**Genesis Force** John Vornholt, 2012-10-16 The full extent of the devastation caused by the Genesis Wave is only now being recognised. An entire sector of space has been reduced to the most primitive levels, and more than one high-tech interstellar civilisation lies in ruins. Helping rebuild them from the ground up is the Genesis Force, a covert Federation group of humans and aliens with extra abilities greater than those of the average humanoid. Their mission: to remake the devastated worlds so that new life can flourish, and to protect the people of the newly named Genesis Sector from those who would seek to conquer and exploit them.

**Captain's Peril** William Shatner, 2012-09-25 The Dominion War is over. The Federation is at peace. What better time for two legendary starship captains to set aside the demands of duty and simply take some well-deserved time off. But when James T. Kirk and Jean-Luc Picard arrive on Bajor to dive among the ruins of an ancient sunken city, they find themselves in far from relaxing circumstances. The small group of scientists the captains have joined suddenly discover their equipment sabotaged -- isolating them from Deep Space Nine and from any hope of rescue -- as a murderer stalks them, one by one. Cut off from the people and the technology on which they have always depended, Kirk and Picard must rely more than ever on their own skills and resources -- as well as on their growing friendship -- to solve the mysterious killings and, at the same time, save one of Bajor's greatest living treasures. With time running out and Picard missing after a diving disaster, Kirk must search his memories of the past for the solution, plunging him into a harrowing personal journey that reveals the beginning of his path from young Starfleet officer to legendary galactic hero. From the shores of Bajor's Inland Sea to the welcoming arms of a seductive and deadly alien commander intent on making Kirk her own, The Captain's Peril is Captain Kirk's most personal, and his most extreme, adventure yet.

*Star Trek Designing Starships: Deep Space Nine and Beyond* Ben Robinson, 2021-08-24 The inventive concept art behind Star Trek: Deep Space Nine's titular space station, U.S.S. Defiant and dozens more ships comes to life on the page! Deep Space Nine is considered by many Star Trek fans to be the best of all the Trek shows in the franchise's illustrious 55-year history, and Star Trek Designing Starships puts the spotlight on the show's space-faring vessels. The fifth entry in Hero Collector's ongoing series of Star Trek Designing Starships, Deep Space Nine and Beyond delivers original production art and extensive interviews with the award-winning artists who created the ships and helped bring them to the screen over the course of the show's seven-year run (1993-1999) and its 176 episodes.

But when the Romulans kidnap Vulcans to genetically harness their mind power, Ael decides on treason. **Star Trek: The Original series: Rihannsu: The Bloodwing Voyages** Diane Duane, Peter Morwood, 2006-12-19 THE HISTORIC SAGA BEGINS Born in the twilight years of Vulcan's violent and passionate past, those who declared themselves Rihannsu chose to reign free in the unknown reaches of space rather than to serve under the new tyranny of logic. Having severed themselves from their homeworld, they survived the perilous voyage across the stars to wash ashore on a distant planet, there to begin the civilization that would one day flower into the Romulan Star Empire. Now, after millennia of wars and conquests, that empire is decaying from within, surrendering its noble heritage to reckless ambition, abandoning honor for kidnapping and murder. The corruption is so great that the Rihannsu's finest military officer -- Commander Ael t'Rllaillieu of the warbird Bloodwing -- believes she can save her people only by joining forces with her greatest enemy: Captain James T. Kirk of the Starship Enterprise™. Meanwhile, on the Romulan homeworld, a Federation deep-cover agent has been posing as a household servant named Arrhae i-Khellian -- but her operation takes a strange turn when a captured Starfleet officer is brought to her home . . . The lives of Ael, Arrhae, and the crew of the Enterprise come together in these astonishing adventures -- originally published in four volumes: My Enemy, My Ally; The Romulan Way; Swordhunt; and Honor Blade -- that will challenge everything you thought you knew about the Romulans.

**Engines of Destiny** Gene Deweese, 2012-08-14 In the Star Trek feature film GENERATIONS, engineer Montgomery Scott was on board the Enterprise-B when Captain James T. Kirk was lost in the course of a mission to save the lives of dozens of refugees - among them an enigmatic woman called Guinan. One year later Scott is propelled seventy-five years into the future to the Enterprise-D where he once again encounters Guinan, now the bartender on the flagship captained by Jean-Luc Picard. Struggling to adjust to life in the twenty-fourth century, Scott hatches an audacious plan to go back in time and rescue Jim Kirk. But his attempt to save his old friend has disastrous consequences for the timeline and Scott, Kirk and the crew of the Enterprise-D all find themselves in an alternate twenty-third century in which the Federation no longer exists and the Borg have assimilated humanity. **Genesis Wave: Book One** John Vornholt, 2000-09-01 Intended to create life from nothingness, the Genesis Device had the potential to become a weapon of awe-inspiring destructiveness, capable of rearranging matter and life energy on a planetary scale. After the cataclysmic explosion of the Genesis Planet, and the Klingon Empire's attempt to steal the top-secret technology for its own military purposes, Starfleet wisely decided to destroy all data and records on Project Genesis, hoping to bury its deadly secrets forever. Nearly a century later, all that remains of Genesis is the knowledge stored in the mind of an elderly, almost-forgotten scientist named Dr. Carol Marcus. But Dr. Marcus has gone missing, and a menace from bygone days has come rushing back with a vengeance. Sweeping across the Alpha Quadrant at a terrifying speed, a mysterious wave of energy is wiping out populations of entire planets, rearranging matter on a molecular level to create bizarre new landscapes and life-forms. The Starship Enterprise™, commanded by Captain Jean-Luc Picard, is the first Starfleet vessel to discover the threat, but Picard and his crew are not the only ones in danger. Billions of living beings and hundreds of inhabited planets lie in the path of the mutagenic wave, which is expanding outward as it traverses the cosmos. Earth and the Romulan Empire face total obliteration. To discover the origin of the wave, Picard and his crew must probe the long-buried mysteries of the past. But even if he can uncover the shocking history of the Genesis Wave, is there any way to save the future from its unleashed fury? The Genesis Wave, Book One, is the beginning of an apocalyptic two-part adventure that will pit the desperate crew of the Starship Enterprise against a disaster of galactic proportions.
