ART OF LIVING AND DYING Osho Prashant, 2020-06-01 Our lives which are A Process in which

there are many happenings. Out of those there are two important happenings, one is the process of life and another is the process of the gradual cessation of the functioning of the Body that is death. Death is also a process ending up in the dying of the body unknowingly in a slow pace losing subtle body functions and we are pushed towards final departure from the body - Death. The purpose of writing this book is to know the eternity; the source from where we have come on this earth. We know by learning through different means that Eternal Consciousness is the source. This is explicit knowledge but realization of this phenomenon is only and only possible through experience. Now we have to experience and live with the Eternal Consciousness. It has infinite dimensions and potential that we human beings inherited to live with. The Art of living is to experience the Eternal Consciousness to grow, to live, to play and then share with all the co-existing creatures. Be it animals, plants and human beings, i.e. to live and play with the whole existence. This is Art of Living: working, playing sharing remaining placid and blissful. Love for life, world, growing ever growing. Living laughingly-lovingly. Loving awareness has the key role in the growth of whole life in learning and living Art of Living. Living this way of loving-awareness-consciousness-eternal we can leave our body peacefully and blissfully. This is Art of Dying. You will read and learn in this book the four stages of the Art of Dying which you can learn gradually. This is not easy yet not impossible. This can be done by first learning the art and then practicing the same. Believe me when I say that it is possible in this very life. I have practiced it and now I am living it every moment. Many more have also practiced it before me and many more will also practice it after me. A good tradition in India ~ Amrit Consciousness / Awareness (Chaitnya) has been earned by many more in India in Master disciple tradition. It is being learnt and explored in Oshodhara under the feet of beloved Sadguru (Sadguru Osho Siddharth Aulia).

All In One Osho Prashant, 2020-08-18 Life is one, Immortal, Eternal, continuous since infinity. The Immortal element may be called the Existence, the divine, the godly element, the Consciousness. Life comes down in mother's womb on ninetieth day of the conception. It lives a life in the body. The age of the body fluctuates. It lives in the body as a guest till death of the body occurs. The Consciousness, the Immortal Eternal element after death of the body again returns to the source. From the source again it comes and takes form of any body may be human, animal or plant. This Eternal element is present in forms and formless states. Anytime it can change, goes out and may drop any physical body and take a new body like one changes the old dress and takes a new dress. It goes on changing the old body and taking a new body like changing the old dress to new one, infinitely. Infinity, eternity is its nature.

Unless one experiences its Eternal nature one cannot believe it. Everything is conceived, understood living and seeing the nature of the mortal body. When nature of Eternal element, which is Immortal in nature, is experienced and understood it is easy to say that, One that is Eternal, infinite, Immortal element resides, lives in all forms. Thus it is ... One In All , All In One.

They Came Back Charles Raymond Dillon, 2001-03 What happens to a person when they die has

fascinated and puzzled people since the beginning of time. You will read real life accounts that provide three potential answers: reincarnation, ghosts, and life after death. The belief in an immortal soul is almost universal, as is belief in reincarnation. It is not limited to Far Eastern religions. People believe that they have returned in the same or different family, and in the same or different sex. You may believe in ghosts after you read the first-person accounts. The people believe in what they have seen, heard, or touched. The encounters have been by celebrities, and also people like you. People tell of having seen themselves die. Then they have traveled to another world where they were given the option of remaining or returning to earth. The stories are of people who have returned in their own body.
