approaches are presented alongside emerging techniques, such as neuromarketing, with their application to marketing explicitly drawn out.Theory is firmly set in context for students through extensive use of international examples and extended cases on topics such as repertoire shopping in China, lifestyles of Indian consumers, and learning about brands through Havaianas in Brazil.Each chapter includes Consumer Insights covering topics such as social media marketing in the Netherlands, repositioning Lucozade in the UK, and finding the right celebrity endorser. These features bring together the themes discussed and encourage students to engage with the material on a morepractical level.Central to the book is the recognition of how businesses and government are likely to use knowledge of these theories and techniques in marketing strategies and business decision making. Each chapter includes a Practitioner Insight from a professional working in marketing, advertising, government ora charity, including Dubit, Thinkbox and Age UK to provide real world views on the topics being discussed and the possible future direction of these areas.The authors acknowledge consumer behaviour as a research discipline. To reflect this, Research Insights features throughout each chapter include links to seminal papers to present students with the opportunity to take their learning further.The accompanying Online Resource Centre provides superior ready-to-use support for both students and lecturers:For students:

- * Author blog, responding to changes within the subject and supporting the currency of the textbook;
- * Web links illustrating consumer behaviour in practice including examples from print, video and web;
- * Multiple choice questions with instant feedback;
- * Links to seminal articles as highlighted in the Research Insights feature;
- * Web exercises to encourage students to test their knowledge and apply their learning;
- * Flashcard glossary to test understanding of key terms.

For lecturers:

- * Comprehensive customizable PowerPoint slides;
- * Learning activities (including, more detailed workshop-based activities, shorter lecture-based in-class exercises and suggestions for assessment approaches)
- * An instructor's manual (containing guidance on how to use the case studies and Practitioner Insights in class, indicative answers, and some additional questions).

World War II on Film David Luhrssen,2020-11-09 *World War II on Film* examines the war through the lens of 12 films. The movies selected include productions made during World War II and in each succeeding decade, providing a sense of how different generations perceive the war. *World War II on Film* provides a succinct yet well-grounded appraisal of that war as seen through 12 representative films. The book separates fact from fiction, showing where the movies were accurate and where they departed from reality, and places them in the larger context of historical and social events. Each movie chosen represents a particular aspect of the conflict, including the air war over Europe, the condition of prisoners of war, Nazi atrocities, and the British evacuation at Dunkirk. Unlike most histories of Hollywood during World War II or the genre of war movies, *World War II on Film* examines in depth the relation between the depictions of events, beliefs, attitudes, and ways of life as seen on film with reality as documented by historians or recorded by journalists or eye-witnesses to the war. The volume will appeal to high school and college readers, as well as general interest readers and film buffs.

100 Great War Movies Robert J. Niemi,2018-04-04 This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films' historical accuracy answered. This cinematic guide to war movies spans 800 years in its analysis of films from those set in the 13th century Scottish Wars of Independence (*Braveheart*) to those taking place during the 21st-century war in Afghanistan (*Lone Survivor*). World War II has produced the largest number of war movies and continues to spawn recently released films such as *Dunkirk*. This book explores those, but also examines films set during such conflicts as the Napoleonic Wars, the American Civil War, World War I, the Vietnam War, and the wars in Afghanistan and Iraq. The book is organized alphabetically by film title, making it easy to navigate. Each entry is divided into five sections: Background (a brief discussion of the film's genesis and

The Ethical Vision of Clint Eastwood Sara Anson Vaux,2012 Analyzes fifteen Eastwood films from a thematic perspective, revealing how the Hollywood icon's moral vision has evolved over the course of his career while remaining rooted in the same basic ideals.

War on the Silver Screen GLEN JEANSONNE,DAVID LUHRSEN,2014-10-01 Americans have been almost constantly at war since 1917. In addition to two world wars, the United States has fought proxy wars, propaganda wars, and a “war on terror,” among others. But even with the constant presence of war in American life, much of what Americans remember about those conflicts comes from Hollywood depictions. In War on the Silver Screen Glen Jeanssonne and David Luhrssen vividly demonstrate how war movies have burned the images and impressions of those wars onto the American psyche more concretely than has the reality of the wars themselves. That is, our feelings about wars are generated less by what we learn through study and discourse than by powerful cinematic images and dialogue. Films are compressed, intense, and immediate and often a collective experience rather than a solitary one. Actors and drama provide the visceral impact necessary to form perceptions of history that are much more enduring than those generated by other media or experiences. War on the Silver Screen draws on more than a century of films and history, including classics such as All Quiet on the Western Front, Apocalypse Now, and The Hurt Locker, to examine the legacy of American cinema on twentieth- and twenty-first-century attitudes about war.

