Gods of the Upper Air Charles King,2019-08-06 2020 Anisfield-Wolf Book Award Winner Finalist for the National Book Critics Circle Award From an award-winning historian comes a dazzling history of the birth of cultural anthropology and the adventurous scientists who pioneered it—a sweeping chronicle of discovery and the fascinating origin story of our multicultural world. A century ago, everyone knew that people were fated by their race, sex, and nationality to be more or less intelligent, nurturing, or warlike. But Columbia University professor Franz Boas looked at the data and decided everyone was wrong. Racial categories, he insisted, were biological fictions. Cultures did not come in neat packages labeled primitive or advanced. What counted as a family, a good meal, or even common sense was a product of history and circumstance, not of nature. In *Gods of the Upper Air*, a masterful narrative history of radical ideas and passionate lives, Charles King shows how these intuitions led to a fundamental reimagining of human diversity. Boas's students were some of the century's most colorful figures and unsung visionaries: Margaret Mead, the outspoken field researcher whose *Coming of Age in Samoa* is among the most widely read works of social science of all time; Ruth Benedict, the great love of Mead's life, whose research shaped post-Second World War Japan; Ella Deloria, the Dakota Sioux activist who preserved the traditions of Native Americans on the Great Plains; and Zora Neale Hurston, whose studies under Boas fed directly into her now classic novel, *Their Eyes Were Watching God*. Together, they mapped civilizations from the American South to the South Pacific and from Caribbean islands to Manhattan's city streets, and unearthed an essential fact buried by centuries of prejudice: that humanity is an undivided whole. Their revolutionary findings would go on to inspire the fluid conceptions of identity we know today. Rich in drama, conflict, friendship, and love, *Gods of the Upper Air* is a brilliant and groundbreaking history of American progress and the opening of the modern mind.

King of the Air Ann Blainey,2021-08-03 A revealing portrait of a brilliant and troubled figure - a daredevil of the sky Charles Kingsford Smith was the most commanding flyer of the golden age of aviation. In three short years, he broke records with his astounding and daring voyages: the first trans-Pacific flight from America to Australia, the first circumnavigation around the equator, the first non-stop crossing of the Australian mainland. He did it all with such courage, modesty and charm that Australia and the world fell in love with him. He became a national hero, 'Our Smithy'. Yet his achievements belied a traumatic past. He had witnessed the horror of World War I - first as a soldier at Gallipoli, later as a combat pilot with the Royal Flying Corps - and, like so many of his generation, he bore physical and emotional scars. The public saw the derring-do; only those close to him knew the anxious man who pushed himself to the edge of health and sanity. In November 1935, Kingsford Smith's plane crashed and he was lost at sea near Burma, his body never to be recovered. This brilliant work from one of Australia's foremost biographers reveals the complicated, tumultuous life of a fascinating figure, who pursued his obsession to the greatest heights of fame and catastrophe Ann Blainey is the author of the acclaimed *I Am Melba*, which won the 2009 National Biography Award and was the most popular book in the 2009 State Library of Victoria Summer Reads program. Her other books include biographies of Leigh Hunt and the Kemble sisters. 'Brilliant ... Blainey's fascinating book focuses on the inner as well as the outer man. While Smithy's career highlights may be well known, his ambiguous relationship with fame, his drinking, and his doubts and fears were not. In this beautifully written, scrupulously researched and meticulously indexed work, Blainey has filled this gap to perfection.' —Ross Fitzgerald, *The Weekend Australian* 'Crisply written ... Even people not particularly interested in the feats of aviators will find this book an engrossing read.' —Jim Davidson, *The Sydney Morning Herald* 'Blainey is a pleasure to read and this biography is superbly researched' —Michael McGirr, *Australian Book Review*

You must be strong enough to strike and strike and strike again without tiring. The first lesson is to make yourself strong. After the jaw-dropping revelation that Oak is the heir to Faerie, Jude must keep her brother safe. To do so, she has bound the wicked king, Cardan, to her, and made herself the power behind the throne. Navigating the constantly shifting political alliances of Faerie would be difficult enough if Cardan were easy to control. But he does everything in his power to humiliate and undermine her even as his fascination with her remains undiminished. When it becomes all too clear that someone close to Jude means to betray her, threatening her own life and the lives of everyone she loves, Jude must uncover the traitor and fight her own complicated feelings for Cardan to maintain control as a mortal in a Faerie world.

Command Of The Air General Giulio Douhet,2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh “Boom” Trenchard of Great Britain and William “Billy” Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet’s central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Black Horizons U. L. Gooch,Glen Sharp,Aviation Business Consultants,2006-11-01 Black Horizons is the memoir of an orphan who went from the bottom to become a pioneering aviator, businessman and politician in the post-Tuskegee Airmen era. As a poor African-American youngster picking cotton in a 1930s Tennessee field, U.L. Rip Gooch would look to the sky as airplanes flew overhead and think about escaping to a better life. Soon after World War II, he earned his pilot's license with Chief C. Alfred Anderson, but found that racist hiring practices among airlines and other companies did not allow employment of black aviators, even those who gained fame as Tuskegee Airmen. Rip fought back using business principles instead of violence. In time he built a million-dollar aviation business selling Mooney Aircraft in the Air Capital of the World (Wichita, Kansas), accrued 20,000 flight hours, and became one of the few black politicians in one of the most conservative states in the nation. *** Sen. Rip Gooch is a man of integrity, a role model and a leader. He has served the people of Wichita and Kansas in ways that can never be measured. - Kathleen Sebelius, former governor of Kansas *** As told in this book, the life of Rip Gooch has been a combination of joys and sorrows, challenges, opportunities and successes. - George Haley, former U.S. ambassador to Gambia

The Lost Sisters Holly Black,2018-10-02 Sometimes the difference between a love story and a horror story is where the ending comes... While Jude fought for power in the Court of Elfhame against the cruel Prince Cardan, her sister Taryn began to fall in love with the trickster, Locke. Half-apology and half-explanation, it turns out that Taryn has some secrets of her own to reveal.
