Immerse yourself in this unique collection, presented in the form of an old grimoire, which will delight all adventure lovers to finally discover the fabulous legend of Zelda! EXTRACT In the kingdom of Hyrule, a legend has been passed down since the beginning of time: A mysterious artifact known as the Triforce, symbolized by three golden triangles arranged to form a fourth triangle, is said to possess mystical powers. It is hardly surprising that this object has been coveted by many power-hungry men over the centuries. One day, the evil Ganon, the Prince of Darkness whose ambition is to subjugate the entire world to his will, sends his armies to attack the peaceful kingdom. He manages to capture one of the fragments of the Triforce, the triangle of power. Daughter of the king of Hyrule, Princess Zelda is terrified at the prospect of seeing Ganon's armies swarming over the world. She, too, seizes a fragment of the Triforce, the triangle of wisdom, and chooses to break it into eight pieces, which she then scatters across the world, hiding them to prevent Ganon from ever acquiring them. She then orders her faithful nursemaid Impa to go forth and seek a warrior brave enough to challenge Ganon. As Impa roams the kingdom of Hyrule in the hope of finding a savior, Ganon learns of Zelda's plans and has her locked up before sending his men to track down the nursemaid. Surrounded by these ruthless creatures, Impa is saved by a young boy named Link at the very moment when it appears that all is lost. As unbelievable as it may seem, Link has been chosen by the golden triangle of courage, and thus holds a part of the Triforce himself. Convinced that she has finally found the one who will save the kingdom, Impa hurries to tell him her story. Link accepts his mission to rescue Zelda without hesitation. Before confronting Ganon, however, he will have to gather the eight fragments of the triangle of wisdom, which are his only hope of gaining entry to the dungeon deep beneath Death Mountain where the Prince of Darkness hides. His quest has only just begun. ABOUT THE AUTHORS Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third.

**The Troll King** John Vornholt, 2002 When a power-hungry sorcerer decides to bridge the Great Chasm and conquer the elves and fairies who live on the other side, he inadvertently enables a gentle troll to reach for a much nobler dream.

**Robin and the King** Parke Godwin, 1994-07 With Sherwood, Parke Godwin reshaped the familiar story of Robin Hood to create his own unique version of the centuries-old legend. Taking the popular characters of Robin and Maid Marian, Little John and Will Scatlock, Godwin spun a tale of the adventures in Sherwood Forest vastly different from other renditions of the myth. This latest volume from Parke Godwin reveals a fascinating new aspect of the Robin Hood legend - the story of his later life and exploits as defender of the English people. Robin and the King continues the magic of this fabled epic in a drama richer, more powerful, and grander in scope than Sherwood, weaving two historical men into Robin's life: the friendship of the king's son Rossel and the dangerous enmity of Ranulf of Bayeux. The tale returns again to Nottingham and Sherwood Forest, now set later in the reign of William of Normandy, who had conquered the Anglo-Saxon peoples years earlier when Robin was a mere youth. A now older Robin has remained fiercely committed to freeing his fellow countrymen from absolute rule by any king, be he English or Norman. But this long-standing rivalry between Robin and the crown is soon overshadowed by a more dangerous enemy - a foe from the outside who threatens William's entire kingdom, including the way of life of Robin's own England, a life that was largely preserved under Norman rule. This foreign threat sets in motion an explosive set of adventures as Robin engages in fierce sea battles, secret undercover operations behind enemy lines, and bloody saber skirmishes with fresh troops from the French Army. And throughout it all, whether supporting him by his side or defending their home from the royal brutes back in England, his wife, Marian, emerges as a powerful ally, united with Robin in their last heroic efforts to save their people. Robin and the King triumphs as a masterpiece of both history and legend. Employing popular myth as well as historical detail, Parke Godwin has expertly placed the sto

**The King of Siam** Murray Logan, 1998 The King of Siam is a book of thirteen short stories -- stories set at a dinner party between brittle friends; over a game of chess in a community centre; a visit to a racetrack in Vancouver; a poker room in Las Vegas. The characters in this book are at the fringes of society and the tattered edges of their own lives -- a teenage boy who defends his wastrel father for the first and last time; a cynical woman who attends a bizarre memorial service for someone she doesn't know, celebrating something she can't quite identify; an elderly woman, determined not to be a little-old-lady, who gets a tattoo. The King of Siam takes the reader into territory that is compellingly strange, hauntingly familiar.

imprisonment at the hands of his scheming uncle, Prince Peter of Blentz. Much to his own and everyone else's confusion, Barney is naturally mistaken for the king, leading to numerous complications. Barney meets and falls in love with Princess Emma Von Der Tann, Leopold's promised bride and then becomes intimately involved in Luthan affairs, working to help the king and ultimately allowing himself to be proclaimed as king while impersonating Leopold to prevent Prince Peter from seizing the throne. He finally succeeds in foiling Peter's plans to become king himself by rescuing and fighting for the real king. Unfortunately, after his coronation, King Leopold discovers the shared love between Barney and Princess Emma, and Barney is forced to leave Lutha, mimicking the flight of his father years earlier, though his father left with a princess-Barney has only a soldier.
