Ghosts, Monsters and Demons of India Rakesh Khanna,J.

Furcifer Bhairav,2023-09-12 An illustrated guide to the folktales and real-life stories of the ghosts, monsters and demons of India, a culture famously rich in tradition and legends. Perfect for fans of Eli Roth's Urban Legends and Guillermo Del Toro's Cabinet of Curiosities. I was not prepared for how deeply this book captivated me ... Ghosts, Monsters, and Demons of India is exemplary of what a book can be, how it can operate. It's a bridge across space, time, and language —Robin Sloan, author of Mr. Penumbra's 24-Hour Bookstore An encyclopedia of evil entities and folkloric fiends from across India, from Ladakh to Kerala, Lakshadweep to Nagaland, Naraka to Tuchenkwaka, complete with 60 spooky illustrations. Inside this book you will find ... Killer robots built with stolen Roman engineering technology that once guarded the relics of the Buddha The ghost of a 21-year-old motorcyclist whose Enfield Bullet is venerated at a highway temple in Rajasthan A Himalayan drum-playing spirit-teacher whose wife is a fearsome Yeti Diabolical entities conjured into existence by the simultaneous deaths of seven tigers Triple-rooted night-flying Vedic necromancers Call-centre employees from beyond the grave The dreaded Ngalei Ahmaw of Maraland, whose victims' heads detach themselves from their bodies at night and go wandering in search of blood ... AND MORE

Mothers' Experiences of Long-term Homelessness in Minnesota Keimi Umezu,2009

Gangte Folktales Sieka Gangte,2015-01-27 The book has a bag of mixed stories and fascinating tales.For instances,the story of Khupting and Ngambawm epitomise true love showing that nothing can stop genuine love even in life after death ;The story of the knife sharpener explained about justice and tribal judicial system . Some of the stories reveals the brotherhood between men and animals,Inter marriage between humans and non humans and the existence of a world where both humans and

animals lived together peacefully. Liendo brothers narrated a story of rags to riches and true brotherly love. The legends of the Keimis exposed the myth about the existence of half man half tiger. Lengchawnghoih known for her beauty reveals that the idea of landing on moon and stars also existed during earlier time. The Cucumber sowers and Little pumpkin not little baby, gives the readers an outlook on tribal practice of jhuming cultivation and how people reached out to heavenly God in times of need. As a reader you will also come across the magical tales of Galngam the wizard conquering his enemy through his magic. This book hopes to delight and entertain the readers, transporting their imagination to another world of mixed emotions filled with laughter, joy, sadness and wonder all the while learning how our ancestor lived in olden times.

From Makaras to Manticores C.G. Salamander, 2023-05-22 If you are reading this journal, please stop - right now. It's mine, meant for my eyes alone. I'm constantly losing my things, and I don't care if you found it in a second-hand bookstore or a tea shop, because this is a private notebook. My travels around India, documenting a hundred mythical creatures, are deeply personal. I hope to compile my findings and publish them someday. It's then that you can know more about the fierce Asunam that are beguiled by forest music and the Manticores that roam the deserts in the west, or the Thlen that terrorize the north-east and the Makaras that patrol the southern seas...but wait for it! There's no reason for you to be reading someone else's diary. Mail me at thomas.iravathur@gmail.com, so that you can return it. Immediately.

The Lushei Kuki Clans John Shakespear, 1912

The Lushei Kuki Clans Lieutenant-Colonel John

Shakespeare, 2020-09-28 The Lushei chiefs now rule over the country between the Kurnaphuli river and its main tributary, the Tuilianpui on the west, and the Tyao and Koladyne river on the east, while their southern boundary is roughly a line drawn east and west through the junction of the Mat and Koladyne rivers and their most northerly villages are found on the borders of the Silchar district. Within this area, roughly 7,500 square miles, there are only a few villages ruled over by chiefs of other clans, and outside it there are but few true Lushei villages, though I am told that there are villages of people very closely connected with the Lusheis, on the southern borders of Sylhet, in Tipperah and in the North Cachar Hills, and there are a few in the Chittagong Hill tracts. All the Lushai Kuki clans resemble each other very closely in appearance and the Mongolian type of countenance prevails. One meets, however, many exceptions, which may be due to the foreign blood introduced by the many captives taken from the plains and from neighbouring tribes; but these are not worth considering, and the description of the Kuki written by Lt. Stewart close on 80 years ago cannot be improved on. "The Kukis are a short, sturdy race of men with a goodly development of muscle. Their legs are, generally speaking, short in comparison with the length of their bodies, and their arms long. The face is nearly as broad as it is long and is generally round or square, the cheek bones high, broad and prominent, eyes small and almond-shaped, the nose short and flat, with wide nostrils. The women appear more squat than the men even, but are strong and lusty." In Lushai clans both sexes are as a rule rather slighter made than among the Thado and cognate clans, whom Lt. Stewart was describing. Adopting the scale given in the handbook of the Anthropological Institute, the colour of the skin varies between dark yellow-brown, dark olive, copper-coloured and yellow olive. Beards and whiskers are almost unknown, and a Lushai, even when able to grow a moustache, which is not often, pulls out all

the hairs except those at the corners of his mouth. The few persons with hairy faces may, I think, be safely said to be of impure blood.

