Islands of Discontent Laura Elizabeth Hein, Mark Selden, 2003 Exploring contemporary Okinawan culture, politics, and historical memory, this book argues that the long Japanese tradition of defining Okinawa as a subordinate and peripheral part of Japan means that all claims of Okinawan distinctiveness necessarily become part of the larger debate over contemporary identity. The contributors trace the renaissance of the debate in the burst of cultural and political expression that has flowered in the past decade, with the rapid growth of local museums and memorials and the huge increase in popularity of distinctive Okinawan music and literature, as well as in political movements targeting both U.S. military bases and Japanese national policy on ecological, developmental, and equity grounds. A key strategy for claiming and shaping Okinawan identity is the mobilization of historical memory of the recent past, particularly of the violent subordination of Okinawan interests to those of the Japanese and American governments in war and occupation. Its intertwining themes of historical memory, nationality, ethnicity, and cultural conflict in contemporary society address central issues in anthropology, sociology, contemporary history, Asian Studies, international relations, cultural studies, and post-colonial studies. Contributions by: Matt Allen, Linda Isako Angst, Asato Eiko, Gerald Figal, Aaron Gerow, Laura Hein, Michael Molasky, Steve Rabson, James E. Roberson, Mark Selden, and Julia Yonetani.

Hijikata Tatsumi and Ohno Kazuo Sondra Fraleigh, Tamah Nakamura, 2017-12-14 Now re-issued, this compact book unravels the contribution of one of modern theatre's most charismatic innovators. Hijikata Tatsumi and Ohno Kazuo combines: • an account of the founding of Japanese butoh through the partnership of Hijikata and Ohno, extending to the larger story of butoh's international assimilation • an exploration of the impact of the social and political issues of post-World War II Japan on the aesthetic development of butoh • metamorphic dance experiences that students of butoh can explore • a glossary of English and Japanese terms. As a first step towards critical understanding, and as an initial exploration before going on to further, primary research, Routledge Performance Practitioners are unbeatable value for today's student.

Edo Kabuki in Transition Satoko Shimazaki, 2016-04-26 Satoko Shimazaki revisits three centuries of kabuki theater, reframing it as a key player in the formation of an early modern urban identity in Edo Japan and exploring the process that resulted in its re-creation in Tokyo as a national theatrical tradition. Challenging the prevailing understanding of early modern kabuki as a subversive entertainment and a threat to shogunal authority, Shimazaki argues that kabuki instilled a sense of shared history in the inhabitants of Edo (present-day Tokyo) by invoking worlds, or sekai, derived from earlier military tales, and overlaying them onto the present. She then analyzes the profound changes that took place in Edo kabuki toward the end of the early modern period, which witnessed the rise of a new type of character: the vengeful female ghost. Shimazaki's bold reinterpretation of the history of kabuki centers on the popular ghost play Tokaido Yotsuya kaidan (The Eastern Seaboard Highway Ghost Stories at Yotsuya, 1825) by Tsuruya Nanboku IV. Drawing not only on kabuki scripts but also on a wide range of other sources, from theatrical ephemera and popular fiction to medical and religious texts, she sheds light on the development of the ubiquitous trope of the vengeful female ghost and its illumination of new themes at a time when the samurai world was losing its relevance. She explores in detail the process by which nineteenth-century playwrights began dismantling the Edo tradition of presenting the past by abandoning their long-standing reliance on the sekai. She then reveals how, in the 1920s, a new generation of kabuki playwrights, critics, and scholars reinvented the form again, textualizing kabuki so that it could be pressed into service as a guarantor of national identity.

Natsukashii: Uchinaa Nu Umui Stephen A. Mick McClary, 2021-05-21 NATSUKASHII: Uchinaa nu umui / Old Times: Reflections of Okinawa offers you an extensive up close and personal experience as you follow me day by day, throughout my last five trips to Okinawa. I detail what it's like to live and play on the island by way of reading daily accounts complemented by historical details that are woven into my dialogue as well as links to hundreds of my videos that allow you to accompany me on adventures from underwater caves to the majestic top of Rainmaker Mountain. Ride along as I take you on windshield tours along the Okinawa Expressway and down country roads of remote outlying islands. Sail with me as I ferry to Ieshima or slog through the mud with me at a rice field festival. Traipse along through tall grass or laze at a chimujiruban. This book will get you as close as you can get to the real Okinawa without actually being there - which is kinda nice now since COVID has shut the door on vacation travel to Japan.

An Investigation on the Secondary Undulations of Oceanic Tides Carried Out by the Order of the Earthquake Investigation Committee During 1903-1906 Shinsai Yobō Chōsakai (Japan), 1908

Conflict and Accommodation in Early Modern East Asia Leonard Blussé, Harriet Zurndorfer, 2021-09-13 This collection of essays written by his former students and colleagues represent the many foci of interest that Erik Zürcher has shared with them during his tenure as professor at Leiden University. They include discussions of Confucian philosophy, Buddhist and Christian polemics, the spread of Jesuit literature and anti-Christian attitudes among the literati, Ming aphorisms, the Chinese pictorial of skulls and skeletons, the Ch'ien-lung Emperor's eightieth birthday celebrations, Sino-Korean relations, and the little traditions in Chinese historical development, secret societies and kongsi. The book demonstrates how Zürcher inspired a wide range of interests in problems of Chinese history from heterodoxy, to local development, to hsiao-shuo traditions, but always in the highest traditions of philological scholarship.

Butoh Sondra Fraleigh,2010-10-01 Both a refraction of the bombings of Hiroshima and Nagasaki and a protest against Western values, butoh is a form of Japanese dance theater that emerged in the aftermath of World War II. Sondra Fraleigh chronicles the growth of this provocative art form from its mid-century founding under a sign of darkness to its assimilation in the twenty-first century as a poignant performance medium with philosophical and political implications. Through highly descriptive, thoughtful, and emotional prose, Fraleigh traces the transformative alchemy of this metaphoric dance form by studying the international movement inspired by its aesthetic mixtures. While butoh has retained a special identity related to its Japanese background, it also has blossomed into a borderless art with a tolerant and inclusive morphology gaining prominence in a borderless century. Employing intellectual and aesthetic perspectives to reveal the origins, major figures, and international development of the dance, Fraleigh documents the range and variety of butoh artists around the world with first-hand knowledge of butoh performances from 1973 to 2008. Her definitions of butoh's morphology, alchemy, and philosophy set a theoretical framework for poetic and engaging articulations of twenty butoh performances in Japan, Europe, India, and the West. With a blend of scholarly research and direct experience, she also signifies the unfinished nature of butoh and emphasizes its capacity to effect spiritual transformation and bridge cultural differences.
