House of Hollow Krystal Sutherland,2022-03-01 A New York Times Bestseller! An Instant Indie Bestseller! A dark, twisty modern fairytale where three sisters discover they are not exactly all that they seem and evil things really do go bump in the night. Iris Hollow and her two older sisters are unquestionably strange. Ever since they disappeared on a suburban street in Scotland as children only to return a month later with no memory of what happened to them, odd, eerie occurrences seem to follow in their wake. And they're changing. First, their dark hair turned white. Then, their blue eyes slowly turned black. They have insatiable appetites yet never gain weight. People find them disturbingly intoxicating, unbearably beautiful, and inexplicably dangerous. But now, ten years later, seventeen-year-old Iris Hollow is doing all she can to fit in and graduate high school on time--something her two famously glamorous globe-trotting older sisters, Grey and Vivi, never managed to do. But when Grey goes missing without a trace, leaving behind bizarre clues as to what might have happened, Iris and Vivi are left to trace her last few days. They aren't the only ones looking for her though. As they brush against the supernatural they realize that the story they've been told about their past is unraveling and the world that returned them seemingly unharmed ten years ago, might just be calling them home.

Krystal's Revenge Maxine O'Day,2020-09-30 This is a true story. The events encompass a family history covering over 100 years. This family history is like no other incorporated into the significance of political events, including the Kent State shootings, the Persian Gulf War, as well as political and religious issues. It is a story of survival during times of crises.

Krystal's Bodyguard Molly Rice,2011-07-15 Precious cargo... P.I. Nico Scalia was hardly prepared for his newest client—eight-year-old Krystal Harper. At first he thought she was playing a practical joke; then he realized this little girl was serious. She wanted to hire him—as a bodyguard for her mom. When Nico actually met Dana Harper, the thought of protecting her twenty-four hours a day was tempting. Trouble was, Dana was hell-bent on caring for herself, so Nico had to convince her she needed him. After all, there was no way the stubborn prosecuting attorney could secure herself and her daughter from the reality that someone close to her heart wanted her dead.

The Krystal Princesses Shake Up the Day Justine Korman,1994-02 When the Krystal Princesses pay a visit, something wonderful happens to a day of frowns and sad moods.

Krystal Michael Grant,2011-08-09 Back in 1973 Johnny Carson made a joke about a toilet paper shortage. The next morning many of his 20 million viewers rushed out to their local supermarkets and cleared the shelves of toilet paper. And of course we all know about Oprah's legendary power to turn obscure books into overnight best sellers and unknown people into media stars. Talk show hosts like Johnny Carson and Oprah inspire almost religious fervor in their audiences. Television is indeed a powerful medium.As the novel opens, Krystal is the hottest talk show host on TV. She has it all--fame, a successful clothing and perfume line, a best-selling book, and Chandler Davis, a good-looking ex-soap hunk, for a manager and lover. But Krystal's empire is beginning to show cracks in the foundation. Her product sales are beginning to slip, a serious competitor has arrived on the scene, and her Nielsen ratings are in free-fall. Then, literally, a miracle saves her career. A blind woman's sight is restored on the show and suddenly the miracle is being discussed on everything from Good Morning America and 20/20 to countless blogs. Krystal is back on top. But is it a miracle, a medical anomaly, or a hoax? Everyone wants to know: does Krystal have the power to restore sight to the blind? Toss into the mix Reece Kagan, Krystal's sleazy, unscrupulous producer and a man who is obsessed with keeping the show on top at any cost, and the Reverend Darius, a conman, scripture-spouting Brooklyn storefront minister who specializes in miracles on demand--and you have Network meets Elmer Gantry, a black satire novel which examines two of our most influential institutions in America today: religion and television.

Our Chemical Hearts Krystal Sutherland,2016-10-04 John Green meets Rainbow Rowell in this irresistible story of first love, broken hearts, and the golden seams that put them back together again. Henry Page has never been in love. He fancies himself a hopeless romantic, but the slo-mo, heart palpitating, can't-eat-can't-sleep kind of love that he's been hoping for just hasn't been in the cards for him—at least not yet. Instead, he's been happy to focus on his grades, on getting into a semi-decent college and finally becoming editor of his school newspaper. Then Grace Town walks into his first period class on the third Tuesday of senior year and he knows everything's about to change. Grace isn't who Henry pictured as his dream girl—she walks with a cane, wears oversized boys' clothes, and rarely seems to shower. But when Grace and Henry are both chosen to edit the school paper, he quickly finds himself falling for her. It's obvious there's something broken about Grace, but it seems to make her even more beautiful to Henry, and he wants nothing more than to help her put the pieces back together again. And yet, this isn't your average story of boy meets girl. Krystal Sutherland's brilliant debut is equal parts wit and heartbreak, a potent reminder of the bittersweet bliss that is first love.

