PIMPOLOGY PIMPIN' KEN,2012-12-11 The pimp has reached nearly mythical status. We are fascinated by the question of how a guy from the ghetto with no startup capital and no credit -- nothing but the words out of his mouth -- comes not only to have a stable of sexy women who consider him their man, but to drive a Rolls, sport diamonds, and wear custom suits and alligator shoes from Italy. His secret is to follow the unwritten rules of the game -- a set of regulations handed down orally from older, wiser macks -- which give him superhuman powers of charm, psychological manipulation, and persuasion. In Pimpology,star of the documentaries Pimps Up, Ho's Downand American Pimp and Annual Players Ball Mack of the Year winner Ken Ivy pulls a square's coat on the unwritten rules that took him from the ghetto streets to the executive suites. Ken's lessons will serve any person in any interaction: Whether at work, in relationships, or among friends, somebody's got to be on top. To be the one with the upper hand, you've got to have good game, and good game starts with knowing the rules. If you want the money, power, and respect you dream of, you can't just pimp your ride, you need to pimp your whole life. And unless you've seen Ray Charles leading Stevie Wonder somewhere, you need Ken's guidelines to do it. They'll reach out and touch you like AT&T and bring good things to life like GE. Then you can be the boss with the hot sauce who gets it all like Monty Hall

The History of the Reign of Philip the Second, King of Spain Robert Watson,1799

Ancient History of the Manchuria Lee Mosol, MD, MPH,2013 This is literally a new voice from the eastern end of the great wall, and an eye opening essay written by a retired physician, who has deep root in the Confucian culture. Interpretation of the ancient Chinese scriptures to modern languages had been tarnished by the Chinese Imperial court, and Confucian culture. Later historian used, and moved on to the next steps without any critical thinking. With this premises, Mosol starts to explore many issues around the Eastern End of the Great wall. He tackled all the disputed issues from the origin and analyzed in depth. The eye witnessed story about the major war conducted by Emperor Wu is the starting point of his essay. Many disputed subjects were discussed, and introduced. It is a fresh look in academic sense for others scholars. To get his message through to the others, he inserted lots of Chinese ideograms in the text.

Ancient History of Korea Lee Mosol,2014-10-09 This is a sister copy of the Ancient History of Manchuria under the same premises as the ancient scriptures of Korean history had been destroyed by the invaders. With this premise, Mosol starts to explore many issues after the Han invasion to Manchuria. He tackles lots of disputed issues that had been under the thick fog, analyzingthem in depth. Many issues relating with ancient Korean history are discussed. He proposes many new theories. The most striking new findings are that all of Three Kingdoms originated from Manchuria. Wei (??) is the descendant of the original Ye (?) people who settled around the Bohai Bay (???) under the leadership of Namryeo (??). They were close neighbors with Baekjae and were the dominant seafarers. The most disputed topic engraved in the Stele was in the Liaodong Peninsula. It is a fresh look in the academic sense for other scholars. Lee Mosol, MD, MPH

In Secure Andrew Pack,2018-02-13 Imagine being thirteen years old and getting into a car that's going to drive you to a building where you'll be locked up with nine other children. You don't know what they've done, they don't know what you've done. They all seem messed up and scary. All of them have secrets, but none of their secrets are as huge as the one you're hiding from them. When will you get out? How will you get out? What is it going to be like? You don't know. All you know is, the next time you wake up, your bedroom door will be locked. Every time you wake up. Ten children locked up, working out how to cope, how to survive, who to trust and who to avoid. One of the children has a book of spells, and all of the spells work. They come with a serious price though, because the children aren't the only ones locked up in there, and the other prisoner is much much older, more dangerous, more broken and more desperate than any of them. This is a story of a struggle to fit in and a struggle to get out. A story packed with secrets and lies, where a touch on your back could be a flirtatious invitation or it could be a home-made shank, a cry in the night can be homesickness or something far far worse. Magic, theft, fights over pecking order, crushes with a twist and daring jail-breaks. Finding out what makes these children tick, and whether ten broken watches can manage to synchronise together when it really matters. Imagine "Five Children and It", if the Five Children were juvenile delinquents, and the 'It' was more like Steven King's version. A Young Adult novel, but assuming you ever lived through teenaged years suitable for adults too
