

Kombi

Susan Redman

The Kombi Trail Robert Cox, Roger Sherwin, Tony Thompson, 2012-11-26 Cambridge, 1961. A group of students set off on the trip of a lifetime. Against the backdrop of the Cold War they travel through the Soviet Union to the Middle East, South Asia and on to Africa. Their mode of transport? The iconic VW Kombi. This book tells the story of that trip, not just the people they met and the places they saw, but the many experiences - sometimes nerve-wracking, sometimes bizarre - that they encountered along the way. It provides a fascinating insight into a world on the brink of change - seen through the eyes of nine young men fresh from university. The two VW Kombis doggedly traversed treacherous mountain passes, near-impossible roads, jungle tracks and river crossings on their journey through Anatolia, the Middle East, Asia and Africa. This book is an affectionate and highly entertaining re-creation of the relationship between the nine young travellers and their companions, the two VW Kombis which functioned as transport, shelter, canteen and home. It is also a tribute to the determined and rugged determination of the VW Kombi whose descendants still tackle the highways and the more

daunting roads of the world.

My Dream Kombi Susan Redman, 2014-12-01 The Kombi, the iconic Volkswagen van that first rolled off the production line on 12 Nov 1949, ceased production at the end of 2013. A van for the people, nearly everyone has a Kombi story: Peter Falconio vanished from one in the outback, in Men At Work's Down Under, they travel in a 'fried-out Kombi' and generations of young Australians and New Zealanders have relied on Kombis to take them on surfing safaris and to travel meccas. A celebration of this retro icon, with eyepopping photos and fab stories of Kombi adventures past and present, as well as tales of stylish makeovers and repurposing. From the Kombi your hippy parents set off for Byron Bay in back in the 1960s to contemporary refurbs and down'n'dirty Ratties, this book is packed with retro Kombi charm from Australia, New Zealand and other Kombi hotspots.

Dialogues between Media Paul Ferstl, 2021-01-18 Comparative Literature is changing fast with methodologies, topics, and research interests emerging and reemerging. The fifth volume of ICLA 2016 proceedings, *Dialogues between Media*, focuses on the current interest in inter-arts studies, as well as papers on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse. Adaptation is a key term for the studies presented in this volume; various articles discuss the adaptation of literary source texts in different target media - cinematic versions, comics

adaptations, TV series, theatre, and opera. Essays on the interplay of media beyond adaptation further show many of the strands that are woven into dialogues between media, and thus the expanding range of comparative literature.

Kombi Kapers Riki Gray,Fay Mars,2012 On her first-ever road trip to the country, Felicity the Kombi van is bullied over and over again by a mean, big red truck. Together with a magical blue sprite, a pair of homeless koala bears and a magic mirror, Felicity manages to get away. But the big red truck isn't going to give up without a fuss! Written in true Aussie rhyme and delightfully illustrated, this is a story of courage, sensitivity and friendship... triumph over calamity... merriment and magic. Fun for grownups to read to children of all ages.