Under Foreign Eyes James King,2012-02-24 This book is about the perception of Japan in the sixty films set there by gaijin (foreigners) –outsiders who almost always do not speak or read Japanese. My area of attention is directed to films depicting post World War II Japan and the Japanese, and, in many cases, films showing how foreigners in the same time frame respond to Japan. Why have a substantial number of films been set there by strangers? As a body of work, what do they tell us about contemporary Japan and about cinema? These films certainly provide a new cultural history of the West’s reaction to Japan, but, even more, they are constructions that demonstrate how the West gazes at Japan. As such, more information can often be derived about the onlookers as on those looked-upon. ,

Last Stands from the Alamo to Benghazi Frank Wetta,Martin Novelli,2016-12-08 Last Stands from the Alamo to Benghazi examines how filmmakers teach Americans about the country’s military past. Examining twenty-three representative war films and locating them in their cultural and military landscape, the authors argue that Hollywood’s view of American military history has evolved in two phases. The first phase, extending from the very beginnings of filmmaking to the Korean War, projected an essential patriotic triumphalism. The second phase, from the Korean and Vietnam Wars to the present, reflects a retreat from consensus and reflexive patriotism. In describing these phases, the authors address recurring themes such as the experience of war and combat, the image of the American war hero, race, gender, national myths, and more. With helpful film commentaries that extend the discussion through popular movie narratives, this book is essential for anyone interested in American military and film history.

Hollywood's Imperial Wars Armando Jose Prats,2024-04-16 When the Vietnam War punctured the myth of American military invincibility, Hollywood needed a new kind of war movie. The familiar triumphal narrative was relegated to history and, with it, the heroic legacy that had passed from one generation to the next for more than two hundred years. How Hollywood helped create and instill the American myth of heroic continuity, and how films revised that myth after the Vietnam War, is what Armando José Prats explores in Hollywood's Imperial Wars. The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war, from the mythic heroism of a film like Sands of Iwo Jima to the rupture of that myth in films such as The Deer Hunter, Apocalypse Now, and Platoon. As early as the mid-1940s, Prats suggests, fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth—anxieties reflected in the insistent, aggressive patriotism in films of the period. In this context, Prats considers the immeasurable cultural importance of John Wayne, the cinematic

apotheosis of wartime valor and righteousness, whose patriotism was nonetheless deeply compromised by his not having served in World War II. Prats reveals how historical and cultural anxieties emerge in well-known Vietnam movies, in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers. American war movies, in Prats's analysis, were forever altered by the loss in Vietnam. Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events. Tracing what Prats calls the "anxiety of legacy" through the films of the World War II and post-Vietnam War periods, this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts.

Bigger Than Blockbusters James Roman, 2009-02-17 Whether it's the hum drum existence of Marion Crane and her illicit love affair, the psychotic antics of Norman Bates, the sudden irrational migration of birds, a crop duster swooping down on Roger Thornhill in the middle of nowhere, or Vincent Vega and Mia Wallace's unforgettable dance at Jack Rabbit Slim's - they are all cinematic moments that forever changed the psyche and viewing experience of American audiences. *Bigger Than Blockbusters: Movies That Defined America* tells the stories behind the most significant and influential films in American culture, movies that have had a profound influence on the literary, cinematic and popular culture of our time. Arranged chronologically, the volume gives readers an opportunity to place the films within the context of the social and cultural historic dynamic of the time, making this an ideal source for student papers and reports. Each entry includes the filmmaker, actors, release information, a synopsis of the film, critics' reviews, awards, current availability, and then background on the making of the film in an artistic, economic, and technological context. Spanning all genres, including horror and drama, adventure, comedy, musicals, science fiction, and more, this volume is loaded with enough trivia and factoids to satisfy even the most die-hard movie buff. Also included are other Greatest Films compilations from the National Society of Film Critics and noteworthy sources for comparative purposes. Guaranteed to inspire forays into film favorites as well as some very lively debate, this resource is essential reading for film lovers and students alike.
