Curandero / Witch Doctor Jonah Becker,2012-04-16 The evil Mexican drug cartels sweeping across the Rio Grande into the isolated ranch lands of West Texas are on a violent collision course with Quaid, the innocent young crack-shot cowboy and with the wise old desert shaman, Achai. This is a classic action drama set in the old West, but in the 21st Century. The location, the isolated desert ranch lands of the Trans Pecos region of West Texas, along the Rio Grande border with Mexico. Here the ranchers live a lifestyle in many ways unchanged since the days when the gun was the law. The people clinging to their traditional lifestyle at the edge of the desert rely upon their horses, their knowledge of the wild and in some cases their closely guarded, shamanist powers. The drug running tidal wave sweeping up from Mexico, driven by ruthless and violent cartels, intrudes on this slow and guarded way of life. A violent confrontation is inevitable. The story centres on Quaid, a young man living on his father's ranch with his widowed mother and an elderly Mexican shaman or curandero. Their lives are changed forever by the intrusion of the Cartels. Quaid's naive interference with the activities of the drug cartels makes him their target. He has something that the cartel desperately wants to recover and nothing is allowed to stand in their way. Quaid is forced to rely upon his wits, his skill with a rifle, his faithful horse and the timely intervention of Achai, the wise old shaman, in order to escape with his life. Achai summons his ancient wisdom through the use of hallucinogenic plants and his deep connection to the wild creatures of the canyons. Quaid's actions lead to violence and bloodshed and the loss of innocent life, but also to a test of loyalty and a rite of passage for the young man. This is a fast-paced modern story with a unique hook to the plot and an outcome that would fit right in with the best stories in the Western genre.

Letters from the East Malcolm Barber, Keith Bate, 2013 This volume presents translations of a selection of the letters sent by crusaders and pilgrims from Asia Minor, Syria and Palestine. There are accounts of all the great events from the triumph of the capture of Jerusalem in 1099 to the disasters of Hattin in 1187 and the loss of Acre in 1291. They convey the immediacy of circumstances which were frequently dramatic and often life-threatening, and show us the feelings of those who lived in and visited the crusader states. Some of the letters translated here are famous, others hardly known, but all offer unique insight into the minds of those who took part in the crusading movement.

The Assassin Legends Farhad Daftary, 1995-07-15 For hundreds of years Westerners have been fascinated by stories of the Assassins, their mysterious leader and their remote mountain stronghold at Alamut in Northern Iran. The legends first emerged in the 12th and 13th centuries, when Crusaders in Syria came into contact with the Nazari Isma'ilis, one of the communities of Shi'ite Islam who, at the behest of their leader Hassan Sabaa (mythologized as the Old Man of the Mountain), engaged in dangerous missions to kill their enemies. Elaborated over the years, the tales culminated in Marco Polo's claim that the Old Man controlled the behaviour of his self-sacrificing devotees through the use of hashish and a secret garden of paradise. So influential were these tales that the word assassin entered European languages as a common noun meaning murderer. Daftary traces the origins and early development of the legends - as well as investigating the historical context in which they were fabricated and transmitted. As such, this book reveals an extraordinary programme of propaganda rooted in the medieval Muslim world and medieval Europe's ignorance of this world. This book also provides the first English translation of French orientalist Silvestre de Sacy's famous 19th-century Memoire on the Assassins.
