The International Bank of Bob Bob Harris, 2013-03-05 Hired by ForbesTraveler.com to review some of the most luxurious accommodations on Earth, and then inspired by a chance encounter in Dubai with the impoverished workers whose backbreaking jobs create such opulence, Bob Harris had an epiphany: He would turn his own good fortune into an effort to make lives like theirs better. Bob found his way to Kiva.org, the leading portal through which individuals make microloans all over the world: for as little as \$25-50, businesses are financed and people are uplifted. Astonishingly, the repayment rate was nearly 99%, so he re-loaned the money to others over and over again. After making hundreds of microloans online, Bob wanted to see the results first-hand, and in *The International Bank of Bob* he travels from Peru and Bosnia to Rwanda and Cambodia, introducing us to some of the most inspiring and enterprising people we've ever met, while illuminating day-to-day life-political and emotional-in much of the world that Americans never see. Told with humor and compassion, *The International Bank of Bob* brings the world to our doorstep, and makes clear that each of us can, actually, make it better.

Kiva Ronald K. Wetherington, 2014-11-03 When an archaeology student excavates the final layer of debris filling an ancient pueblo room, she dramatically and unexpectedly exposes a sacred kiva lying below. The sinister events that follow, including a murder, hurl the young Graciella into a vortex of dangers from both past and present. With the help of an Apache detective investigating the murder, she attempts to escape from haunting forces that seek to destroy her, while treading a serpentine path that crosses the line between myth and reality. This tale of a prehistoric pueblo and its living descendants confronts one of humankind's most ancient questions: can the past reach into the present and can the present influence what happened long ago?

Great Kiva Phillips Kloss, 1980 The legends of the American Southwestern world, along with man's relationship and reactions to his natural habitat and to his universe are set into this compelling poetry of Phillips Kloss. Kloss considered this volume to be a religious essence of his country and his humanity with the kiva theme, the man theme and the verballity theme consistent throughout. * * * * * PHILLIPS KLOSS was born in Webster Groves, Missouri in 1902. He moved to New Mexico in 1916 where he worked on his brother's ranch, later graduating from the University of California at Berkeley in 1925. Once a reporter for the San Francisco Bulletin, he married the artist/etcher Alice Geneva Glasier (Gene Kloss) and moved to Taos, New Mexico in 1927. He is also the author of *North Star*, *Rainbow Obsidian*, *The Stronghold*, and *The Taos Crescent*, all from Sunstone Press. GENE KLOSS is considered to be among the best etchers in the world. Her faithful record of the spirit and ceremony of the Pueblo Indian is valued not only by collectors, but also by anthropologists who use her work to verify costume and dance. Art critic Alfred Frankenstein stated: She is both poet and virtuoso, but the virtuosity is always kept subordinate to the poetic ideal. Her book, *Gene Kloss Etchings*, was also published by Sunstone Press.

Beyond Chaco Sarah A. Herr, 2016-12-15 During the eleventh and twelfth centuries A.D., the

Mogollon Rim region of east-central Arizona was a frontier, situated beyond and between larger regional organizations such as Chaco, Hohokam, and Mimbres. On this southwestern edge of the Puebloan world, past settlement poses a contradiction to those who study it. Population density was low and land abundant, yet the region was overbuilt with great kivas, a form of community-level architecture. Using a frontier model to evaluate household, community, and regional data, Sarah Herr demonstrates that the archaeological patterns of the Mogollon Rim region were created by the flexible and creative behaviors of small-scale agriculturalists. These people lived in a land-rich and labor-poor environment in which expediency, mobility, and fluid social organization were the rule and rigid structures and normative behaviors the exception. Herr's research shows that the eleventh- and twelfth-century inhabitants of the Mogollon Rim region were recent migrants, probably from the southern portion of the Chacoan region. These early settlers built houses and ceremonial structures and made ceramic vessels that resembled those of their homeland, but their social and political organization was not the same as that of their ancestors. Mogollon Rim communities were shaped by the cultural backgrounds of migrants, by their liminal position on the political landscape, and by the unique processes associated with frontiers. As migrants moved from homeland to frontier, a reversal in the proportion of land to labor dramatically changed the social relations of production. Herr argues that when the context of production changes in this way, wealth-in-people becomes more valuable than material wealth, and social relationships and cultural symbols such as the great kiva must be reinterpreted accordingly. Beyond Chaco expands our knowledge of the prehistory of this region and contributes to our understanding of how ancestral communities were constituted in lower-population areas of the agrarian Southwest.

This Way to the Kiva Robyn Nygumburo Bridges, 2014-07-17 How do we find physical help for our spiritual quest? Could the structure of ancient kivas in the American Southwest offer a template for the human interface of that path? And what might nature, embedded in the kiva itself, reveal to

us about our own belonging, no matter where or how we live? These are questions author and transpersonal therapist Robyn Bridges has explored for over thirty years, winding through the Rocky Mountains from Montana to Arizona while discovering the healing power of nature. From her own blessed and challenging life experiences, resulting in years of unplanned solitude, she has quested and found meaning, solace, and support from the divine, the human community, and the natural world. This Way to the Kiva chronicles that journey and its attendant discoveries.

The Kiva Chronicles-Volume 2 George P Andrews, 2021-11-21 The KIVA Chronicles Volume 2 continues with more of Sonny Boy's odyssey. The overall story is a mystery that is woven and unraveled through many adventures ending with extensive art studies in Europe. The KIVA Chronicles reveal the mystery through a series of gatherings called KIVAs that provide not only narrative and dialogue among and between animals, but also provides portals to the realm of the living. Thus, much like the indigenous communities of North America, the KIVA is a gathering place where the physical and spiritual realms intertwine over space and time revealed through portals of reality. The animals are the pets that lived with and served the boy during his life. The pets continue to provide the KIVA discussions in extensive narratives of European art, architecture, hippies, Cold War and Vietnam war history. These are all woven together through the physical and spectral realms revealed with the orb crystal changes at the gatherings. The Animals again relate the intermittently fantastical, factual, suspenseful, and semi-autobiographical story of Sonny Boy's travels, interesting encounters, and advanced art studies in Western Europe during the '70's. The overall story is a mystery that is woven and unravels through the happenings in Europe. *WARNING!* The Second Chapter may contain graphic sexual language.
