Sound! Euphonium (light novel) Ayano Takeda, 2017-06-20 Finding herself, one note at a time... After a terrible disappointment at the All-Kyoto Concert Band Competition, music has lost its spark for Kumiko. But her first year at Kitauji High School is a chance for a fresh start. So when it comes time to choose a club, she can't resist joining the band again--even though they're simply terrible. The strict new club director has promised to whip them into shape to reach Nationals, but the trouble runs deeper than just a lack of practice. Plus, the discord within the club tugs at Kumiko's old insecurities. Will Kitauji High School find its rhythm before the competition? Will Kumiko?

Contemporary Portraits of Japanese Women Yukiko Tanaka,1995-04-30 As Japan shifted from an agricultural country before 1950 to an industrialized nation in less time than any other developed country, women felt the pressure of the shift. Husbands worked longer hours, leaving all the household chores and child rearing to their wives while fulfilling their responsibilities as corporate soldiers. The economy was fueled by a diligent, well-educated, low-paid workforce, but gender role division became even more rigid. Household incomes rose and improvement in areas such as diets, transportation, and leisure were made; modern appliances also made it possible for mothers to have part-time jobs. But pollution also rose, as did prices, and crowded living conditions began to impinge on family life. Tanaka, who has spent many years looking back at her country from an American perspective, examines marriage, motherhood, employment, independence, women's movements, and old age for women in Japan over the last 50 years.

**Passionate Friendship** Deborah M. Shamoan, 2012-03-13 Shōjo manga are romance comics for teenage

girls. Characterized by a very dense visual style, featuring flowery backgrounds and big-eyed, androgynous boys and girls, it is an extremely popular and prominent genre in Japan. Why is this genre so appealing? Where did it come from? Why do so many of the stories feature androgynous characters and homosexual romance? *Passionate Friendship* answers these questions by reviewing Japanese girls' print culture from its origins in 1920s and 1930s girls' literary magazines to the 1970s "revolution" shojo manga, when young women artists took over the genre. It looks at the narrative and aesthetic features of girls' literature and illustration across the twentieth century, both pre- and postwar, and discusses how these texts addressed and formed a reading community of girls, even as they were informed by competing political and social ideologies. The author traces the development of girls' culture in pre-World War II magazines and links it to postwar teenage girls' comics and popular culture. Within this culture, as private and cloistered as the schools most readers attended, a discourse of girlhood arose that avoided heterosexual romance in favor of "S relationships," passionate friendships between girls. This preference for homogeneity is echoed in the postwar genre of boys' love manga written for girls. Both prewar S relationships and postwar boys' love stories gave girls a protected space to develop and explore their identities and sexuality apart from the pressures of a patriarchal society. Shojo manga offered to a reading community of girls a place to share the difficulties of adolescence as well as an alternative to the image of girls purveyed by the media to boys and men. *Passionate Friendship's* close literary and visual analysis of modern Japanese girls' culture will appeal to a wide range of readers, including scholars and students of Japanese studies, gender studies, and popular culture.