Deliverer C. J. Cherryh, 2007-02-06 The ninth novel in Cherryh's *Foreigner* space opera series, a groundbreaking tale of first contact and its consequences... In the aftermath of civil war, the world of the atevi is still perilously unstable. Tabini-aiji, powerful ruler of the Western Association, along with his son and heir Cajeiri, and his human paidhi, Bren Cameron, have returned to the seat of power. The usurper, Murini, has escaped to the lands of his supporters, but the danger these rebels pose is far from over. Ilisidi, Tabini's grandmother, the aiji-dowager, has returned to her ancient castle in the East, for she has powerful ties in the lands of the rebels, and she seeks to muster whatever support for her grandson that she can from among those enemy strongholds. In his father's tightly guarded headquarters, eight-year-old Cajeiri is horribly bored. Two years on an interstellar starship surrounded by human children have left him craving excitement. But unbeknownst to this dissatisfied youngster, he has become a target for forces bent on destroying his father's rule and everything it stands for. Though still a child, Cajeiri embodies a unique threat to the venerable, tradition-defined lifestyle of his people. For this young boy is the first ateva youth to have lived in a human environment. And after hundreds of years of tenuous atevi-human coexistence, Cajeiri may very well be the first ateva to ever truly understand the so similar yet so dangerously different aliens who share his home planet and threaten the hidebound customs of his race. The long-running *Foreigner* series can also be enjoyed by more casual genre readers in sub-trilogy installments. *Deliverer* is the 9th *Foreigner* novel, and the 3rd book in the third subtrilogy.

Emergence C. J. Cherryh, 2019-01-08 The 19th book in

Cherryh's beloved Foreigner space opera series begins a new era for diplomat Bren Cameron, as he navigates the tenuous peace he has struck between human refugees and the alien atevi.

Prejudice Across America James Waller, 2009-09-18 The experiences of a teacher and his white students on a nationwide trek toward racial understanding In 1998 James Waller took twenty-one white college students from Washington state on a month-long journey. *Prejudice Across America* is the record of their interaction with the American Indian, Asian American, African American, Hispanic, and Jewish experiences nationwide. Few books have so directly and humanly captured the moment when whites confront the realities of those living as a minority in America. Waller reports here on this innovative and award-winning trek. In Los Angeles, San Francisco, Chicago, Memphis, New Orleans, Birmingham, Atlanta, and Washington, D.C., his students hear both the official story of prejudice and the street story from people living and dealing with racism on a daily basis. *Prejudice Across America* is as much the journal of these travelers and what they face as it is a sweeping, up-close survey of the nation's racial landscape. The students walk the cheerless halls of a South Side housing project in Chicago, experience the agitated aftermath of the Olympic Games in Atlanta, and attend a briefing with President Clinton's Initiative on Race. All along the way, they hold wide-ranging group discussions and experience the unpredictable adventure of traveling by train, plane, and public transit. Drawing on student journals and on interviews with community leaders and activists throughout the country, Waller paints a compelling and provocative portrait of the nation's prejudice. In addition, *Prejudice Across America* includes analyses of the obstacles to reconciliation in each of the cities on the tour's itinerary. As they travel, students confront the thorny issues of race in America, face down stereotypical thoughts, prejudicial attitudes and discriminatory behaviors, and uncover more tough questions than easy answers. As Waller and another

group of students prepare for a similar trek in 2001, Prejudice Across America will allow readers to join them in introspection and self-discovery in the urban reality of an America where diversity isn't simply a buzzword, but a way of life.

Systems in Chaos Shaun Robinson, 2014-04-14 The year is 2543 and humanity has expanded their civilization to several solar systems. And for many centuries humanity has lived in peace - until the fracture. Humanity fractured into three powerful factions. The Zeuti Guardians, the United Alliance and the Hadi Empire. They were all once part of the United Alliance, but as the unique, evolutionary, powers of a new breed of warrior, the "Zeuti", the fracture came. The Zeuti Guardians were the second faction to arise, breaking away from the authority of the UA, the Zeuti became a peacekeeping organisation and had sole authority over all biofeed capable humans. Biofeed, the essence of the Zeuti warrior. The UA and the Guardians have worked as a union beside one another to keep the peace within the borders of Human Civilization, but peace was not enough for a segmented group of Zeuti. These power hungry fighters decided it was time for a change. Breaking an entire solar system away from the grasp of the United Alliance, the Hadi Empire was born. These dark biofeed soldiers became secluded for many centuries, but in the year 2543 they returned with the full might of their military. Their invasion has began and the devastation is unparalleled. The United Alliance is on their own as the Zeuti Guardians refuse to help. However, a handful of Zeuti Guardians have gone rogue and decided to aid the last surviving planet in the Alpha Centauri System, they are led by Teran Artosis. They will do all they can to help. But nothing is as simple as that, and the situation back home is stirred up by the Teran's old mentor, Galvin El'Finn. Vladimir Struganov is the last great Commander the United Alliance has at its disposal on the planet of Kalorin and he plans on bringing Hell to the Hadi Empire for invading his planet.

