

Kommissbrot

Raffaela Di Napoli

Scenes from an Automotive Wonderland Gregory A. Cagle, 2018-03-16 Gregory Cagle was a 10-year-old car fanatic when his family moved from New Jersey to Germany in 1956. For the next five years he photographed unusual, rare and sometimes bizarre automobiles throughout Europe. This book features 105 specimens of auto exotica, captured with Cagle's Iloca Rapid-B 35mm camera—not showpieces in museums but daily drivers in their natural habitats. In the background can be glimpsed, here and there, the mood of postwar Europe. The story behind each photo is told, with dates and locations, information and history about the cars and some of their owners, along with Cagle's personal anecdotes.

The Big Book of Tiny Cars Russell Hayes, 2021-11-23 Richly illustrated and entertainingly written, *The Big Book of Tiny Cars* presents lively profiles of the automotive world's most famous—and infamous—microcars and subcompacts from 1901 to today. From tiny homes to little lending libraries and even tiny food, people everywhere are resetting the premium they put on size. Fact is, the automotive industry has a “tiny” history going back to the car's earliest days. Beginning with the Curved Dash Oldsmobile and continuing through prewar classics such as the Austin Seven and Hanomag Kommissbrot, *The Big Book of Tiny Cars* is truly international in scope. Witness diminutive cars like the Bond Minicar and the BMW Isetta introduced to fuel-deprived postwar Europe, and continue through the classic 1950s microcars and '70s subcompacts, right

up to today's tiny cars and electric vehicles (EVs) from the likes of Smart and Fiat. In addition to iconic curiosities like the frog-like Goggomobil Dart, the futuristic Sebring Vanguard Citicar, and the three-wheeled Reliant Robin, you'll read about more familiar classics like the VW Beetle, Mini Cooper, and Crosley Super Sport. Other manufacturers represented include Honda, Datsun, Mitsubishi, Trabant, Heinkel, Renault, and Messerschmitt, to name a few. Each car is profiled with an entertaining and informative history and a fact box. Imagery includes archival photos, period ads, and modern photography. In all, more than 100 cars are included, from the weird to the sublime. Gas, diesel, or electric...tiny cars have a rich and curious heritage reflective of motorists' concerns for their pocketbook, the environment, or both. The Big Book of Tiny Cars is your ultimate collection of microcars, minicars, bubble cars, kei cars, subcompacts, and compacts that have been built, sold, and driven all over the globe for 120 years.

Food on Foot Demet Güzey, 2017-04-01 What did great adventurers eat during their expeditions to the far corners of the world? How did they view the role of food in their survival and wellbeing? What about hikers and backpackers today who set out to enjoy nature, pushing their own boundaries of comfort for adventure. How does food impact their experience? And what do they have in common with pilgrims and soldiers? Food is a significant element of our relationship with nature. Whether a historical expedition or a weekend camping trip, a journey made on foot requires sustenance. Without mastering

our relationship with food we would have not been to the South Pole or summited Mt. Everest or expanded to the west of America. However, in the reporting of these expeditions so far food has rarely taken a central role. It is possible to take a different stance and look at our time on trails with food as the leading character. Here, Demet Güzey offers a fun and interesting read on the social and cultural history, developments and challenges in food on trails and in the wild. She explores personal accounts, news articles and anecdotes to highlight how food has accompanied us in mountaineering, desert travel, and pilgrimage, in the army or on the street. From tinned foods to foraging in the wild, worm-infested hardtack to palate-dulling army rations, loss of appetite in high altitude to starvation at the trenches, no stone is left unturned in this tour of how we manage food on foot, and how disasters happen when we do not manage it so well. Readers will delight in both the stories of many of the famous explorations and the more current journeys.

Hitler's Home Front Don A Gregory, Wilhelm R Gehlen, 2016-09-30 A "candid and revealing memoir shows a normal boy and a family at war and in its aftermath, determined to do what it took to survive . . . fascinating" (The Great War). When Adolf Hitler and the Nazi Party came into power in 1933, he promised the downtrodden, demoralized, and economically broken people of Germany a new beginning and a strong future. Millions flocked to his message, including a corps of young people called the Hitlerjugend—the Hitler Youth. By 1942 Hitler had transformed Germany into a juggernaut of war that swept over

Europe and threatened to conquer the world. It was in that year that a nine-year-old Wilhelm Reinhard Gehlen, took the 'Jungvolk' oath, vowing to give his life for Hitler. This is the story of Wilhelm Gehlen's childhood in Nazi Germany during World War II and the awful circumstances which he and his friends and family had to endure during and following the war. Including a handful of recipes and descriptions of the strange and sometimes disgusting food that nevertheless kept people alive, this book sheds light on the truly awful conditions and the twisted, mistaken devotion held by members of the Hitler Youth—that it was their duty to do everything possible to save the Thousand Year Reich.

HELENE - Eine Kriegskindheit Dieter Ebels,2018-11-27 Deutschland in den Jahren des Zweiten Weltkrieges. Besonders in den großen Industriestädten zermürben ständige Bombenangriffe die Bevölkerung. Not und Elend sind allgegenwärtig. Diese authentische Geschichte schildert die Kriegsjahre aus der Sicht des Mädchens Helene. Während Helenes Vater als Soldat im Krieg ist, erlebt sie zusammen mit ihrer Mutter und ihren Geschwistern all die Grausamkeiten des Krieges. Als sie durch die Kinderlandverschickung nach Bayern kommt, kann sie die Kriegswirren für einige Zeit verdrängen, doch kaum kehrt sie nach Hause zurück, überschatten tragische Ereignisse ihr Leben. Eine erschütternde Geschichte, die tief unter die Haut geht.

Verwehte wahre Vergangenheit Kurt Uschkereit,2020-06-06 Wie schon der Titel erahnen lässt, beinhaltet dieses Buch die Lebenserinnerungen von Kurt Uschkereit (1896 - 1978). Als Siebzigjähriger begann er, zwölf Jahre lang auf über 900 Schreibmaschinenseiten diese niederzuschreiben. Aufgrund seines phänomenalen Gedächtnisses gehen seine Aufzeichnungen weit zurück zu den Erlebnissen seiner Kindheit in der Kaiserzeit und den vielen Erinnerungen an die Erzählungen seines Vaters. Sein lebendiger und sehr detaillierter Schreibstil gibt dem Leser das Gefühl, als wäre er selbst im Geschehen dabei, wenn Kurt Uschkereit neben vielen anderen Lebensabschnitten seine dramatische und beängstigende Flucht aus Neidenburg in Ostpreußen vor dem Einmarsch der Russen im Januar 1945 schildert.
