A History of the Knarrs and Knerrrs in Europe and the United States Larry Knarr,1997

The Voyage of the Knarr Travis Gunter,2013-11 The Viking ship Vali sail toward vineland, but the trip will take them across space and time. Will their leader Bjorn the Bear be able to save his people, will Odin help. Only time will tell

Norse Knarr Ron Lucken,2018-02-26 It was almost one thousand years ago when The Norse Knarr, a Viking supply ship, mysteriously went missing. The ship had taken a route heading south along the eastern coast of Canada to a destination known as L'anse aux Meadows, meaning Jellyfish Cove. At the time, it was a small Viking outpost situated on what is now known as Newfoundland. The Vikings inhabiting this area were completely baffled when the Norse Knarr never arrived as it was the summer months and they knew the Knarr would have hugged the Canadian coastline for safety. They decided to send one of their own ships to find it. However, after an extensive search lasting almost a month, they were forced to return to their outpost without any explanation. In the summer of 2015, a small Dutch archaeological team set up camp on the eastern coast of Canada at a site of an ancient Indian tribe. It isn't long (and quite by accident) before the archaeologists stumble upon the remains of what can only be described as a Viking ship. Could this be the long-lost Norse Knarr? The team are thrilled to have uncovered such a find but their exhilaration and enthusiasm soon dissolves when a series of unexplained and frightening events begin to happen.

Shadows Walking M.L. Knarr,2009-03-26 Life is but a walking shadow for beautiful and aspiring young actress, Mikie Davenport, as she starts life anew after a mysterious fever, murder, and cancer rob her of the family she loved. As Mikie Davenport embarks upon her quest to study theater at the University of Tennessee in Knoxville, she finds a new home and a new family in an old Victorian house shared by four other tenants, kindred spirits, each unique in their own special way with their own dreams and aspirations, and their own tragedies. Kelly O' Connor, a Juilliard trained jazz pianist who is the front woman in a popular local fusion band known as Mantra, Sean O' Connor, a successful artist driven into self-exile within the confines of his basement apartment by a series of bizarre accidental deaths involving a drunk driver, a stray bullet from a British soldier's rifle, and a grand piano, Ben Emerson, once a financial wizard on Wall Street now a Buddhist, a bartender and a judo instructor, and Andie Aames, a vivacious, charismatic streetwise kid from NYC, all share something in common, the pursuit of happiness. But when a brutal hate crime perpetuated by Billy "Bad" Wilson, a vicious, sadistic young bigot, casts a shadow of violence and hatred over their lives, they are put to the ultimate test forcing each one of them to reevaluate and walk their own path through life and death.

Hodding Carter, along with a band of amateur sailors, set out to retrace Leif Eriksson's journey to North America. They sailed in a handmade ship modeled after a traditional Viking knarr. It was the first voyage by Westerners to precisely follow the Vikings' route in nearly 1000 years. The chronicle of this voyage is told in this book, through photographs and colorful running text.

Translation Planes Norbert Knarr,2006-11-14 The book discusses various construction principles for translation planes and spreads from a general and unifying point of view and relates them to the theory of kinematic spaces. The book is intended for people working in the field of incidence geometry and can be read by everyone who knows the basic facts about projective and affine planes. The methods developed work especially well for topological spreads of real and complex vector spaces. In particular, a complete classification of all semifield spreads of finite dimensional complex vector spaces is obtained.
