Khufu's Wisdom Naguib Mahfouz,2007-12-18 At the center of Khufu's Wisdom, Nobel laureate Naguib Mahfouz's majestic first novel, is the legendary Fourth Dynasty monarch Khufu (Cheops), for whom the Great Pyramid of Giza was built. When a seer prophesies the end of Khufu's dynasty and the ascension to the throne of Djedefra, son of the High Priest of Ra, the pharaoh must battle to preserve his legacy against the will of the Fates. But in the face of the inexorable attraction between Djedefra and Princess Meresankh, Khufu's beautiful daughter, Khufu must consider not only his personal ambition and the opposing decree of the heavens, but also how the wisdom he prides himself on as a ruler will guide him in determining the fate of his daughter's heart. Translated by Raymond Stock

Four Ways to Pharaoh Khufu Alexander Marmer,2015-12-10 For more than 4,500 years, the Great Pyramid at Giza has been shrouded in veils of impenetrable mystery. For nearly as many years, a dedicated and nearly obsessive community of explorers, scholars, and profiteers has sought to uncover the secrets of this ancient and sacred structure. But the Great Pyramid guards its secrets jealously, and the efforts of most have been silently rebuffed. Until now. Is it the will of destiny or God's eternal hand that connects two strangers in tragic circumstances with the Great Pyramid itself? It is only through the determination of one that the truth is revealed—and in that effort, the name of the other is cleared. Despite being relentlessly hunted by the descendants of the elite ancient warriors, he is now on a quest for truth that spans two continents. One of the greatest deceptions in the after-burial of the most powerful and influential pharaoh in all of ancient Egypt's history is about to be revealed. Will what he discovers be his salvation or his extinction?

Three Novels of Ancient Egypt Khufu's Wisdom, Rhadopis of Nubia, Thebes at War Naguib Mahfouz,2008-11-26 From Nobel laureate Naguib Mahfouz: the three magnificent novels—published in an omnibus edition for the first time—that form an ancient-Egyptian counterpart to his famous Cairo Trilogy. Mahfouz reaches back thousands of years to bring us tales from his homeland's majestic early history—tales of the Egyptian nobility and of war, star-crossed love, and the divine rule of the pharaohs. In Khufu's Wisdom, the legendary Fourth Dynasty monarch faces the prospect of the end of his rule and the possibility that his daughter has fallen in love with the man prophesied to be his successor. Rhadopis of Nubia is the unforgettable story of the charismatic young Pharaoh Merenra II and the ravishing courtesan Rhadopis, whose love affair makes them the envy of all Egyptian society. And Thebes at War tells the epic story of Egypt's victory over the Asiatic foreigners who dominated the country for two centuries. Three Novels of Ancient Egypt gives us a dazzling tapestry of ancient Egypt and reminds us of the remarkable artistry of Naguib Mahfouz.

Khufu Max Overton,2023-11-29 The third dynasty of the Old Kingdom of Egypt saw an extraordinary development of building techniques, from the simple structures of mud brick at the end of the second dynasty to the towering pyramids of the fourth dynasty. Just how these massive structures were built has long been a matter of conjecture, but history is made up of the lives and actions of individuals; kings and architects, scribes and priests, soldiers and artisans, even common labourers, and so the story of the Pyramid Builders unfolded over the course of more than a century. This is that story... Khufu is excited by the pyramids of his father Sneferu and wants to build a great one that will eclipse everything else ever built. The Great Pyramid presents unique challenges that must be overcome if the pyramid is to be built. Architect Hemiunu finds solutions, but even he relies on help from Rait, a woman of great talent. She must battle prejudice even from her own father if she is to achieve ultimate success. The sons of Khufu vie for power. Their actions will lead to wars between nations, and call into question who has the right to sit on the throne of Egypt. Meanwhile, the family of Den have taken to sailing and trade and find the fabled land of Punt where discoveries will affect the lives of kings yet unborn.

When Baby G is shot and left for dead, things begin to spiral out of control. And when the shooter is identified, it turns out that he's much closer to Baby G than anyone expected.

Will this mark the man for death? Or will the shooter regroup and come after Baby G a second and final time? Pyramids of the Giza Plateau Charles Rigano,2014-12-19 “The most remarkable piece of ground in the World” W. M. Flinders Petrie 1883 The Pyramid Complexes of Khufu, Khafre, and Menkaure have stood on the Giza Plateau for 4,600 years. They have been scientifically studied for the last 300 years; yet this is the first book that brings together all three into one volume. Here is a complete detailed look at the Giza pyramids and their complexes – the Sphinx, subsidiary pyramids, temples, boat pits, and enclosures. The descriptions are supplemented by almost 300 photos and drawings to provide the reader a detail look which can only be surpassed by being there in person with a very knowledgeable guide. In addition Charles Rigano provides new ideas on: • How Khufu was interred in his Great Pyramid. • How the first robbers gained entry and robbed Khufu’s pyramid. • How Caliph Al Mamun in 820AD really penetrated the Great Pyramid. • Why Heterpheres “tomb” is at Giza. • Why there is a field of stone bases near Khafre’s Pyramid. • The initial smaller plan for Khafre’s Pyramid. • Conclusive evidence that ties the Sphinx to Khafre. • How Menkaure’s Burial Chamber and Inclined Passage were built.