Folktales of the Vaiphei S Kamminlun Vaiphei,2015-03-30

Folktales of the Vaiphei is a collection a various tales told and handed down orally to the present generation by their forefathers. It has a deep moral significance to the day to day life of the Vaipheis. Most of the tales narrates mainly on the morality of human life. Such stories were orally passed down through generations and feature morals or lessons. In a folktale, goodness is always rewarded. Heroes and heroines live happily ever after while villains are suitably punished. On the whole, the book description are plain and simple but have deep values. The folktales of the Vaiphei reflects the totality of the attitude towards life, family, yearning for happiness, riches, comforts, fames, aspirations and dreams, love of fear and unknown, religious beliefs and practices, concepts of spiritual world or life after dead and last but not the least the traditional values that they continues to cherishes. These are also the source of their history. The Vaiphei religion was based on worshipping Dawi (magic) which has found basis on the story of Galngam. It was believed that Dawibawm which form the basis of Vaiphei religion was obtained from a spot where the river Tuiluang (Barak) and Tuilang (Irang) river converged called Santaili (deepest point). It was also said that the places where Galngam had a duel with Dawikungpu was in the present day places of Gun (Imphal river) bank and Tuiluang (Barak) river bank. Chawn (feast of merit that no ordinary person with no achievement/success can perform), Sa-aih (feast of merit after a successful hunting), Bu-aih (feast of merit afetr a bountiful harvest) etc. played a major role in the life of the Vaiphei and this is found in the tales like - Dapa, Vaphual Kisuak, Liando and his brother etc. Similarly, many of the stories and tales are considered to be the foundation of some of their believes and traditional values.

Destroyer C. J. Cherryh, 2006-02-07 The seventh novel in Cherryh's *Foreigner* space opera series, a groundbreaking tale of first contact and its consequences... It has been two years since the starship *Phoenix* left Alpha Station on a rescue mission where over four thousand human spacers were under attack by a hostile alien race. Now, exhausted from their journey, the crew of the *Phoenix* yearns for home. But when the ship makes the jump into atevi space and contacts Alpha, they learn the worst: that supplies to the station have been cut off; that civil war has broken out on the atevi mainland; that the powerful Western Association has been overthrown; and that Tabini-aiji, Bren Cameron's primary supporter and Ilisidi's grandson and ally, is missing and may be dead. With no one left to lead the Western Association, Ilisidi and Bren know that the survival of their allies lies in their hands. And with the atevi world at war, the only safe landing strip lies on the human colony at Mospheira. Although there are many dangers inherent in bringing a powerful atevi leader such as Ilisidi onto human lands, Bren realizes they have no other choice. But even if they safely survive their landing, will Bren and Ilisidi together prove strong enough to muster the remaining shards of the Western Association and regain control of their planet? The long-running *Foreigner* series can also be enjoyed by more casual genre readers in sub-trilogy installments. *Destroyer* is the 7th *Foreigner* novel, and the 1st book in the third subtrilogy.

Chinese Hegemony Feng Zhang, 2015-06-03 *Chinese Hegemony: Grand Strategy and International Institutions in East Asian History* joins a rapidly growing body of important literature that combines history and International Relations theory to create new perspectives on East Asian political and strategic behavior. The book explores the strategic and institutional dynamics of international relations in East Asian history when imperial China was the undisputed regional hegemon, focusing in depth on two central aspects of Chinese hegemony at the time: the grand strategies China and its neighbors adopted in their strategic

interactions, and the international institutions they engaged in to maintain regional order—including but not limited to the tribute system. Feng Zhang draws on both Chinese and Western intellectual traditions to develop a relational theory of grand strategy and fundamental institutions in regional relations. The theory is evaluated with three case studies of Sino-Korean, Sino-Japanese, and Sino-Mongol relations during China's early Ming dynasty—when a type of Confucian expressive strategy was an essential feature of regional relations. He then explores the policy implications of this relational model for understanding and analyzing contemporary China's rise and the changing East Asian order. The book suggests some historical lessons for understanding contemporary Chinese foreign policy and considers the possibility of a more relational and cooperative Chinese strategy in the future.