The Power of Me Too Krystal Bradley,2019-08-19 Have you ever had to live with plan B's? Me Too! I've had many encounters in life where plan A failed, and I had to revert to plan B. Have you ever felt alone and that nobody understood you? Me Too! Have you ever felt like you were just floating through life because things were so out of your control and it felt like God just left you hanging? Me Too! Have you ever just wanted to give up? Me Too!! In all of the pain I endured, I found strength from somewhere and I hung on to God's promises. Some days I only had a teeny tiny ounce of faith and strength, but I held on to it. Apart from my healing came from sharing my struggles and hardship with others. I started to draw towards others who understood my pain more. I also began to talk about my pain and realize that there are so many people out there that are going through some of the same exact things that actually understand what I'm feeling. Healing began for me when I started to help others because while encouraging others, I was encouraging myself.

Secrets We Kept: Three Women of Trinidad Krystal A. Sital,2018-02-20 An eloquent new Caribbean literary voice reveals the hidden trauma and fierce resilience of one Trinidadian family. There, in a lush landscape of fire-petaled immortal trees and vast plantations of coffee and cocoa, where the three hills along the southern coast act as guardians against hurricanes, Krystal A. Sital grew up idolizing her grandfather, a wealthy Hindu landowner. Years later, to escape crime and economic stagnation on the island, the family resettled in New Jersey, where Krystal's mother works as a nanny, and the warmth of Trinidad seems a pretty yet distant memory. But when her grandfather lapses into a coma after a fall at home, the women he has terrorized for decades begin to speak, and a brutal past comes to light. In the lyrical patois of her mother and grandmother, Krystal learns the long-held secrets of their family's past, and what it took for her foremothers to survive and find strength in themselves. The relief of sharing their stories draws the three women closer, the music of their voices and care for one another easing the pain of memory. Violence, a rigid ethnic and racial caste system, and a tolerance of domestic abuse—the harsh legacies of plantation slavery—permeate the history of Trinidad. On the island's plantations, in its growing cities, and in the family's new home in America, *Secrets We Kept* tells a story of ambition and cruelty, endurance and love, and most of all, the bonds among women and between generations that help them find peace with the past.

Except When I Write Arthur Krystal,2011-06-01 When cultural critics with such wildly divergent views as Jacques Barzun, Christopher Hitchens, Joseph Epstein, Dana Gioia, and Morris Dickstein all agree about the merits of one contemporary essayist, shouldn't you find out why? I never think except when I sit down to write. -- Attributed to Montaigne by Edgar Allan Poe From Montaigne in the sixteenth century to Orwell, Eliot, and Trilling in the twentieth, the best literary essayists combine a gift for observation with an abiding commitment to books. Although it may seem that books are becoming less essential and that a revolution in sensibility is taking place, the essays of Arthur Krystal suggest otherwise. Companionable without

being chummy, engaged without being didactic, erudite without being stuffy, he demonstrates that literature, even in the digital age, remains the truest expression of the human condition. Covering subjects as diverse as aphorisms, dueling, the night, and the 1960s, the essays gathered here offer the common reader uncommon pleasure. In prose that is both vibrant and elegant, Krystal negotiates among myriad subjects-from historical writing as exemplified by Jacques Barzun to the art of screenwriting as not so happily represented by F. Scott Fitzgerald. His cardinal rule as a writer? William Hazlitt's Confound it, man, don't be insipid. No fear of that. Except When I Write is thoughtful in the most joyful sense-brimming with ideas in order to give us the flow and cadence of someone actually thinking. Keenly observant and death on pretension, Krystal examines the world of books without ever losing sight of the world beyond them. Literature may be the bedrock on which these essays rest, but as F. R. Leavis aptly noted, One cannot seriously be interested in literature and remain purely literary in interests. Except When I Write is a reminder of both the pleasure and the power of a well-tuned essay.

In the year 2050, C013Y went on a mission to capture a rogue robot (or so everyone thinks) named CA55. Fletcher, the keeper of the crystals and a very old cat, sent CA55 to search for the signal that any robot sends if they are part of the missing family of robots that only Katherine created. Unlike others who build robots with software and materials, in the Land of Creations, Katherine creates robots with her thoughts and soul. Her robots do not need to be charged, a technology all SBT Firm factories dream of, which also put the Land of Creations and Katherine in danger. Many think Katherine is long gone, but what if she is still alive?
