**Towards the Controllable Quantum States** Hideaki Takayanagi, Junsaku Nitta, 2003 The realizations of physical systems whose quantum states can be directly manipulated have been pursued for experiments on fundamental problems in quantum mechanics and implementations of quantum information devices. Micro-fabricated superconducting systems and electronic spins are among the most promising candidates. This book contains the newest and most advanced research reports on such materials, called ?Mesoscopic Superconductivity? and ?Spintronics?. The former includes superconductor-semiconductor hybrid systems, very small Josephson junctions, and micron-size SQUIDS. The latter includes the control of spin transports in semiconductor heterostructures, nano-scale quantum dots, and spin injections. Superconductor-ferromagnetic metal hybrid structures are covered by both of the topics. The proceedings have been selected for coverage in: ? *Christ's Samurai* Jonathan Clements, 2016-04-07

The sect was said to harbour dark designs to overthrow the government. Its teachers used a dead language that was impenetrable to all but the innermost circle of believers. Its priests preached love and kindness, but helped local warlords acquire firearms. They encouraged believers to cast aside their earthly allegiances and swear loyalty to a foreign god-emperor, before seeking paradise in terrible martyrdoms. The cult was in open revolt, led, it was said, by a boy sorcerer. Farmers claiming to have the blessing of an alien god had bested trained samurai in combat and proclaimed that fires in the sky would soon bring about the end of the world. The Shogun called old soldiers out of retirement for one last battle before peace could be declared in Japan. For there to be an end to war, he said, the Christians would have to die. This is a true story.

*Anyway, I'm Falling in Love with You.* 2 Haruka Mitsui, 2021-12-21 Mizuho's been thrown into a huge fluster after getting an impossible confession

from Saito-sempai, whom she admires... and having little to no experience in love, she ends up bedridden with a fever. While Kizuki and her other childhood friends take care of her, their emotions also run high and won't calm down. In the midst of this, Shin, who's always calm and collected, skips class to invite Mizuho to go to the beach. Mizuho laments that, "Now that I've been confessed to, I don't understand my own feelings anymore..." To which Shin says, "Just reaffirm your own feelings!" and suddenly embraces her!
